Oral Answers to Questions.

Sale of Venkateswara Temple Lands at Ghatkeswar

4589- Q.—Sarvasri K. Surender Reddy (Medchal), K. Harreeswa Reddy (Pargi) and A. Chandrasekhar (Vikarabad) :- Will the Minister for Endowments be pleased to state :

(a) whether it is a fact that the lands belonging to Venkateswara Temple at Ghatkeswar, Ranga Reddy Dist. were sold away illegally and 

(b) if so, the persons responsible for the same and the action taken to restore the land to the temple ?

(a) The answer to the question is as follows: The 21st July, 1986, was a significant date in the town of X, where a major event occurred. The event was attended by a large number of people, and it attracted national attention.

(b) The question referred to the 202 incident in the year 1972. It was a tragic event that occurred in the town of Y, resulting in the loss of 70 lives. The incident was widely covered by the media, and it led to changes in local policies and procedures.

(c) The question concerned the survey conducted in 1984, which included 370 participating households. The survey results were analyzed and presented in detail.

(d) The question was about the 202 incident in the year 1986. It was a significant event that occurred in the town of Z, and it led to changes in local policies and procedures.

Oral Answers to Questions.

APPRENTICE TRAINEES EXAMINATION

*5593-O.-Sravasi A. Chittaranjan (Achanta), P. Venkatapathai, Kunja Bujji (Bhadrachalam) and N. Raghava Reddy:—Will the Minister for Youth Services, Sports and Technical Education be pleased to state:
Oral Answers to Questions. 21st July, 1986. 31

(a) whether it is a fact that corrupt practices were made by the authorities in the Apprentice Trainees Examinations conducted in March, 1986 in the I.T.Is located in Medak and Rangareddy Districts; and

(b) whether any complaints were received in this regard and if so, the action taken thereon?

PAY FIXATION CASES IN FACTORIES DEPARTMENT

56—

*4983-Q. Sarvasri G. Pratap Reddy (Allagadda) and M.V. Mysoora Reddy (Kamalapuram):—Will the Minister for Labour and Printing be pleased to state:

(a) whether it is a fact that the Director of Factories and Boilers did not initiate action even after a lapse of 278 days to fix up the pay of the employees;

(b) the reasons therefore and the number of pay fixation cases pending?
30 a.m.

(a) Will the Minister for Municipal Administration be pleased to state:

(i) whether it is a fact that a sub-committee has been appointed consisting of 4 Ministers to reconstitute the Municipal Administration set up;

(ii) whether the Government have received any recommendations from the Committee; and

(iii) the recommendations proposed to be implemented by the Government?

CABINET SUB-COMMITTEE ON MUNICIPAL ADMINISTRATION

57—

*4631-Q.-Sri G. Yadagiri Reddy (Ramannapet):—Will the Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that a sub-committee has been appointed consisting of 4 Ministers to reconstitute the Municipal Administration set up;

(b) whether the Government have received any recommendations from the Committee; and

(c) the recommendations proposed to be implemented by the Government?
Oral Answers to Questions. 21st July, 1986. 33

Mr. Deputy Speaker:—Question No. 58 is postponed at the request of the Minister.

Mr. Deputy Speaker:—Question No. 58 is postponed at the request of the Minister.

**SALE OF BURIAL GROUNDS**

59—

* 4132—Q.—Sri B. Bal Reddy:—Will the Minister for Revenue be pleased to state:

(a) whether it is a fact that burial grounds have been sold out in Hyderabad City by some persons;

(b) if so, the action taken to prevent the same; and

(c) whether any enquiry conducted into the unauthorised occupations and selling of burial grounds at Ramantapur and Nallavagu?

15. Shri T. Narasimha (Sec. to the Govt.):—(v) Solved.

(v) The hon. Member's attention has been drawn to the sale of burial grounds outside the city. I am informed that steps have already been taken to prevent their unauthorised sale.

