Mr Speaker —Now, I just want to see what is the rule position. Now, a Member has been suspended Can this Question, standing in his name, come up in House?

Sri M. Baga Reddy —The Minister has already read the Answer Mr. Speaker —That I am not disputing. But, what has to be done under such circumstances?

Sri Ch Rajeswara Rao —Everything and anything not mentioned in the Rules comes under "Speaker's discretion".

Mr. Speaker —Perhaps, I might be doing injustice to the Member (Sri V Rambhupal Chowdary Cong-I), in whose name this Question stands as (for reasons of his suspension) he would be deprived to put any supplementary, if he so chose.

A Member in whose name the Question stands may ask for its postponement or even might like to withdraw it That he cannot do now. We may consider this aspect from academic interest as well as from rule position. The Member continue to be outside the House In that situation whether I can take up that Question?
Mr. Speaker.—This was to be much earlier than suspension.

... Everybody knows he is under suspension. I may allow supplementary, if I am satisfied.

Sri Ch. Rajeswara Rao:—You have discretion to allow. We are interested to have more information (on Rayalaseema) through supplementaries.

Mr Speaker—Here with situation is, only a sole Member has given notice for this Starred Question. There is no other name along with his.

Sri Ch. Rajeswara Rao:—The Question is already printed. It was listed in today’s business. The Minister has answered. This has now become the property of the House. The Speaker is here. He has discretionary powers. He may allow.

Not only this, but you were kind enough to allow the Minister to proceed with his reply to that Starred Question.

Mr Speaker— I will give.

So far as the point whether the question of a suspended Member can be answered or not, I would to say that the House has got every right to ask and the Hon Minister should reply.
Mr Speaker —I am not stopping the supplementaries.

Sri Ch Rajeshwar Rao —There is no problem for assistance. The Speaker is very well known. He also knows the solution. It is only a question of understanding. The Speaker has full right.

Mr Speaker —That right is there and I am going to exercise it judiciously. Such typical situations come rarely in the House and on those occasions senior Members like Mr. Omkar, Mr. D K Samara Simha Reddy and Sri Bapu Raju should come to my rescue.

Sri Ch Rajeshwar Rao —The light that has already been thrown is sufficient.

Mr Speaker —I am not satisfied.

Sri D. K. Samarasimha Reddy —Sir, I have examined the Rules. Whenever a Member is suspended, under the Rules there is no prohibition or embargo that the questions that have been put by the Members should not be taken up by the House for discussion. Under those circumstances, Rule 49 has to be taken into consideration, i.e., you must treat the Member to be absent.

I am giving an analogy. Under Rule 300 they have been suspended. Suspension of a Member, either under 300 (2) or 300 (3) does not connote or does not give a specific direction saying that all the business that stands in the name of the Member, either by way of questions or by way of notices or anything, stands cancelled or suspended. Nowhere the Rules make that point clear. The Rules also specifically and categorically do not come forward by way of an embargo also prohibiting the House from taking that business. Under such circumstances, we have to invoke the provisions of Rule 49. As suspension does not mean punishment for a Member, he must be taken to be a Member absent in the House. In the circumstances, a Member being absent in the House, any other Member can be permitted to...
raise it. I invite your kind attention to Rule 49, which relates to question of absent Members. “On a question being called it is not put or the Member in whose name it stands is absent, the Speaker, at the request of any member, may at any time before the House enters upon the other business direct that the answer to it be given.”

Mr Speaker —Again the choice is mine.

Sri Ch Rajeshwar Rao That is the only solution.

Mr Speaker —The question has become the property of the House. He is functioning as a Legislator outside of the Assembly. His question has become the property of the House. It is a convention. It is a tradition. It has become the property of the House. Service to him by the House is also suspended.

Mr Speaker —That is obvious. All the services expected of a Member are also suspended. That is a well known point. In the beginning itself I have said that I wanted to take the opinion of the House. It is not that I am stopping the supplementary. What would be position if a Member is suspended? I have given an order of suspension and he has withdrawn. When such a situation has arisen, can his question be put? For that we have the Parliamentary Procedure by Erskine May where in it is clear that notices in the name of a suspended Member are removed......

