Dr. Aboul Rehman, S.:— Speaker sir, the Visakhapatnam is now placed in five red alerted polluted cities in the Asian continent. As the Hon’ble Minister rightly said the Sundereshan Committee which has been constituted in the year 1991 has recommended certain recommendations. I would like to know from the Hon’ble Minister whether any of the recommendations made by the Sundereshan Committee are being implemented by the Government so far.

Secondly, I would like to bring to the notice of the Government that port is one of the most pollution causing as in Visakhapatnam and the conveyor belt which is measuring 4 k.ms. is passing over my constituency, spilling dust and causing respiratory diseases to the people of Visakhapatnam and in particular to my constituency.

Thirdly, the Government has asked the Municipal Corporation for provision of better sewerage system. Why is there only limited work on the sewerage system? Why is the concession being given?
Dr. Abdul Rahman, S.- Sir, the coal belt carries the iron ore and the coal jetty is situated in the thricly populated area. That is different from this issue.

Sri N. Ramakishen Rao- The permission is granted.
It was stated that there is a proposal to develop a satellite port at Gangavaram under consideration. Once this port is established, the pollution problem at Visakhapatnam, particularly, at the old city at Visakhapatnam will be reduced considerably. When there are industries, there is bound to be some kind of pollution but atleast we have to take some compensation from the industries.

Dr. G. Vijaya Rama Rao:- Speaker Sir, these shopping complexes were sanctioned long ago. In some places they were at lintel level and in some other places they were at slab level. They did not complete the whole construction. Meanwhile, some departments which did not have the proper accommodation made a request to handover the buildings to them. In this process, either the Scheduled Caste Corporation people or the other departments which are asking for the accommodation did not complete the construction of the buildings. For instance, in Gajwel it is at lintel level for the past four years and they did not complete the construction of the complexes. They were meant for generation of employment to the S.C. candidates. So, I want to know the number of shopping complexes which are under construction in various districts and the reason for not completing and for not handing over of the same for SC un-employed youth.

I. 1459-4
Dr. G. Vijayarama Rao: Speaker Sir, the question is very clear. What is the total extent of land is available in these five survey numbers. Out of 19 acres and 13 guntas of land, under these Survey Nos. 588, 589, 590, 596 and 600, only 0.09 guntas of land under S.No. 588/23 was given to house sites while the remaining land under other survey numbers was still in the illegal possession of various land lords. I would like to know what is the total extent of land which is illegally held by the owners under these survey numbers and how much of land the government is going to acquire in order to distribute to the houseless poor people.
Whether it is also a fact that much of the Government land from these survey numbers has been encroached upon by the land grabbers and other vested interest persons. Whether the issue of pattas in 1975 was for construction of 1 plus 2 floor houses on five kuntas. How they are eligible? How you issued pattas?

Whether it is a fact that much of the Government land from these survey numbers has been encroached upon by the land grabbers and other vested interest persons.

Mr. Speaker:- Wait for some time, I will go through your petition and take necessary action.

Mr. Speaker:- I will get it enquired into by the Government, because the petition has been given by some M.L.As. The Government will enquire into the matter. Now, you please resume your seat.
Mr. Speaker:- Actually, it is a Government matter. Anyhow, I will discuss with the Chief Minister and ask him to enquire into the matter.

Mr. Speaker:- I have already told you. I had sent the same to the Government. I will ask the Government to enquire into the matter.

Mr. Speaker:- You cannot say this Minister or that Minister. It is the collective responsibility of the Government. The Government will take necessary action.

Mr. Speaker:- I told you that I will ask the Government to enquire into the matter. What more you want? Please resume your seat.

Sri Gade Venkata Reddy:- Sir, it is a representation given by the Hon'ble MLAs.

Mr. Speaker:- ...

Mr. Speaker:- I already told you that I will ask the Government to enquire into the matter. That is more than enough. This is only Zero Hour. Hon'ble Members have to remember that. We have to stick to the rules. I request all of you to resume your seats.

