re: Repair works of High Level Canal in Anantapur District.

Sri K. E. Krishnamu thy :- The repair works were taken up on the T. P. B. H. L. C. main canal and distributaries under Stage-I in Ananthapur district during the closure period of 1986. Twelve numbers of works amounting to Rs 5.2 lakhs were taken up on the High Level Canal for raising the embankments and repairs to lining works. 44 No. of works were taken up costing Rs. 7.3 lakhs on the distributaries in May, 1986. All these works are completed by the end of June, 1986 costing Rs. 12.5 lakhs. Under H. L. C Stage II repair works costing Rs. 17.3 lakhs were taken up in Alur Branch Canal, Gooty Branch Canal and Guntakal Branch Canal for strengthening the banks and silt clearance etc., completed before releasing the water into the canal. Water was released in H. L. C. from T. B. Dam on 16-7-1986 at 4-00 P. M. and released on 18-6-1986 at 6-00 P. M. at Andhra Pradesh border. The discharge at Andhra Pradesh
Border on 22-7-1986 is 1544 cusecs. Thus the repairs were taken up and completed well in advance before release of water in H. L. C. Therefore, it is not correct to say that due to not taking up the repair works the ay. cut of one lakh acres suffered. There will not be any problem of supply of water to the localised ay. cut under the H. L. C. Therefore, it is not correct to say that due to not taking up the repair works the ay. cut of one lakh acres suffered. There will not be any problem of supply of water to the localised ay. cut under the H. L. C.

re: Attack of Whitefly on cotton in Guntur, Prakasam and Khammam Districts etc.

Attending, Sir,

Referring to the communication in your office dated 30th June, 1986, regarding the attack of Whitefly on cotton in Guntur, Prakasam and Khammam Districts etc., I have the honour to bring to your notice the serious situation prevailing in these districts.

The Whitefly attack has caused significant damage to the cotton crop. The infestation has spread rapidly and is reaching alarming proportions. The cotton farmers are facing severe losses, and the situation demands urgent action.

The extension officers have been advised to conduct awareness programs among the farmers to educate them on the measures to control Whitefly.喷雾剂 and other chemical controls are being used, but more effective and eco-friendly methods are required.

I request your immediate attention to this matter and the necessary measures to be taken to mitigate the situation.

Yours faithfully,

Sometimes, the people were moved to tears to hear that they were losing their homes and businesses. The sugar factories were to be acquired by the government. It was a tough decision to make. The farmers and workers were unsure about the future. They were left with no choice but to accept the government's decision. It was a difficult time for everyone involved.

The bill was passed with a majority vote. It was a historic moment for the people of Bobbili and Seethanagaram. They were finally able to move forward with their lives, knowing that their homes and businesses were secure.

The sugar factories were acquired by the government and transferred to the private sector. It was a significant step towards modernization and development in the area. The people of Bobbili and Seethanagaram were proud to be part of this change. They were hopeful for a better future.

The Andhra Pradesh Gram Panchayats (Second Amendment) Bill, 1986.
(Passed).

...the bill provides for amendments to the Andhra Pradesh Gram Panchayats Act, 1985. The amendments include provisions for the election of panchayats, financial matters, and other related issues. The bill is aimed at improving the functioning of panchayats and ensuring better governance in rural areas.

It is like blowing both hot and cold at the same time. It is an awkward situation, and it is difficult to manage.

Examples of the amendments include:
- The provision for the election of panchayats.
- The financial provisions to ensure transparency and accountability.
- Other provisions to improve the governance in rural areas.

(1) Every employee who has served for a period of two hundred and forty days or more during a continuous period of twelve months in any establishment shall be entitled during the subsequent period of twelve months to leave with wages for a period of fifteen days, provided that such leave with wages may be accumulated up to a maximum period of sixty days. As an illustration, let us take 210 days at 15% salary. This gives assurance to such employees that their salary is being duly paid during their leave. This will also ensure that the leave is being fully utilized and not merely extending leisure time. Therefore, any employee who has served for 210 days or more during a continuous period of twelve months, is entitled to leave with wages for a period of fifteen days. This leaves only 60 days during the subsequent period of twelve months. This way the employees can utilize their leave more fully and effectively. It also ensures that there is no unauthorized remuneration. As an illustration, let us take 20 days at 15% salary. This gives assurance to such employees that their salary is being duly paid during their leave. This will also ensure that the leave is being fully utilized and not merely extending leisure time. Therefore, any employee who has served for 20 days or more during a continuous period of twelve months, is entitled to leave with wages for a period of fifteen days. This leaves only 80 days during the subsequent period of twelve months. This way the employees can utilize their leave more fully and effectively.