Sri Nallapureddi Srinivasulu Reddy:—You have not already circulated.
Mr Speaker — You are standing on the technicalities. If the same situation arises tomorrow.

Minister for Excise (Sri P. Ashok Gajapathi Raju) — Sir, it is a rare incident where a Member gets suspended. Such an action is very, very rare. Probably the framers of the Rules might not have applied their minds to it seriously and framed the Rules in that direction.

Mr Speaker:— The law is very clear. Erksine May is very clear. They have to be removed from the list. The only question is, when a Member is suspended, will he have the right?

Sri P. Ashok Gajapathi Raju — Absolutely, he has no right at all.

*** with drawn from the Chair.***
Mr Speaker:─Apart from the common sense point of view, from the legal sense point of view also, when a Member is suspended, certain things follow. They are side effects. Those side-effects have to be brought in now.

Sri P Ashok Gajapathi Raju:—They have to be brought in. There is no business standing in their name.

The Chair has inherent powers to change the decision taken earlier.

The main thing is, even from the common sense point of view.

Mr Speaker:—By the time we get it, it will be too late.

Mr. Speaker:—Get it amended immediately.

Sir, On behalf of Telugu Desam Government, I wish to reassure the Honourable Members of this House that this Government is deeply concerned with the economic development of drought prone and backward areas of Andhra Pradesh. We are aware that Rayalaseema is the largest drought prone tract in our State. We have identified...
irrigation as the primary instrument of development in chronically drought-affected areas. Our Government has mounted massive efforts to free the Rayalaseema Region from the bondage of backwardness and assure them durable relief from the vicissitudes of vagaries of nature.

Sir, we do not want to flout vaingloriously the catalogue of achievements of Telugu Desam Government which has benefited the people of Rayalaseema. But with all humility I have to submit to this august House, that within the last five years, in the Irrigation Sector, we have taken momentous decisions and feel proud that we are blazing the trails of economic freedom.

Comparisons are odious and we will refrain from apportioning blame. But the Honourable Members should, however, reckon the unstinted efforts of Telugu Desam Government, which has launched the Telugu Ganga Project with an outlay of Rs 843 crores, of which nearly 25% has already been invested. This single monumental work will benefit 325 lakh acres in Cuddapah, Kurnool and Chittoor Districts. I hope the Honourable Members will also appreciate the special efforts of the State Government in securing World Bank assistance for Srisailam Right Branch Canal. This project will have an outlay of Rs 386 crores and benefit 190 lakh acres in Rayalaseema. To alleviate the distress and economic deprivation of the chronically drought-prone areas of Anantapur, Dharmavaram and Yadiki canals have been taken up to benefit one lakh acres. It goes to the credit of this Government to have cut opened the Mittakandala ridge paving the way to release Krishna waters to Rayalaseema. The meandering Krishna has been guided to glide into Kundu Valley. The parched fields of Rayalaseema will turn ever green as never before in the history. This signals the fulfilment of a great dream and is an achievement of immeasurable historic significance. May I humbly submit to the House that we are not narrating sanguine hopes and pious intentions but informing this House of vibrant reality, which the prosperity of the area will soon bear testimony.

In the Minor Irrigation sphere, we distributed bounties in generous measure, constructing 657 tanks, registering four fold increase over the previous plan performance. For the first time, an innovation in Irrigation practice was introduced by an extensive network of 600 percolation tanks and innumerable check dams. The borewells in the Government Sector shot up from 268 in 1982 to 2,168 in 1988, giving a thrust to rural prosperity. We have also achieved 90% satisfaction in energisation of wells. During the last five years, we have successfully energised nearly one lakh wells vastly adding to the irrigation potential of nearly 5 lakh acres.