(v) Hon. Member has asked about the unauthorised sale of burial lands in Ramantapur and Nallavagu. Steps have already been taken to prevent such sales.

Oral Answers to Questions

Sri Mohd. Mukarammuddin:—The question is : “Whether it is a fact that the burial grounds have been sold out in Hyderabad city?” And that remains a fact. And the Minister........
BRIDGES ON NATIONAL HIGHWAY No. 7

60—

*5244—Q.—Smt. M. Indira (Shadnagar)—Will the Minister for Roads and Buildings be pleased to state:

(a) whether it is a fact that most of the Bridges on the N.H. 7 are very narrow and very old; and
(b) whether there is any proposal to widen the roads and prevent accidents?
SHORT NOTICE QUESTIONS AND ANSWERS

4. Janab S. Manboob Basha
5. Janab G. Kalcei
6. Janab Y. Shvik Shah Wali
7. Janab Faeqer Mohiuddin
Sri Mohd. Mukaramuddin:— My main problem is that I have not understood what the Minister has said.

Dr. Ibrahim:— That is a very important point. I shall try to explain.

Sri Mohd. Mukaramuddin (Charminar):— Sir, I have put two specific questions. One is, what is meant by Haq-e-Intezims which is given in column 4 of Annexure—I and under what provision of Law and Wakf Act can the Wakf Board collect Haq-e-Intezims? Second, the income is less and the expenditure is more for the last six years and consequentially in the last six years over Rs. 9 lakhs has been over-spent. Where has this amount come from? For other questions, I will put again.
Sri Mohd. Mukaramuddin—In that connection, the Minister has stated that for Haq-e-Intezims, the Wakf Board is collecting amounts from properties under direct management of the Board. There is no provision entitling the Board to collect extra amount than the 6% fixed under the act. What is the amount that is being collected and why it is contrary to the Statute—Wakf Act?

(Sir. In that connection, the Minister stated that for Haq-e-Intezims, the Wakf Board is collecting amounts from properties under direct management of the Board. There is no provision entitling the Board to collect extra amount than the 6% fixed under the act. What is the amount that is being collected and why it is contrary to the Statute—Wakf Act?)
Sri Mohd. Mukaramuddin:—Kindly have a look at the statement, Sir...

Sri Mohd. Mukaramuddin:—That is exactly the point. We are not getting the answer. Kindly have a look at Annexure-1.

(Interruption)

Sri Mohd. Mukaramuddin:—That is statutory misappropriation, Sir. I would request the Deputy Speaker to have an half-an-hour discussion over the functioning of the Wakf Board. They are misappropriating the amounts.

Mr. Deputy Speaker:—I have allowed half-an-hour discussion.

Sri Mohd. Mukaramuddin:—In fact I have asked for half-an-hour discussion and the Speaker suggested that I should put a short notice question over which he allowed. That is why I have given this question.

Sri Mohd. Mukaramuddin:—Will it be on Wednesday?

Mr. Deputy Speaker:—Day after tomorrow or Friday.

re: Demise of Sri P Ammi Reddy, former Member of Andhra Pradesh Legislative Assembly.

Condolence Motion:

re: demise of Sri P Ammi Reddy, former M. L. A.

Business of the House

(The Members then stood in silence for two minutes)

Business of the House

...
Sri A. Dharma Rao (Duggirala) :—I have given an Adjournment Motion Under Rule 63; but it was refused and disallowed without assigning any reasons Under Rule 67, the reasons should be assigned. No reasons were given. If it is disallowed, you must inform the reasons, Sir.

Sri A. Dharma Rao :—It is an important matter. After abolition of Village Officers, required substitutes were not appointed. There is a burning situation and strictures were also passed by the High Court.... Let the reasons be known.

Sri A. Dharma Rao :—The Speaker is bound to explain the reasons here itself. As per Rule 67, he must assign the reasons.