Sri Gade Venkata Reddy:- The Hon'ble Chief Minister had stated that as the issue is pending before the High Court, it is not proper on our part to discuss the same in the House. That is the question he put before the House. Sir, there are many incidents, wherein a matter was pending before the High Court, the same has been discussed on the Floor of the House. There are many such precedents. I sincerely feel that there is nothing wrong in discussing these issues in the House, in the larger interest of the public. I have no objection for that.

Sri Asaduddin Owaisi (Charminar):- Speaker sir, according to rule 280 of the Rules of Procedure and Conduct of Business in the A.P. Legislative Assembly, a Member while speaking shall not refer to any matter of fact on which a judicial decision is pending. I request you to give a Ruling on this issue.

Secondly, I request you to kindly protect our rights. This is zero hour and there are various public important issues which need to be discussed on the Floor of the House. This zero hour cannot be restricted to just one party. I have a right to speak and you should protect my rights. Since last eight days we are hearing only about Road No. 3; Banjara Hills. I would like to know whether this House is confined only to discuss Road No. 3, Banjara Hills. Sir, I quoted about the position of rule 280. I request you to protect my time by giving a ruling.
Mr. Speaker:— You say about your opinion.

Sri P. Ashok Gajapathi Raju:— Sir, I am not going into the merits of this case. The question is of running this House. Here, we are not coming out with any judgement. Similarities of cases are there, there are lot of problems that have happened in the past. Numerous Trusts had received Government’s land or other benefits. Infact, earlier while alloting lands to the Trusts there were lots of violations. If they bring it during zero hour there will not be any justice to this case because replies have to come, Members have to be satisfied. A zero hour mention and blank reply from the Government is not going to serve any purpose. More over, the other Members are agitating that the other business is getting affected. So keeping all these in mind and the factuality that it is in court, you may arrive at any decision. But as far as the Government is concerned we respect the courts, we also respect the decision of the Speaker and we will not protest any thing.

Sri Gade Venkata Reddy:- This House has already discussed the matters which are in dispute in Courts. As the House has already discussed the matters which are in dispute in Courts, the mood of the House is being disturbed. In the B.A.C. eleven issues of importance were raised. We are on the sixth day, but we have discussed on only one. We will not be able to justify our existence before the people if we go on like this. I request you to take a decision. Before that, through you, I would like to request the Congress-men here to allow the House to transact the business.

Mr. Speaker:- No, we don't have much time. We have got so many issues on the Agenda.

I will not kill anybody's time. Please bear with me. Please co-operate with us. I am not here to waste time. I am here to ensure that we are doing our work. We have got so many issues to discuss. Please co-operate with us. Thank you.
11.40 Sri P. Ashok Gajapathi Raju:- Everything is self-explanatory and we need not go in to them. Through you, I would like to appeal to the Congress Members to know about the mood of the House. Let us not waste the time as there is a lot of business which we are yet to complete.

Sri Kanna Laxminarayana:- Speaker Sir, one point should be clarified.

Mr. Speaker:- Time is not there. What is your clarification? Let us go to the subject.
You have raised a very pertinent issue. The point is whether a discussion can be allowed on that point during Zero Hour or not or whether any point can be raised during Zero Hour or not. But, there is no rule with regard to Zero Hour. So, discussion cannot be allowed unless a notice is given on any subject whether it is in the court of law or outside the court. Earlier also there were so many precedents where discussion was allowed on the matters pending even before the court of law without going into the merits and demerits of the case. Since, it is a Zero Hour and as the entire House wants to discuss this issue and if the government feels that it is not necessary to reply to the issue raised by any Member, it may not be proper to discuss that issue. Generally, Speaker reserves
the rules, because it is a pertinent issue.

As the Zero Hour is not governed by any rule, discussion cannot be allowed. But, if you want to discuss any issue, you have to give a notice, then I will bring before the House for a discussion on various aspects of that issue. If you are particular about it, you please give a notice. But as far as Zero Hour is concerned, the Members should not expect any reply from the Government for the issues raised by them. If any allegations are made then the Government will also come forward with counter-allegations and then it will lead to a debate and if it becomes a debate, the day's agenda cannot be completed. If you want to raise it, you raise, and if the Government wants to reply, it will reply.