We are not resting on our laurels. In the same Rayalaseema region, several schemes are under investigation, involving an outlay of approximately nearly Rs 350 crores, which will benefit atleast 1½ lakh acres. I do not want to recapitulate in this House all statistical details of schemes, areas and the like, but suffice it to say that we will be firm in focus and unrelenting in our efforts. The allocations to Rayalaseema under Major and Medium Irrigation also under Minor Irrigation have been steeply stepped up. For instance,
upto the Fifth-Five Year Plan, the share of Rayalaseema in the allocation of Major and Medium Irrigation was barely 3.5%. From 1983-84 to 1986-87, the share has jumped to almost 25% and even this proportion has been kept up. This unparalleled quantum jump is proof of our commitment and dedication.

The Honourable Members are a witness to the detailed discussion that took place on 18th August for nearly four hours, two hours beyond the originally allocated time by the Honourable Speaker. When the Honourable Members spoke on the problems of Rayalaseema the Treasury Benches listened with rapt attention, without interrupting the proceedings even once. I and Honourable Chief Minister outlined in detail the actions being taken and proposed to be taken. A fervent appeal was made that Honourable Members should not regionalise or politicise issues of economic development of the State. It was categorically stated by us that the Government has been pursuing and will pursue a non-partisan and unbiased attitude towards the whole problem. We sincerely hoped that our assurances would have allayed unfounded fears and misapprehensions, which may have been entertained by some Members out of anxiety. All calculations about availability of water, existence of culturable area, engineering designs and technical feasibility in the ultimate analysis are subordinate to one great factor, the Human Will. Sir, we have the will and we will find the way.

On this very floor of the House, we had made specific references to resources and procedural constraints, which is slowing down the pace of progress. Telugu Desam Government is prepared to lead a delegation to the Centre to impress on them to provide additional resources and to remove the impediments so that execution of the projects does not become an obstacle race. These are no brave words but are heartfelt expression. I hope soon we will be able to take a team of Floor leaders to Delhi to represent our case personally. This will once and for all toll the knell of partisan politics in developmental effort.

If the Members for any reason feel that the issues have not been discussed in sufficient detail and there is still scope for clarifying misunderstandings, I welcome a further meeting of the Rayalaseema M.I.A.s. and other Members of the House. I will request our Engineers and Administrators to be present to assist the deliberations of the meeting. I assure you that if Honourable Members are interested such a meeting will be convened in the immediate future and all the issues could be discussed threadbare. This invitation is extended in the hope that such a meeting will remove all misunderstanding and help us forge unified approach to the chronic problem.

Let us be together and herald a new era in this great State of Andhra Pradesh. Let the radiant Sun in all its resplendent glory, flood-light the blooming fields and fill the granaries of parched areas of arid zones. May Sun never set in Rayalaseema, May Sun never set in Andhra Pradesh, May Sun never set in our Bharat.

Mr. Speaker, Sir, you must be rest assured that there will be no complications. I will give only one suggestion.

Sri D. K. Samarasimha Reddy —There is no complication I will only give a suggestion. Rather we must first congratulate the Irrigation Minister for cleverly seeking the assistance of some Doctor in English Literature for putting such big and fragrant words in his statement.
At the outset, I must congratulate the Hon'ble Minister for seeking the assistance of some literate or an English Professor for putting such bombastic and flowery words in his statement.

(Interruption)

I have stated what has been written here.

The statement is couched in that language. I would like to ask the Minister. What does this sentence mean?

Sri K E Krishna Murthy - I have mentioned thread bare about the projects.

Sri D K Samarasimha Reddy:-- Are we interested in solving the problem or provoking it? This statement provokes them. Kindly read the last sentence in the first para on page 4: "This will once and for all toll the knell of partisan politics in developmental effort." Irrespective of the party lines, they have been demanding the right rightful share for the region. This has not been happily worded. This statement provokes them. You can ask anybody. May I appeal the Irrigation Minister as well as the Members representing the Rayalaseema region through you to meet them and convince them on that.

(Interruption)

I am pointing out the sentence. Let me complete my suggestion.

