ORAL ANSWERS TO QUESTIONS

Income of Darga of Hazarat Sayyad Sadulla Hussaini

1—

*2845—Q.—Sarvasri S. V. L. Narasimha Rao (Bhanswada), d B. Babu Khan (Bodhan) :—Will the Minister for Sugar & Wakfs pleased to state:

(a) the annual income derived by the Darga of Hazarat Sayyad Sadulla Hussaini in Nizamabad District;

(b) the amount spent on the amenities to pilgrims and provisions to the Darga etc., so far;

(c) whether it is a fact that a majority of the pilgrims to visit the Darga are Hindus; and

(b) if so, whether there is any proposal to include Hindus in the Managing Committee?

1984-85 7 8 51 71

Sri Bashiruddin Babu Khan:—Mr. Speaker Sir, I would request the Hon'ble Minister through you to give me the reply, if possible, either in Urdu or in English, so that I can ask the supplementaries.

Mr. Speaker:—You cannot insist. The translation is there.

Sri Bashiruddin Babu Khan:—What was his reply?

Mr. Speaker:—I will translate all the replies he gives for your convenience.

Sri Bashiruddin Babu Khan:—Hazarath Syed Sadulla Hussaini has been earning Rs. 7 lakhs to Rs. 8 lakhs every year but the same amount is spent on the same place for providing amenities. It is true that thousands of pilgrims come to the Darga. Those of whom come all faiths contribute to this. I have myself seen it. There is hardly any facility. The Darga is situated on a hill and it is 4 kms. far away. There is no space and there is no water. There is no shelter on the hill where the Darga is situated. And also, I am told that the Imam of the Masjid there has been dismissed recently without really any case or reason. Mr. Speaker, Sir, the third and fourth part of the question was a separate question. As Mr. S.V.L. Narasimha Rao has asked, there may be a misunderstanding and therefore, I am not asking this third and fourth part of the question.
Mr. Speaker:—There are shelters for pilgrims and other amenities are also being provided, what the Hon’ble Member says is not correct.

Sri Bashiruddin Babu Khan:—I would request through you the Hon’ble Minister to visit the site again.

Mr. Speaker:—All right. He will visit, so that he may also get some benefit out of it.

Mr. Speaker:—No, No. Hindus means all the Hindus; all the Hindus will not go.

Mr. Speaker:—No. Under law, it is prohibited; nobody can go and have pooja.

Sri Kudupudi Prabhakara Rao:—If there is any possibility.

Mr. Speaker:—I am going to next question.

Coronary Units at District Head quarters

*3070-Q.-Sri K. Nagabswara Rao (Kothagudem):-Will the Minister for Medical and Health be pleased to state :

(a) whether it is a fact that the Government propose to open Coronary units in all the Districts of the State; and

(b) if so, whether specialist doctors are available to be posted in the said units?

Mr. Speaker:—Please enquire in the Section. If it is not allowed, I will see. Now that the Hon'ble Member Mr. Raghava Reddy has said 'already it is admitted', it is likely to come up.

(Dr. Y. S. Rajasekhara Reddy (Interrupted))

This will be sorted out in the office. You sit down. If you go on again standing upon your legs when I am on my legs, it is not supposed to be a fair play. Please sit down. This is not the way.

(Many Members from the Congress-I Benches stood up)

(Sri P. Janardhana Reddy (Interrupted))

What Mr. Janardhana Reddy says will not go on record. I told you already. If any discrepancy or anything is there, whether it is to be allowed or disallowed you please come to the Chambers and ask me. I will give you satisfactory answer. But this is not the way.

(Dr. Y. S. Rajasekhara Reddy (Interrupted))

Please sit down. I am going to give the reasons.

(Sri P. Janardhana Reddy (Interrupted))

I am going to give you reply.

(Sri P. Janardhana Reddy (Interrupted))

(Sri Kudupudi Prabhakara Rao (Stood up))

Mr. Prabhakara Rao that portion which he has said (Mr. Rambhupal Chowdary) is not expunged. I have not asked for expunction. Without hearing me why do you interrupt? The only thing when Mr. Janardhana Reddy was on his legs and raising his voice, I said that portion should not go on record.
Mr. Speaker:—I did not use the word ‘Vyas’ or anybody, because I am not concerned with any individual here.

(Sri V. Mohan Ranga Rao (Stood up)

I am not giving you an opportunity now.

(Dr. Y. S. Rajasekhara Reddy Interrupted)

If this type of interruption goes on in the question Hour. I think, I have to dispense with the Question Hour. When I have said that portion of Mr. Ramboopal Chowdary is not expunged and only unauthorised things which Mr. Janardhan Reddy said, that portion is expunged.