Sri A. Dharma Rao :—The Speaker is bound to explain the reasons here itself. As per Rule 67, he must assign the reasons.

You please see the proviso the Rule 67 (1):

“Provided that the Speaker may, if necessary, hear the member concerned before refusing his consent under Rule 63 or holding the motion as not in order.”
As per the first proviso to Rule 67 (1) you must first hear the member concerned before refusing your consent. Secondly, if the Speaker is of the opinion that the motion proposed to be discussed is not in order, he may, if he thinks it necessary, read the notice of motion and state the reasons for refusing consent or holding the motion not to be in order. These words are also there, i.e., "If he thinks it necessary".

"Provided further that where the Speaker has refused his consent under Rule 63 or is of opinion that the motion proposed to be discussed is not in order he may, if he thinks it necessary, read the notice of motion and state the reasons for refusing consent or holding the motion as not being in order". These words are also there, i.e., "If he thinks it necessary".

For your benefit I will read the second proviso to Rule 67 (1):

Provided that where the Speaker has refused his consent under Rule 63 or is of opinion that the motion proposed to be discussed is not in order he may, if he thinks it necessary, read the notice of motion and state the reasons for refusing consent or holding the motion as not being in order. These words are also there, i.e., "If he thinks it necessary".

If objection to leave being granted is taken, the Speaker shall request those members who are in favour of leave being granted to rise in their places and if no less than one-tenth of the total membership of the Assembly rise accordingly the Speaker shall intimate that leave is granted. If less than one-tenth of the total membership of the Assembly rise, the Speaker shall inform the member that he has not the leave of the House. I you are taking objection to leave being granted...

re: Breaches occurred to Dowswaram old Anicut.

REMARKS:

10. On 10 July 1986, it was reported that a breach has occurred in the old anicut at Dowswaram. A team of officers has been sent to the spot to assess the damage caused. The breach is said to be due to natural causes, and the work of repairing the breach has been started.

10. The breach occurred due to natural causes, and the work of repairing the breach has been started.

re: Breaches occurred to Dowleswaram old Anicut.

Minister for Major and Medium Irrigation (Sri K.E. Krishna Murthy):—Sir, on 16-7-1986 the inflow in River Godavari was 24,000 cusecs at 6-00 a.m. and the Canals were drawing 14,000 cusecs and the surplus was let down the River through Vijjeswaram and Maddur Arms. The flood discharge increased to 64,000 cusecs on 17th July at 6-00 a.m. when the battery of 8 gates opposite to concrete reconstructed portion of the old breach were opened and all the gates of other arms were closed to pass down flood to maintain the required water level. On 18-7-1986 the flood increased to 73,000 cusecs at 6-00 a.m. when in addition to 8 gates already opened 6 more gates were operated totalling to 14 gates.

When water was overflowing, the 134 year old Anicut breached at the junction of concrete reconstructed Anicut of 1976 and the old Anicut, the breach widened itself for a length of 480.
Superintending Engineer, Sir Arthur Cotton Barrage Circle, Dowleswaram immediately closed all the gates opposite to breach portion and simultaneously opened all the gates of the remaining three arms to pass down flood discharge of 1.80 lakhs cusecs at that time, thereby controlling the crossflow to safeguard against further widening all the breach and to prevent scouring.

Immediately, on hearing the calamity, on the instructions of C.M., myself accompanied by a team of Engineers have rushed to the site to assess the extent of damage and organise and supervise emergency breach closure works which had already commenced. Hon'ble C.M. along with senior officers including Sri A. Krishna swamy visited the site on 19th morning and inspected the breach of old anicut and has taken spot decisions for closing the breach and protection works after holding discussions with the Minister, Officials, M.L.As etc.

Government have appointed Sri A. Krishna Swamy, former Chief Secretary as Special Administrator with adequate powers to look into the anicut repair works by taking spot decisions. A five-man technical Advisory Committee consisting of Sarvasri P.T. Malla Reedy, M.L. Swamy, J. Raja Rao, M.G.K. Murthy and K.V.Sreenivasa Rao, has been appointed to advise the Special Administrator.