(Interruptions)

my point is very clear. You might have understood.

- Sri Gade Venkata Reddy: Speaker Sir, we will respect the ruling of the Hon'ble Speaker. One suggestion I would like to bring to your notice. It is not a question of discussion here and as you have rightly said that during Zero Hour any issue can be raised and we are happy for that. We are not going into that. If the government wants reply, let them note it down and say we have no objection for it. I feel sorry to some extent that this issue has been raised even though you have given a ruling. As you said, earlier there were number of precedents where the issues pending before the court of law were also allowed for discussion. If the government wants to reply, let them reply and if they don't want to reply, let them not reply. But to give us a permission to raise this issue for two or three minutes, it is their prerogatory.

- Sri P. Ashok Gajapathi Raju: Speaker Sir, our good friend and Senior Legislator Sri Gade Venkat Reddy has raised an issue. As the entire House know that Zero Hour has come by a practice. As a convention it is a just mention, but there have been incidents where there was a mood of the House to discuss any issue. Though we have already completed 6 days of our sittings, we could not be able to complete atleast 1/4th of our agenda. If anybody wants to discuss this issue, let them come in a different form and the government is ready to reply and there is no doubt about it, otherwise, it will become a debate. Therefore, I request the Congress Members to co-operate with the Chair to complete the agenda. Let us not exhaust only on one particular issue. Speaker sir, we don't question your ruling, we will respect your ruling in letter and spirit.

(Interruptions)
Mr. Speaker: - If you want to discuss it, you please give a notice I will bring it tomorrow before the House so that every Member of the House will get an opportunity to speak.

11.50 Mr. Speaker: - My point is very clear. If any Member wants to raise, he can raise for two or three minutes. But if you make allegations, they will lead to a debate and as a result, it is not possible to complete the day's agenda.

Mr. Speaker: - You can say the incident and its substance.

Mr. Speaker: - You should tell only the substance of the incident.

Mr. Speaker: - In 1997, a land measuring 3981 Sq. metres in the defunct Jubilee Hills Municipality, Plot No. 1/11/A/1/D situated at Road No. 2 of Banjara Hills, Hyderabad, was a land...

Mr. Speaker:- Anything from the Government.

Mr. Speaker:- I am very clear. I have already given ruling. If you don't want to abide by the ruling, I am very sorry. You are a Leader.

Mr. Speaker:- I have made my ruling very clear. If you want to discuss you please give a notice under the rule. You tell only the substance of the case. You complete it.

Mr. Speaker:- If you want to discuss it, you please give a notice, I will allow so that everybody will get an opportunity to speak on it. I am following the procedure. I am very keenly following the procedure.

Mr. Speaker:- Please take your seat. This is Zero Hour. You have already raise the issue. I am very strictly following the procedure.

Mr. Speaker:- Sorry Mr. P. Janardhan Reddy garu. This is Zero Hour. You please sit down.

Mr. Speaker:- Mr. P. Janardhan Reddy garu there should be some limit. You should know this is Zero Hour.

Mr. Speaker:- Anything from the Government.

(Interruption by Congress-I Members)

Please resume your seats.

Mr. Speaker:- Anything from the Government? We are after the time. Please resume your seats. Anything from the Government?

I have not permitted any one. I can't help for whatever he speaks without mike. I have not permitted anyone. Please resume your seats.

(All the Congress-I Members on their legs)

I have not permitted any one. Please resume your seats. I am very keenly observing the speech.

(Sri P. Janardhan Reddi broke the mike and rushed to the podium followed by all the Congress-I Members)

Please resume your seats.

(Interruptions from the Treasury Benches)
Sri T. Devender Gowd:- We are prepared for discussion.

Mr. Speaker:- I have not permitted any Member. Please resume your seats. Please don't do that. Then I have to name you. I have not permitted. Please resume seats. I have not permitted anyone.

(Repeated interruptions from the Congress-
Members near the podium and the Treasury Benches)

I did not permit him. I have not given mike. I did not permit him. I did not permit any Member. You are also speaking from your seats and they are speaking from their seats. I have not permitted any Member. I did not permit any Member. I am very sorry. Please resume your seats.