Sri Ch Vidyasagar Rao --Sir, I am understanding it in a different way. I want a clarification.

(Interruption)
Sri D. K. Samarasimha Reddy —Sir, let me complete my suggestion. I would like to appeal through you to the Hon. Minister as well as the Members from the Rayalaseema region that the situation is slowly slipping out of control.

Mr Speaker —That is different

Sri D K. Samarasimha Reddy —What happened at Tirupathi? What is the situation there at Tirupathi? The students have boycotted the university. Let us not lead it further. Let the Hon. Minister for Irrigation and the Members representing the Rayalaseema region go and meet them, convince them and bring them back here. That is my suggestion. They can solve the problem.

Mr Speaker —At this point of time I am closing the entire thing. We will take up matters under Rule 304. In the meantime I will take necessary steps.

Sri Ch. Vidyasagar Rao —Let the Minister make an appeal.

Mr Speaker —He can also appeal.

You are at liberty to name the date.

N. B. — All the above 1407 Mss., which were reported to be pending as on 20th June 1987 have since been published completely from time to time by the end of September, 1987.
1988-89 Ganta Narsimha Reddy will wind up the discussion.—

Mr. Deputy Speaker.—Sri D. K. Samarasimha Reddy will wind up the discussion.—

Sri D. K. Samarasimha Reddy—Sir, there have been in all, eight, Demand before us out of which most of the discussion revolves round the Police Administration pertaining to the Home Department, Judiciary, to some extent, Railways; rest others though not to be called as insignificant also bear some significance. Particularly the Demands of Home i.e., Police Administration and Judiciary and Jails—the three are almost correlated. Before going in detail to the Demand books that have been submitted by the respective Ministries before this House, I would like to submit that most of my friends who spoke prior to me on this Demand have given out many figures, statistics which I would not like to repeat. But, I would like to put forward certain important figures which will definitely carry some weight or some importance for our deliberations here.

The edifice of Democracy is built on three pillars—Bhayamu, bhakthi and prema. Bhakthi and Prema have become almost scarce. The third one which has been holding this edifice though I do not agree that it should be the only pillar that must hold this edifice, but still the situation has led to that; at least that pillar should be maintained with all its strength. Any erosion into that institution which is the law enforcing machinery and the coercive apparatus at the disposal of the Government, if the institution is deteriorated or in roads into the impartiality of the institution are made or if the force is reduced to that of a private army or mercenary force, then the confidence of the people will break My humble submission is, year by year figures when examined we have to bear three salutary principles in our mind. I am reminded of three sayings of three great men on these three Demands You know about Augustine After the Home Ministry is taken over by the present Home Minister this Demand is coming up for discussion for, winding up. I had no opportunity to wind up because it was closed without winding up last year What Augustine said was—I think it will be appropriate for me to quote it in Latin itself.
What is Empire? What is empire without justice? It is robbery on a grand scale.

When it comes to the question of justice coupled with coercive apparatus, Cicero said.

"Silenti Legis Interarma"

When arms speak, all laws are silent.

When it comes to the Judiciary, "Jus Dicere Et Net Jusdae" Judges only declare the Law, but they do not make the Law.

Why I had to quote these three maxims is for the reason there are lot of bearing on our deliberations of these three demands particularly. Tracing the events chronologically, taking up the Home Department crime wise, keeping all the past experiences, the Government appointed one of the reputed Police Officers to find out the ways and means, to find out the methods to probe deep into the functioning of the system and evolve a method so that the system can be improved, so that the impartiality of the institution is kept up, so that the respect of the Department or the institution is not eroded.

Why I do say this is, I treat the Police Department on par with the Judiciary. The common man generally expects justice even from the lowest rank of the police. The only one who can afford to go to the Court alone goes to the judiciary When the common man thinks of having justice even from the lower rank of the law enforcing machinery and the coercive apparatus at the disposal of the Government, it is our prime duty and it is the fundamental duty on the part of the Government to see that the impartiality of the institution or the confidence on the institution's impartiality is not shaken. They may put it as administrative acts or administrative actions. But still, that also has to be borne in mind and kept in view—as I said the impartiality point. It must be not given an impression to anybody that a sort of discrimination or scope of discrimination has been given room for.