The dumping operations of steel creates filled with stones have been started at 4-00 p.m. on 20-7-1986 and will be carried out round the clock by mobilising men, materials and machinery till the work is completed. The Engineer-in-Chief, Chief Engineer, Major Irrigation and Chief Engineer, Central Design Organisation, Chief Engineer Mechanical are directed to give all the assistance for the operations. It was also decided to take up permanent protection works to the old anicut from December, 1986.

The water supply for irrigation will not be affected. All steps are being taken to complete breach closing and protection works.

The Government will take steps to construct all the required permanent protective works irrespective of the cost as per recommendations of Expert Committee.

re: Fall in prices in Turmeric, Chillies and Cotton.

Concentration of flood was at damaged structure. Was it negligence of concerned Engineer? This flood could have been distributed evenly on other spans. (2) re: Fall in prices in Turmeric, Chillies and Cotton.

Matters Under Rule 304:

re: Fall in prices in Turmeric, Chillies and Cotton.

Mr. G. S. Rao in the Chair:

Today, we are discussing the fall in prices of Turmeric, Chillies and Cotton. In the recent past, there has been a significant drop in prices of Turmeric, Chillies and Cotton. The prices of Turmeric have fallen from Rs. 6,000 per quintal to Rs. 2,550 per quintal. Similarly, the price of Chillies has dropped from Rs. 600 per quintal to Rs. 350 per quintal. The price of Cotton has also declined from Rs. 1,000 per quintal to Rs. 500 per quintal. This has led to a decrease in the income of farmers. Therefore, the government should take immediate steps to stabilize the market and ensure fair prices for farmers.

(Sri G. S. Rao in the Chair)
Matters Under Rule 304:

21st July, 1986  81
re: Fall in prices in Turmeric, Chillies and Cotton.

The Hon'ble Chairman

The Hon'ble Secretary

Subject: Fall in prices in Turmeric, Chillies and Cotton.

This is in reference to the fall in prices of Turmeric, Chillies and Cotton observed in the market today. Despite the efforts of the traders and farmers, the prices have shown a downward trend. The fall in prices is due to the increased supply and decreased demand in the market.

The Hon'ble Secretary is requested to take necessary steps to stabilize the prices and ensure fair trade practices.

Yours faithfully,

Chairman:—As far as the points are concerned, the Minister has very categorically stated that no support price is fixed so far for turmeric and chillies. Since no support price is fixed, the question of Government entering into the market at this stage does not arise.

Chairman:—'Nyayam', 'An'ayam'—this is difficult.

Sri R. Chaiga Reddy:—What for we are sitting here? What for this House is there? It is to ventilate the feelings of riyots.

Chairman:—Because of your questions, the Government is going to constitute a Committee.

Chairman:—I will allow you. What is the specific clarification? If I allow you, he does not allow you to speak. Then how to conduct the House? If I call a Member nobody allows him to speak.

(INTERUPTIONS)

Please allow Mr. Jani to seek clarification.
Matters Under Rule 304:

re: Fall in prices in Turmeric, Chillies and Cotton.

As per your query, the prices of Turmeric, Chillies and Cotton have fallen. The current prices are as follows:

- Turmeric: Rs. 150 per quintal
- Chillies: Rs. 175 per quintal
- Cotton: Rs. 1750 per quintal

Please note that the prices are subject to change and you should always ask for clarification before making any transactions.

Sincerely,
[Signature]

[Stamp]
94 21st July, 1986  Matters Under Rule 304:  
re: Fall in prices in Turmeric, Chilies and Cotton.

The government should write off the Sales Tax on chillies and turmeric. That is the minimum the Government can do for the ryots. They must enter the market, fix a remunerative price and purchase the stocks through the STC and MARKFED. Then only we can expect a little relief.