(Interruptions)

Everybody is rising and speaking something. I have not permitted either any Minister or any Member. I have not permitted him. Whoever wants is rising and speaking from his seat. I did not give mike to any Member. I have permitted only the Minister for Revenue and he spoke. I did not give mike to any one. You are not understanding. I have not permitted any Member. Please resume your seats.

(Interruptions continue)

I did not permit him. You speak under Rule 206. Tomorrow I will post it. I have no objection. I have not given mike to anybody. I am very sorry. I have not given mike. I did not permit anybody. They are also speaking and you are also speaking. I can't help. I permitted your leader and he spoke. I am very keenly observing his speech. As long as he did not violate my ruling, I have allowed him and he spoke. I did not allow any allegation which will lead to a debate in Zero Hour. That is my ruling. If you want a debate, you give a notice. You can't do anything you want. I am very clear. You confine to the ruling given. Except the personal allegations, all words have come on record. I have been observing it. If you want discussion, give notice under Rule 304. will post it tomorrow.

(Interruptions from the Congress-
Members standing near the podium)

I have given my ruling. In Zero Hour you can't raise anything which would lead to a debate. I have not given any mike. I have not permitted anybody. Zero Hour is not governed by any rules. I will go according to the system. I don't yield to anybody. Inspite of the problem, I have permitted him and he spoke. If any Member raises any allegation which may lead to a debate, I don't allow. You see the records. I am keenly
observing the proceedings. We have no time. You see the agenda of today.

Sri P. Ashok Gajapathi Raju:- Sir, this type of cross-discussion....

(Interruption by Congress-i Members)

Mr. Speaker:- I can't help. I will show you the record. Whenever he raised allegation, I cut him. I am very clear. I will cut also. If you are going against my ruling, I will cut. I will uphold my prerogative. There is no doubt about it. Whatever he spoke, has come on record. I will show you the record. Except the issues which may lead to a debate, whatever he spoke has come on record. Let him conclude. I have no objection. But, if he raises anything objectionable, then I will cut.

Sri P. Ashok Gajapathi Raju:- I want to move a resolution.

(Interruptions by Congress-i Members)

Mr. Speaker:- Please resume your seats.

(All the Congress-i Members standing near the podium resumed their seats)

I am very clear. If any Member violates my ruling, I will stop him by remote control. There is no doubt about it. I have stopped him and that did not go on record. If he wants to express his views on the subject, he can, but if he makes an allegation, I will cut his mike.

Sri P. Ashok Gajapathi Raju:- Sir, I have understood it.

(Interruptions from Congress-i benches)

Mr. Speaker:- Please hear me. Let me follow the proceedings keenly. Please hear me.

Sri P. Ashok Gajapathi Raju:- That is alright. But, there is one problem.

Mr. Speaker:- No allegation he tried to raise will go on record. I have stopped him.

Sri P. Ashok Gajapathi Raju:- Sir, what I am trying to submit to the Chair is that some Hon. Members have broken the mikes. This is....

(Interruption from Congress-i benches)

Mr. Speaker:- I have permitted the Minister for Legislative Affairs.
Sri P. Ashok Gajapathi Raju:- Sir, we will abide by whatever decision you take. But, some Hon. Members have broken the mike. I want to move a resolution for suspending those who broke the mike. This is gross misbehaviour and totally indecent. They should be suspended from the service of the House. Whoever it may be, that Member has to be suspended from the service of the House. If the Member does not tender unqualified apology to this august House, the Member deserves suspension. He ought to be suspended.

(Interruptions)

Mr. Speaker:- I have not followed the full text of the proceedings. I could not hear the full text of your speech.

Sri P. Ashok Gajapathi Raju:- Sir, there has been a gross misbehaviour in this August House. Some Hon. Members have gone to the extent of breaking the mike.

Sri Kadiam Srinath:- He is a floor leader.

Sri P. Ashok Gajapathi Raju:- Whoever it maybe. It does not matter.

Mr. Speaker:- Don't substantiate anything.