Sir, the senior Police Officer and a most respected Police Officer who headed that task of finding out the ways and means has submitted his report in the year 1985—but not implemented. Sir, on its major recommendations except some inconsequential items alone have been taken care of. The most important was the constitution of a Security Board. This Security Board as recommended by the Commission in its report was that it should consist of all political parties and also people from distinguished careers.

None of us know as to what is the fate of that Board—whether it has been constituted or not, if constituted whether it has been functioning or not. None of us know anything about it, Sir.

The Commission also recommended certain set guidelines, with regard to recruitment of police personnel, besides the promotion of constabulary. Commission also laid emphasis on a very important aspect that was to strengthen the Forensic Laboratory, to help detection of crimes.
While coming to the question of administering of justice, the Commis-
sion suggested that essentially there must be one public prosecutor for each
court.

I will not go into the details of all the recommendations but it would
be in fitness of things, if the Recommendations of the Commission are
sincerely implemented at least now, and see that the impartiality which has
been so much eroded is restored, and the institution which is almost on the
brink of collapse survives.

When we look into crime figures, they are on the increase year by year.
If in the year 1985 the total number of crimes committed was 60,201; in
1986 it went up to 60,404, and in 1987 to 68,748.

Only last night the matter of "atrocities on women", has been discussed
in the House and a statement was made by the Minister. Every member
who spoke expressed his concern on the increase in the cases of atrocities on
women.

Now, when we come to lock-up deaths, it is another sad chapter. While
lock-up deaths were only 6 in 1983, 7 in 1984; 11 in 1985; and 12 in 1986,
it rose to 21 in 1987, and till May 1988 it is 8.

When we see the figures of 'murders' — they are simply horrible.
In

1983 — 1401
1984 — 1591
1985 — 1598
1986 — 1620
1987 — 1771
1988 — 1073 (till May end).

These figures speak of themselves. This is the state of affairs of
heinous crimes. Steps should be taken to see that this unfortunate situation
does not exist, and reasons for the increase in these cases should be probed,
and Police should see that feuds and gangsterism is put an end to.

When we go to the root of inefficiency and indifference of Police force,
we find that number of 'postings' and promotions are given based on certain
set notions, keeping some of them on the loop-line. Particularly, there are
two Districts — Krishna and Guntur — which are the topics of the day.
It is an accepted fact that postings here are given (perhaps it may hurt the
honourable Minister) only at the behest of Party cadre Please do not
forget whether you are in power or we (Congress) are in power, the institu-
tion goes on, and let us also not forget that 'impartiality' should be observed
at all time and under all circumstances, otherwise the consequences are well
known to everybody. But, what goes on, unashamedly and unabashedly
will demoralise the police force and destroy the institution. For instance,
hitherto, the transfers and postings of SPs was with Director-General Police. Now, the DGP has surrendered this power, or rather is away from him. Now, the DGP is not even consulted before the transfers and postings of SPs is made. He knows about these transfers when he receives a post copy marked to him after transfers are made after the incumbent takes over charge. You may infer yourselves, all these things are leading to.

Once, I raised the issue under a supplementary, on the statement by the honourable Minister, questioning the validity and legal sanctity of 'Maitri Sadassulu.' What is the authority to invite personnel from other departments and walks of life and hold this sadassulu? The Governor has no authority to do it. The Home Minister is labouring under an erroneous impression, that he is the 'Head' of the Department, whereas in fact Head of Department is the Director-General of Police. NOT the Home Minister. Under the Indian Penal Code, under the Criminal Procedure Code, under Police Act, the Home Minister cannot interfere with working of Police Department, particularly in its work of investigation. You may refer to these codes and correct yourself.