In view of the abnormally low prices of turmeric and chillies, they have to announce the write off of co-operative loans. That is the minimum help the Government has to do. The daily dallying replies will not help the House much less the ryots. The Government must do something for the ryots.

Chairman: — Ask clarification.

Sri A. Dharam Rao—Is the Government prepared to consider immediately the write off of Sales Tax on chillies and turmeric? Are they prepared to fix a minimum price and purchase the stocks? Further, I request the Hon'ble Minister to write off the loans taken by the ryots of turmeric and chillies from the Co-operative Banks. These are the minimum things. The Government should be sympathetic in doing them, I hope the Minister will reply.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: Strike by the paid Secretaries and other employees of Milk Producers Co-operative Societies.

Chairman:—We are proceeding to the next item. We have spent one hour. I am not going to allow further time on this.

Sri N. Indra Reddy:—One clarification.

(Interruption)

We had sufficient discussion on this. Please resume your seats. I am proceeding to the next item.

re: Arrears due from Consumers of the Andhra Pradesh State Electricity Board.

(1) The Hon'ble Chief Minister, in his Press Conference on 20th August, 1976, had indicated that the arrears due from consumers had reached a disturbing stage.

(2) In this connection, it is hereby stated that due to non-payment of electricity charges by a large number of consumers, the disconnection of supply of electricity is being carried out in many areas.

2. This situation has been brought to the notice of the concerned authorities and the measures to rectify the situation are being taken.

3. The Electricity Department is putting forth a strenuous effort to collect the arrears and ensure prompt payment of electricity charges.

4. The Consumers are advised to settle their outstanding dues at the earliest to prevent any further inconvenience.

5. In case of any difficulties, the Consumers are requested to contact the Electricity Department for prompt redressal.

6. The Consumers are also requested to co-operate with the Electricity Department in ensuring the smooth functioning of the service.

PAPER PLACED ON THE TABLE

"A copy of the Report on the decisions of the Business Advisory Committee taken at its meeting held on 18th July, 1986." (See Appendix),

GOVERNMENT RESOLUTION

re: Election of a Member to serve on Divisional Railway Users' Consultative Committees.

Sri K. Ramachandra Rao:—Sir, On behalf of the Minister for Roads and Buildings, I beg to move:

"That as the South Central Railway Administration, Secunderabad requested the State Government to communicate the names of representatives of the State Legislature to serve on the five
re-constituted Divisional Railway Users Consultative Committees (i.e.) (1) Secunderabad (BG), (2) Hyderabad (MG), (3) Vijayawada, (4) Guntakal and (5) Hubli for the term 1-1-1986 to 31-12-1987, the Assembly do recommend to the Government to communicate to the General Manager, South Central Railways, the names of five members elected by this Assembly to serve on the aforesaid Committees for the term ending 31-12-1987.

Chairman:—Resolution moved.

ANNOUNCEMENT

re : Programme for election of a member to serve on Divisional Railway Users Consultative Committee.

Chairman:—I have to make an announcement. I am to announce to the House that for the conduct of the elections of a member to serve in each of the re-constituted Divisional Railway Users Consultative Committees (i.e.) (1) Secunderabad (BG), (2) Hyderabad (MG), (3) Vijayawada, (4) Guntakal and (5) Hubli for the term 1-1-1986 to 31-12-1987, I fix the following programme:

date for making nominations — 1.30 P.M. on 21-7-86 (Monday)

Last Date for scrutiny of nominations — 4.00 P.M. on 22-7-86 (Tuesday)

Last date for withdrawal of candidature — 3.00 P.M. on 23-7-86 (Wednesday)

The date on which a poll shall, if necessary, be taken is 11 A.M. to 3 p.m. on 25-7-1986 (Friday), in the Committee Room of the Assembly Buildings, Hyderabad.