Mr. Speaker:—I am giving the reasons. When you want to raise a question and want to get an answer from me, one should rise at a time. If five or six Members rise and speak, I will not be able to answer anything. In the din and confusion, he did not follow Mr. Rajasekhara Reddy or Janardhan Reddy. They were insisting on something which I have not ordered. Why should they rise? They should hear me.

Mr. Speaker:—That is why I am saying they should hear me.

Mr. Speaker:—Whenever such important things are brought to my notice when members meet me, they are admitted again. No purpose will be served by speaking like this here. The purpose for which we are assembled here is not being served.

Sri Kudupudi Prabhakara Rao:—It is in the interest of the State that I am asking.

Mr. Speaker:—Sorry, I am not allowing. I cannot put the clock back. Please, I have not allowed you. Please resume your seats.

Business of the House.

Sri Alapati Dharma Rao (Duggirala) :- Mr. Speaker, I have given notice regarding Non Payment of salaries to the college teachers by managements. The Government has not admitted the colleges to grants-in-aid and it is not releasing the funds to the colleges. So the Managing Committees are not paying salaries to the College teachers.

Mr. Speaker:—It is not on the agenda. The Adjournment Motion given notice of by Dr. Mysoora Reddy and others regarding the allegations made by the Karnataka Irrigation Minister on the Telugu Ganga is disallowed with certain remarks.
Mr. Speaker:—The adjournment motion is disallowed with the following remarks:

Only acts of omission or commission of the State Government can be the subject of an adjournment motion and the Government cannot be held responsible for remarks made by others in their Legislatures. As the matter is very important to the State, the subject can be brought under a different motion. I advise the members to present a motion under Rule 304 and it will be posted for Monday.

Dr. Y.S. Rajasekhar Reddy:—It is an omission of the State Government in this regard.

Mr. Speaker:— The Calling Attention motion is to invite the attention of the Minister. After the Minister makes a statement, only one or two clarifications can be sought, but no speech.

Mr. Speaker:— Under the rules only one or two supplementaries as a matter of clarification can be allowed why go into all details?

Mr. Speaker:— All right, if that is the consensus, I am permitting ‘Half an Hour Discussion’ on the subject.

Mr. Speaker:— You have now brought it to the notice of the Minister and the irregularities. Let him take action.

Sri Ch. Vidyasagar Rao:— Let him be transferred.

Mr. Speaker:— I have given sufficient time. I cannot compel the Minister to do anything.

Sri Ch. Vidyasagar Rao:— You cannot get a decision on the spot. Let the Government also think over. You have brought it to the notice of the Minister.

Sri Ch. Vidyasagar Rao:— You can see the record. It is quite contradictory.

re: Indifferent and arrogant attitude of the Managing Director of Kovur Sugar Factory in Nellore District towards the Cane growers.

Mr. Speaker:— Let us follow certain parliamentary norms. You cannot insist the Chief Minister to answer. That cannot be done. Now you have done your job by bringing it to the notice of the Government all the irregularities. Let them take a decision. Ultimately they are the persons who have to take a decision. One hour cannot be devoted to a single call attention motion, that too for one factory. It is not good. You have brought all the facts before the public. That is enough. Ultimately, the Government has to take a decision.

Mr. Speaker, the Industrial Policy of our State has been formulated on very sound principles to generate more employment, to produce more wealth and to remove regional imbalances. Our State efforts with regard to the Industrial Policy is highly commendable. They have tried to consolidate the gains of the Sixth Five Year Plan. But I am sorry to say that the pace with which it has been started to develop industrially, the allocations to the financial institutions is very meagre and there is the need to coordinate the activities of all these Industrial Corporations like A.P. Industrial Development Corporation, A.P. Industrial Infrastructure Corporation and A.P. State Finance Corporation. There is the need to formulate a policy and evolve a Corporation which will coordinate the activities of all these Corporations.

The main burning problem of the State is to revive the sick units. To-day, our Hon'ble Minister said that out of 624 industrial units, 330 units have become sick. So, it is not only the main concern of the Government to promote industries but also to see that they should run on sound lines.

With regard to the State subsidy which has been given as an incentive, it is virtually a non-starter, because industrial promotion has been accentuated by giving many incentives like subsidies for raw materials, deferment of taxes, subsidies for power supply etc. When the entrepreneurs have come forward to set up industries, if there is laxity or delay on the part of the authorities to provide the same incentives, generally, the climate for industrial promotion would be more uncongenial. So, I request the Government to streamline the administration with regard to the provision of incentives.

One more negative aspect of our industrial promotion is that we are not able to utilise all the letters of intent that have been obtained. It may be the reason that we are not able to obtain the licences in other States or as expected we could not attract the capital from non-residents. So, every effort has to be made to invite or to attract the capital from other areas because the capital is very scarce at the present juncture.