Sri P. Ashok Gajapathi Raju:- Sub gross misbehaviour warrants action. My submission is, those Members who have broken the mikes should be immediately suspended from the service of this House otherwise we will not be able to run this House. This is not the way. There is another human way and that is if the Hon. Member who broke the mike unqualifiedly tenders an apology to the August House, he may be continued otherwise he may be suspended from the service of the House.

(Interruption by Sri Ch. Vidyasagar Rao)

Mr. Speaker:- I will give you opportunity later. Let us go in a systematic way. If any Member speaks something unparliamentary, I will cut the mike or remove it from the records or ask him to withdraw.

Sri Asaduddin Owaisi:- Speaker, Sir, you have given a ruling. The main cause of this is running commentary. When a Member stands to speak there is running commentary and it leads to provocation, and unparliamentary behaviour. In this issue the Member should maintain the highest dignity which is required in Parliamentary practice. The people are watching us on the T.V. What is this? What kind of image we are creating? We have made a joke. This is important issue. I request you to give ruling. If he apologises this is all unnecessary. Through you, I request the Floor Leader to express regrets over the issue so that this House can be conducted in a dignified and befitting manner.

Sri P. Ashok Gajapathi Raju:- The Floor leaders have expressed their opinion. The delinquent Member may kindly be asked for his opinion and after that a decision can be taken.

Mr. Speaker:- Allow the House to continue with its proceedings.
(At this juncture, the Hon'ble Chief Minister rose to speak)

Sri Gade Venkata Reddy:- Let me complete, Sir.

Mr. Speaker:- I will permit your, Venkata Reddy garu.

Sri N. Chandrababu Naidu:- Sir, I want to appeal to you. Please hear me.

(interruptions)

Mr. Speaker:- I will permit Venkata Reddy garu later. You please take your seats. Please take your seats.

Mr. Speaker:- Please take your seats. Let him conclude. We get opportunity.
Sri Gade Venkata Reddy:- We will forget it as past. If this sort of things will continue we will not participate in any discussion in future. We will forget as past. Instances have taken place on which we are also feeling. Let us forget it. Let us go in a clean way. Let us go in a cool way. Let us go for the conclusion by Sri P. Janardhan Reddy without alleging against anybody.

Mr. Speaker:- Further I do not permit anybody. Further I do not prolong Zero-Hour.
Sri P. Ashok Gajapathi Raju:- Sir, for gross misuse and breaking the mike, I request through you, the Floor Leaders to express their opinions. Sir, the delinquent Member may kindly be asked to give his opinion. Then we can decide as to whether to go ahead with this issue or not?

Sri T. Jeevan Reddy:- If that is the case, what about the Minister's behaviour? Every time he behaves like that.

Mr. Speaker:- Whatever it may be, breaking mike is not a Parliamentary Practice. For that Sri P. Janardhan Reddy has to give explanation.
Mr. Speaker:- Let me hear please. Here there are two issues. One is regarding Provocation, and the other is regarding breaking of mikes. Provocation from both sides (ruling as well as opposition) will always be there. You can even come to the Podium and either demand or request the Speaker pertaining to an issue. But you are not supposed to break the mike of the Speaker. Breaking up of Government furniture is not all a good practice. It is good if the Leader of the Congress Party says regrets on this.

Mr. Speaker:- You are also doing the same thing. You are also provoking the other side. Provocation is different from breaking mikes. Provocation will always be there.

Mr. Speaker:- As a matter of fact, I had not permitted any one. So many things were told by Hon'ble Members without a mike, for which I am not responsible. But, in case, if I give mike to any Hon'ble Member and he speaks any Unparliamentary Language, then I will definitely ask him to say regrets. Every Member will speak something or other without a mike. I will not take all those things into cognizance. I am only responsible if I give mike to a particular Member. Please let us not go into details. Let us not waste time.