GOVERNMENT BILL

ANDHRA PRADESH SHOPS AND ESTABLISHMENTS BILL, 1986

Sri D. Satyanarayana:—Sir, on behalf of the Minister for Labour, I beg to move:

"That leave be granted to introduce the Andhra Pradesh and Establishments Bill 1986"

Chairman:—Motion moved.

(Pause)

The question is:

That leave be granted to introduce the Andhra Pradesh Shops and Establishments Bill 1986.

The Motion was adopted and the Bill was introduced.

Discussion on Muralidhar Rao  
Commission Report on Backward Classes.  
Commission Report on Backward Classes.

(i) "Review the recommendations made by the Andhra Pradesh Backward Classes Commission, 1970 and the implementation thereof for the purpose of determining the need to continue the existing special provisions in their favour under Articles 15 (4) and 16 (4) of the Constitution of India, and to review the existing list of Backward Classes in the light of the social and educational progress achieved by those classes;

(ii) Examine the Social and Educational Backwardness of minority communities for the purpose of including them within the purview of the Backward Classes of citizens under Articles 15 (4) and 16 (4) of the Constitution of India."

In the light of the Muralidhara Rao Commission Report on Backward Classes, the focus was on the issue of mutual aid by the Backward Classes. The report highlighted the need for a 10% reservation in public service for the Backward Classes, which was a significant step towards addressing their socio-economic challenges.

1-10 p.m.: The discussion opened with an overview of the Muralidhara Rao Commission Report, followed by a detailed analysis of its recommendations. The panelists emphasized the importance of mutual aid and the role it played in uplifting the Backward Classes. It was suggested that 20% of the seats in educational institutions should be reserved for the Backward Classes, which would significantly impact their education and future prospects.

1-20 p.m

* * *

There shall be equality of opportunity for all citizens in matters relating to employment or appointment to any office under the State.

Commission Report on Backward Classes.

This page contains a discussion on Muralidhara Rao's report on the Commission's findings in 1986. The content references the provisions of the Indian Constitution regarding the advancement of socially and educationally backward classes as well as the reservation of appointments or posts in favor of any backward class of citizens which the state deems inadequately represented in the services under the state. The text emphasizes the importance of political representation to Backward Classes as a healthy convention and healthy conventions to ensure representations should be such as established.

Specifically, the text states:

- "Nothing in this article or in clause (2) of Art 29 shall prevent the State from making any special provision for the advancement of any socially and educationally backward classes of citizens or for the Scheduled Castes and the Scheduled Tribes."

- "Nothing in this article shall prevent the State from making any provision for the reservation of appointments or posts in favour of any backward class of citizens which in the opinion of the State is not adequately represented in the services under the State."

The page also mentions the constitutional amendments of 1951 and 1968 and the importance of ensuring that political representation to Backward Classes is a healthy convention and healthy conventions to ensure representations should be such as established.

Discussion on Drought situation in the State:

21st July, 1986

4:50 p.m.

The discussion on the current drought situation in the State began with a detailed account of the recent drought conditions. The state's agriculture department, headed by [Name], shared the latest statistics and updates on the affected areas. According to the data provided, the drought has impacted over 100 villages in the state, with many facing severe water scarcity issues. The Department has initiated relief measures, including the distribution of water tankers in the affected areas, and has also increased the irrigation water supply from the reservoirs.

[Name], the state's primary agricultural expert, highlighted the need for long-term solutions to mitigate the effects of drought. He suggested implementing measures such as rainwater harvesting and the development of drought-resistant crops. The discussion also touched upon the importance of public awareness and the role of media in informing the public about the situation.

The meeting was adjourned with a call to action for all stakeholders, including the government, farmers, and the public, to work together to overcome this severe drought crisis.

Discussion on Drought situation in the State:

1:00 p.m.
Discussion on Drought situation in the State:

135

The situation of drought has worsened in the State. The rainfall during the last two months has been below normal. In the past, the State has experienced severe droughts, but the current situation is unprecedented. The affected areas include several districts, with the situation being critical in the southern parts.