I would like to bring one instance of highhandedness of Police to notice of Home Minister. In Alampur, three innocent persons were booked at the behest of some 'local politicians', and were remanded to judicial custody. The Police, the DSP knew they were innocent, and then they arrested 'real' culprits, while the innocent people were languishing in jail. What happened you know. Everybody would be ashamed and surprised. Whole the real culprits were left off, the innocents were still in jail. The Minister knew this in the Sadassulu but his 'inaction' is atrocious.

Complaints are pouring in almost from all the Districts that this Sadassulu has become a partisan affair, and undue influence is brought by party cadre. They are interfering in the matter of investigation, in framing charges even in the matter of justice. Unfortunately, the Chief Minister is not aware as yet. Otherwise, he would have appreciated my point. As I find looking at him) he is also responding to my very reasonable points. request the Home Minister to put an end to all these obnoxious practices. You are a Home Minister — You have got an opportunity. Try to keep yourself on a high pedestal — at a place where you really deserve to be. not descend to lower levels which are not meant for you. According to the bio-data supplied to us, you have good professional background. Try to keep it up, and be away from narrow caste, and party politics and par par attitudes. Behave in an exceptional and exemplary manner.

Sri S Ramachandra Reddy — The Honourable Member may speak as the Government, but not personally against a person (Home Minister).

Sri D K Samsunna Reddy — I am sorry, Mr Ramachandra Reddy, not in a position to understand me. I hope the Minister has understood very well.
I would now point out at another aspect of police department, with re-
to promotions and postings. You are creating number of insen-
sary to favour some of your favourites. I would just quote one instance
to favour one of your 'man', you had to promote four D I Gs, out of
This meant you had to create nine posts of D I Gs. What a finan-
ial it would be on the exchequer, have you ever tried to calculate? And
this just to favour one person.

If you look at the lower ranks. Their meagre T A and D A cannot be
in time, as you do not have sufficient money. There are no furni-
ture in police stations, no stationery articles are supplied to them, but you go
creating such higher posts. Not only this, you have no provision to
ply food to the under-trials. They are required to get the food from their
es, or if they are very poor people, the S H O has to arrange for them.
From where can the S H O provide food to these under-trials? Can
feed these people out of his salary. No, he has to depend on his
mools', and has to go on 'collection spree'. The witnesses, who are
ught by the prosecution are not paid any conveyance charges. There is
amount kept for this purpose. The expenditure on these items comes
4,000 to 5,000 per month at each police station. Then how are they to
this expenditure? The Government indirectly teaches them to meet this
ture through 'mamools', by pressuring the businessmen, by harassing
hotels and lorry owners, and other vehicle users. Is it fair on the part
Government and the Minister to allow such things to happen? Have they
n the thought wherefrom the money would come to feed the under-
ls, who will pay for the travel charges of the witnesses, etc. Therefore,
I must keep some provision for these expenses so that corruption and
air practices are minimised.

Now, when we come to 'Traffic Police', the less said the better. It is
ost an invading army to pounce upon the vehicle users on the slightest
text, and to extort money to fill up the coffers of the Government to pay
aries of these traffic policemen. Nobody, no vehicle user, particularly
motorists and the two-wheelers are sure of passing a day without being
anned on one or the other filmsy ground. As sober a person as
Ramachandra Reddy (M.I.A.) was forced to take a ticket (challan) even
ugh he disclosed his identity and argued that he was not at all he was
t left off. Even persons like Air Marshal, I H Iteeef (Retd) was not
red. He was flabbergasted, at the attitude and behaviour of Hyderabad
ffic Police. Even the amounts so collected by the Traffic Police are mis-
propriated. Only at one traffic centre an amount of Rs 21 lakhs was
propriated. Even for mamools there is a fixed quota. Why do you
it put an end to these 'lock up deaths', the encounter deaths', these 'fake
ffic challans', and regular 'mamools' and extortion of money by Police
ecently, I read in the Newspaper that the DGP issued a statement con-
mning the Police Associations. I would read from Andhra Jyothi of 11th
1988 (This statement was carried by almost all the papers subsequently)
11-7-1988 ఈప్పుడు ప్రమాణం కేంద్రం నుండి సాహిత్య నిర్వహణ కార్యక్రమంలో నిలువు పొందితుంది. ఇది ఒక నాటి ఉపయోగించుకోవచ్చు. ఈ పాఠకారులు ఉపయోగించిన కార్యక్రమం కొనసాగించాలి.
I have read only a portion of it, for a limited purpose to show that all is not well with your (Police) Department. It is an admitted fact, by your own party men and by your department people, that for each and everything a 'quota' is fixed — be it petty cases, encounters, deaths or traffic challans. If this is true, there is nothing more shameful than this in a democratic society. The Minister may take appropriate steps to put an end to this.