It is a sound policy of the Government to develop three districts which have been declared as no-Industries districts so that they will be developed on a comprehensive basis. But other 20
specified growth centres have been announced in 7 districts with the same sort of incentives. But it is ironical that all these districts are very advanced in agricultural operations. I appeal to the Government to extend the same incentives to the other areas which are backward like Rayalaseema, Nalgonda, Mahboobnagar and Srikakulam because where the agricultural operations are at the highest ebb, we can promote agro-based industries, whereas places like Rayalaseema and other backward areas incentives have to be given more when compared to the other areas.

The State of Andhra Pradesh is gifted with very good minerals and mineral based industries have to be developed and encouraged. We have got a good major industry - Godavari Fertilizers— and every effort has to be made to complete the project. I request the Government to set up a Study Committee to evaluate ancillary industries, which will be connected to every major district of our State, because ancillary industries are very less prone to become sick. So, I appeal to the Government that every incentive has to be provided to the ancillary industries to promote the ancillaries.

Plastic industry is not developed in our State when it is compared to the other States, because the products of plastics will replace the consumption of conventional items. So, I request the Government to attach more significance to the units in the Plastic Industry.

Even in the setting up of the Steel Mills, our Government can take the lead, so that we can become one of the fore-runners of the production in steel. For all the those that have been set up, I feel the financial assistance is rather insufficient.

With regard to the State Trading Corporation, it is now on the verge of renaissance. The activities have been diversified like introduction of hire-purchase system, opening of the metal division, apart from the existing activities that are being undertaken by the Corporation.

With regard to Minorities Finance Corporation, it has yet to make a beginning. As one of our Hon'ble Members questioned day before yesterday—I think, he has mistaken—it has been incorporated with one crore authorised capital. This year Rs 80 lakhs has been allotted. But, processing of applications is being hordately delayed. So, every effort has to be made to streamline the administration of this Minorities Finance Corporation.
With regard to Cargo Repair Workshop at Tirupathi, it has got a good employment potential. It has been inordinately delayed in completion inspite of all the infrastructural facilities that have been provided by the Government.

With regard to Visakhapatnam Steel Plant, it is learnt that the capacity of the plant is being curtailed. I request the Government to take up with the Central Government, so that the project should not be cut into size. It has to be ensured that the displaced persons of Steel Town should be given one post to each family.

With regard to small-scale industries and village industries, I think, the Government has not come out with a proper and clear-cut policy on small-scale industries. Equal importance has to be attached to the small-scale industries, in fact, more importance has to be attached because it has got a very important objectives like creation of employment and improvement of rural economy. So, Government has to come forward with a Paper clearly enunciating its policy. The financial allocation to the small-scale industries is very meagre. I doubt that the present target that has been set up for 1986-87 will be achieved with the allocation that has been made because in 1985-86 when the target was set up at 7,500 the achievement was only 5,700.

With regard to Sugar Industries, though recently more funds have been released to make them viable, the infrastructural constraints are taunting the sugar industries. For example, in Gaddapahar we have taken Rs. 5.40 lakhs to rehabilitate a Unit but unfortunately, there is no water to grow the cane. So, such are the constraints which should be overcome by the Government and the incentives have to be provided to the ryot who can grow the cane. As regards the payment of conventional cane price and with regard to cane development, the ryots should be provided with the transport subsidy also because the ryot is prone to convert the sugarcane into jaggery when the price is not reasonable.

With regard to mines and minerals, there is no proper exploitation of the minerals. In the utilisation of minerals, there should be a judicious balance for present requirement and the future needs. With regard to the monopolistic tendencies in the field of mining, I request the Government to take every step to curtail it. The Committee recently constituted by Bhimasankaram has recommended that the mineral based industries should be given long leases for long periods and for others the periods should be curtailed because in a family that we will be observing, in
the name of every member they would be taking leases for thousands of acres and they would not exploit the mine. This is depriving the other entrepreneurs to come forward. So, these monopolistic tendencies should be curtailed.

With regard to the Andhra Pradesh Mining Corporation, till now, its performance is not satisfactory whereas, it is a strange thing, the private mine owners are capable of earning crores of rupees profit in the same field; the Andhra Pradesh Mining Corporation is not able to make the profits. So, a Study Group has to be set up to streamline the A. P. Mining Corporation administration and effective steps have to be taken for avoiding his illicit mining.

With regard to foreign exchange earning in Andhra Pradesh, Cuddapah District is the one with regard to barytes & asbestos. I request the Government to indulge in exploitative mining in Cuddapah District, especially at Pulivendula, so that we can tap more resources, since the State is proud of minerals. I request the Government to take appropriate steps, so that we can derive more revenue from the mineral field. Thank you.