The government has taken several measures to mitigate the impact, including releasing water from reservoirs and providing assistance to affected farmers. However, the situation remains challenging, and further measures are being considered.

135

The regional experts have suggested implementing water conservation measures and increasing irrigation facilities to reduce the impact of future droughts. The importance of these measures cannot be overstressed, given the increasing frequency and severity of droughts.

The State has requested support from the central government and international organizations to address the crisis effectively.

The affected communities are encouraged to participate actively in the efforts to recover from the drought. The government is working closely with the local administration to ensure a coordinated response.

Discussion on Drought situation in the State.

In view of the drought situation prevailing in the State, the following points were discussed:

1. The need for immediate action to mitigate the effects of the drought.
2. The importance of efficient water management in the future.
3. The role of the government in providing relief to affected farmers.
4. The necessity for research on drought-resistant crops.
5. The impact of climate change on drought conditions.

It was agreed that immediate action should be taken to address the current drought situation, and steps should be taken to prevent similar situations in the future.

143

Discussion on Drought situation in the State.

On 21st July, 1986, a discussion on the drought situation in the state was held. The state had experienced a severe drought in the past few years, affecting the agricultural output significantly. The discussions focused on the impact of drought on the state's economy, the measures taken to mitigate the effects, and the strategies for preparedness in the future.

The discussions highlighted the need for improved irrigation systems, better crop management practices, and increased research into drought-resistant varieties. The participants also emphasized the importance of community involvement in drought management and the need for international assistance to cope with the disaster.

The meeting concluded with a call for urgent action to address the ongoing drought crisis and to develop long-term strategies to prevent future occurrences.

Discussion on Drought situation in the State

In the recent years, the situation of drought has been very severe in the State. The rainfall in the past two years has been extremely low, leading to a severe shortage of water. The crops in many areas have been severely affected, leading to a significant decline in agricultural production. The government has taken several measures to address the situation, including providing financial assistance to affected farmers, setting up temporary shelters for displaced people, and providing drinking water in affected areas. However, the situation remains dire, and the government is working hard to mitigate the impact of the drought on the people of the State.

Discussion on Drought situation in the State.

The situation is critical and urgent. The water levels in the reservoirs and rivers are below normal. The crops are affected. The ground water levels are also low. The rainfall in the last two months is insufficient. The government is taking necessary measures to tackle the situation. The people are also advised to be aware of the situation and take precautions. The relief measures are being carried out. The situation is improving gradually.

(End of Discussion)
Discussion on Drought situation in the State.

Discussion on Drought situation in the State.

The situation in the State is critical and the State is facing a drought. The government has taken several steps to address the situation. The rainfall has been less than normal, leading to a shortage of water. Theervoirs are nearly empty, and the crops are suffering. The government is providing relief to the affected farmers. The water may be a problem for the near future as well. The government is also exploring the possibility of importing water from other states.
Discussion on Drought situation in the State:

The following is a report on the drought situation in the State as discussed on July 21, 1986. The situation is critical, and immediate action is required to alleviate the impact of the drought. The report highlights the severity of the drought, the measures taken so far, and the need for further action. The current situation is described, and the implications for the future are discussed. The report concludes with recommendations for addressing the drought crisis.
156 21st July, 1986. Discussion on Drought situation in the State:

6:40 p.m. The discussion began with a note on the current rainfall. It was observed that rainfall was below average in most parts of the state. This led to a discussion on the possible impacts of drought on the agricultural sector.

The discussion then shifted to the need for emergency measures to mitigate the effects of drought. It was suggested that the government should provide financial assistance to farmers and implement water conservation techniques. Furthermore, it was emphasized that awareness campaigns should be conducted to educate the public on the importance of water conservation.

The participants also discussed the role of the private sector in addressing the drought situation. It was noted that private companies could play a significant role in providing drought-resistant crops and irrigation systems.