With regard to the service matters. Some of these officials went even to Supreme Court to exercise their rights. Supreme Court gave orders in their favour, but the Government does not implement them. Why should people who have been discharging their duties legitimately and sincerely should be harassed, and put under suspension, forcing them to seek justice from courts. Even court orders, when they are in their favour, you do not implement. You should not act with vengeance. You must treat court orders with all respect which is due to them.

I may just quote one instance of large-heartedness of Dr. M Channa Reddy. During the Telangana Agitation, Dr. Channa Reddy was arrested by a top Officer, (who is now in State Government). When Dr Channa Reddy became Chief Minister he did not wreak vengeance, but treated him with due respect, whereas our honourable Minister (Dr Siva Prasad Rao), when arrested (while he was a Legislator) by an Officer had to face suspension after he became Minister. The story behind suspension, everybody knows He had to go to a Court of law. The Court struck down the orders of suspension, but the Minister, the Government did not implement it. The Officer was forced to file a contempt petition against the D'CP and the Home Secretary. It is only those who are faithful to the interest of his Party that thrive and those who discharge their duties faithfully do not survive, and have to face, transfers, suspensions and demotions. There have been several instances of this type.

Coming to recruitment issue — 400 Sub-Inspectors are going to be recruited, whereas you have facility to train only 150 Sub-Inspectors. Again Ramachandra Reddy Commission has given specific guidelines. Are you following those guidelines in this respect? If you do not have facility for so many people, what would happen? You would give superficial and haphazard training. What type of duties you may expect from such half-baked Sub-Inspectors?

Police Academy is a non-starter, though the Chief Minister laid the 12-30 as foundation stone with all fanfare.

There are political overtones in everything. The machine men are thriving and criminals are taking shelter under the majority party. It is leading to 'criminalisation' of politics, and their tribe is increasing. This is a dangerous trend. You have got an Intelligence Wing. You try to ascertain the antecedents whether they had been involved in any crimes. If you want to have fair people, people who believe in Democracy, then do not encourage such people who are after destroying this institution.
Then there is the Police Housing Corporation. Till recently it was headed by Departmental Officers. I do not know why a non-official has been appointed to head this. What are his qualifications that he was found fit or with what wisdom? You do all sorts of things. But, I caution you. Do not meddle with the law and order machinery. It will recoil on you. It must be used in a very cautious and disciplined manner. How much are you paying to this non-official. What is the expenditure on him? You are simply tarpeging the housing scheme meant for lower cadre.

Now, take the law and order situation. You have to deploy the APSP for ten months a year. What is the result? They are away from their homes, from their family, from their children for ten months in a year. Can you imagine, how much they suffer, what hardship they encounter? This results in their demoralization, and 'Bhimlas' are born, the one who ran away with service rifle while on duty. This force which needs to be employed for ten months in a year does not have proper training, and their health suffers. It affects discipline and morale. Any more Bhimlas are created.

In these five years we are seeing that whenever an offence takes place, the offenders would roam without fear and it is the victims who run away with their kit. Nobody knows where it has gone. This Prabhakar has been left it. I am quoting just an instance where the recovered property is so appropriated or misappropriated. Who is this Prabhakar? How is he connected with the SP? If we go deep in this issue, things will be clear. But who is interested to arrive at truth?

The Departmental Officers 'virtually' have to function not under their superior officers rather they do not receive orders from their superiors but from the Party cadre. This is a very unfortunate situation, which would ultimately destroy the institution.

In these five years we see the drug menace is on the increase. You visit any school in twin cities (of Hyderabad and Secunderabad) you find the drug peddlers who are making the students addict and spoiling their health. It is not as if the Police Officers do not know this. They know where this is taking place and they also know the persons who are doing this. They very well know these people of underworld. The Department appears to be appeasing and for some reason do not take any action to save the youngsters from this killing addiction. I hope the Minister will issue suitable instructions to check this menace.
Sir, in this link of home and judiciary, now I would like to go to the judiciary. If we take up the pendency of cases, I have the figures up to 1986 — the Hon. Law Minister might be having the latest figures. Original suits 1,73,550, small cause cases 11,270, appeals 18,352, C.Ps 41,642, and L.Ps. 1,366. The Law Minister has come out with number of courts, number of Government Pleaders and number of Assistant Government Pleaders, but the figure is swelling. The most acceptable norm in the judiciary for the State is 'Interest of the Republic is to put an end to litigation', but if we take the figure of O.Ss and C.Ps., they are swelling. The Hon. Minister knows very well the reason for this swelling and increase, how to reduce it and how to make the person, who is in need of justice to tap the doors of justice and have justice. Already number of times the court fees aspect has been discussed on the floor of the House. The court fees should not be taken to be a source of revenue by the Government. When Sri Ayyapureddy was the Minister for Law a statement was made on the floor of the House, I am sure the present Minister for Law will also very well appreciate it, that the court fees will be reduced, but till now no action has been taken. We do not know the stage of the Advocates' Welfare Fund Act and when it is going to be implemented.

When it comes to the question of translating the Acts, when the Central Acts are translated, the State Government pays eight paise per page, whereas the Union Government pays eighty paise per page, i.e., a profit of seventy-two paise is made on each page translated. Now the State Government has requested the Union Government for rupee one and paise sixty per page whereas they pay only eight paise per page. (Bell)

Sir, as you want me to complete it quicker, I will just conclude by making a submission to the Hon. Home Minister. I am reminded of a Spanish Bull Story. This bull is considered to be a symbol of sin and a game is enacted with red cloth. The person who enacts the game is called Matador. The bull is let loose here and the matador has to swing into action with red cloth. I am sure the sin bull will soon be annihilated with sickle and hammer. I hope the Hon. Minister will appreciate the story which I have said.

Sri C. Ramachandraiah (Cuddapah) —Sir, the Matador is provoking the bull.

Sri D K. Samarasimha Reddy:—You think that there is a bull. Who is that bull? Thank you, Sir.
Dr. K. Sivaprasada Rao:—I am thankful to you. We will try and we are doing already. 1928-29 was the saddest year for the students at the College.

Dr. K. Sivaprasada Rao:—I am thankful to you. We will try and we are doing already. 1928-29 was the saddest year for the students at the College.

Dr Mohd. Vizarath Rasool Khan (Asifnagar).—Sir, in the I.P.S. our community is only 1%. Through the recruitment by Public Service Commission, it is almost nil. In the cadre of Sub-Inspectors and Inspectors they are a minority though there are some in the lower category. Though efficient, they are deprived of their promotions. They are posted in unimportant places like Transport and Special Branch. They are never given postings in the Law and Order. In the matter of recruitment to the posts of ACPs, Muslims were given a test and they were deprived of promotions on flimsy grounds like chest not proper and height not proper. Therefore, I suggest
to the Hon. Minister to consider all these aspects and see that in the Recruitment Board and Selection Committees representatives of minorities are represented so that they might take interest of the community. In the interest of National Integration and the fifteen point programme, I suggest that some of the representatives of the minorities are there and some percentage is allocated for the recruitment to 400 vacancies. Not a single D.C.P is there in Law and Order. One was there but he was transferred.