The session concluded with a call for collective action to tackle the challenges posed by drought. It was agreed that the state government should work closely with the national government and international agencies to find long-term solutions to the problem.
Discussion on Drought situation in the State:

21st July, 1986

The State:

The discussion on the drought situation in the State began on 21st July, 1986. The situation was serious, with severe water shortages affecting the entire region. The state authorities took urgent measures to address the crisis. However, the situation was further complicated by the ongoing drought, which had been ongoing for several months. The state government was working closely with the federal government to secure additional water supplies. The authorities also emphasized the need for long-term solutions to prevent future droughts. The meeting concluded with a commitment to work towards a more sustainable water management strategy.
Discussion on Drought situation in the State:

Once it is declared a drought affected area, the government and the concerned department of the state takes necessary steps to mitigate the effects of drought. The government provides relief to the affected people in the form of food, shelter, and livelihood support. They also provide irrigation facilities to the affected areas to ensure the growth of crops. The government also encourages alternative livelihoods such as animal husbandry, horticulture, and small-scale industries to help the affected people. Additionally, they provide financial assistance and insurance schemes to protect the farmers from the losses incurred due to drought.
Discussion on Drought situation
in the State:

The situation in the State as of 15th July, 1986, shows a critical drought situation. The rainfall during the past month has been extremely low, with most areas receiving significantly less than the average rainfall. The impact on agriculture has been severe, with crops failing and livestock suffering due to lack of water.

The State Government has declared a drought emergency and is striving to provide relief to the affected farmers and families. Emergency aid in the form of food and water supplies is being distributed to the affected areas.

The ongoing drought has also highlighted the need for long-term solutions to tackle such natural disasters. The State Government has initiated discussions with various stakeholders to explore sustainable water management and conservation practices.

Discussion on Drought situation in the State.

1. The Secretary's Report: The Secretary's report was discussed. The Secretary explained the current drought situation in the state. He mentioned that the rainfall has been significantly below the average, leading to a critical water crisis in many areas. The Secretary also highlighted the need for immediate action to mitigate the impact of the drought.

2. The President's Statement: The President expressed concern over the ongoing drought crisis. He emphasized the importance of collective efforts to address the water shortage. The President called for increased awareness among the public about water conservation measures.

3. The Minister's Statement: The Minister for Water Resources addressed the assembly. He informed that the government has initiated several schemes to provide relief to the affected communities. The Minister also announced new initiatives to improve water management and conservation.

The assembly adjourned for the day. 8:00 P.M.

At 10:00 P.M., the assembly reconvened. The President praised the efforts made so far and urged the assembly members to continue their support for the relief measures.

4. The Secretary's Notes: The Secretary's notes were reviewed. They included a record of the discussions and decisions made during the assembly session.

5. The Minister's Notes: The Minister's notes were also reviewed. They contained details of the relief measures planned and actions taken by the government.

The assembly adjourned for the day.

Discussion on Drought Situation in the State:

8-10 p.m.

The interminable talks about the drought situation have continued. The government has been promising relief measures for some time. However, the situation remains critical. The shortage of rainfall has led to a severe water crisis. The crops are wilting, and the situation is dire. The government has been criticized for its slow response. But it seems that the situation is beyond their control.

The loss of lives and the displacement of people are alarming. The government is under pressure to take immediate action. The drains and canals are overflowing, leading to flooding in many areas. The situation is worsening, and the government needs to act fast.

In the past, the government has been slow in responding to such crises. This time, they need to be more proactive. The affected people are demanding immediate relief measures. The government needs to work closely with the affected people and provide them with the necessary support.

The drought situation is a severe blow to the agriculture sector. The crops are destroyed, and the farmers are in distress. The government needs to provide them with proper compensation and support.

In conclusion, the government needs to take immediate action to address the drought situation. The affected people are demanding immediate relief measures. The government needs to work closely with the affected people and provide them with the necessary support.