Mr. Speaker:- I will control provided the Members will confine to the subject and follow the rules and regulations. Otherwise, I cannot help it. You also raised several points and obstructed the business several times. Everybody is doing like that. I am asking the Leader of the Congress Party to say regrets, so that we can go to the other subject.
Mr. Speaker:- Without my permission, you are also coming to the podium. Not only yourself, several Members are doing that. Without mike everybody wants to speak something or the other. Some may go on record and some may not go on record. I am not responsible for such a situation, if I give mike to a Member and he speaks something Unparliamentary, then I am responsible for it. I will definitely ask that particular Member to say regrets for the same.

Mr. Speaker:- I have to do that if the Member deviates from the subject. You are raising something in the Zero Hour without a notice and you have to confine to the subject. Please say regrets for breaking up the mike.
Mr. Speaker:- First you say regrets. After that I will hear your explanation.

Sri P. Ashok Gajapathi Raju:- Sir, if the Hon'ble Member is reluctant to express the same, with your permission, I will follow the procedure left for us.

Mr. Speaker:- No, I do not want to hear all such things. If both of you got anything to settle I have no objection, if you go and decide outside. But here, breaking a mike is an objectionable thing.

Sri P. Ashok Gajapathi Raju:- Sir, are you satisfied with this explanation? He has to express an unconditional apology.

12.50...
Mr. Speaker:- You please confine to the subject. I am not asking you about the circumstances under which you did such an act. Anyhow, breaking the mike is not an accepted Parliamentary behaviour.

Mr. Speaker:- Just now, you entered the House and raising your hand. I will not allow you. Please resume your seat.

Mr. Speaker:- I will get it examined.

Mr. Speaker:- I already told you. Please confine to the subject. Do not go into other details.

Sri Asaduddin Owaisi - Sir, on 4-12-1995 one dumb person by name Mohd. Khiruddin was burnt alive in Medak by RSS activists. This issue was discussed in the last Assembly Session and the Hon'ble Home Minister was pleased to order CID enquiry. The issue was again raised in the Assembly on 28-2-1997. The Hon'ble Minister assured that the CID report would be placed on the table of the August House. Those six killers are roaming freely. They are P. Narender, Ramesh Goud, Krishna Reddy, Balakrishna, Suchakar etc., They have not been arrested. Assurance was given that the action would be taken under section 302 IPC. The CID enquiry was ordered. I want to know as to what happened after the enquiry and also the progress of the case.

I will call for that record and look into it.
2.00 Sri P. Ashok Gajapathi Raju:- Speaker Sir, I have noted down the contention of the Hon'ble Member. We have given clear instructions,

J. 1459-15
Sri Asaduddin Owaisi: Hon'ble Speaker Sir, this Bill is intended to amend the Hyderabad Municipal Corporation Act, 1955. The first reason given to us for bringing this Bill is to extend the term of the Special Officer for further one year time since the Hon'ble High Court has given interim orders. Sir, the interim orders were issued on 29-12-1994. Now it is July, 1997. I want to know why the Government woke up today only during the Assembly Session, if they had to do delimitation work, which I agree had to be done on the basis of 1991 Census, then why was it taken up in January, 1995, July, 1995 or December, 1995? Sir, this is nothing but denying the people of having their own local representatives in the Municipal Corporation. Sir, all the people have a democratic right to elect their representatives and by not conducting the elections, their right is denied. Since two years various Bills have been brought on one excuse or the other to extend the term of the Commissioner. Speaker Sir, the intention of the Government can be seen in the abolition of 403 slums, not classifying them as slums. Now there is no one to say why the Collector, Hyderabad or the authorities of the Hyderabad Municipal Corporation have resorted to such a drastic measure. Now the irony of the situation is that the Government issued a G.O. to regularise the illegal constructions. In that G.O. it is mentioned that the people residing in slum area have to pay less amount of money. When people had gone to the Municipal officers for the regularisation of constructions, to their utter disappointment and surprise, they came to know that their area was no more classified as slum and it was deleted. I want to know on what grounds the Municipal authorities had deleted the slums. The area is still undeveloped. There is no drinking water; they do not have proper drainage facility; they lack in basic civic amenities. As it has already been pointed out by the Hon'ble Member for the Musheerabad Constituency, there are so many civic problems pending like the drinking water problems which is to be solved for the City. An assurance has been given to us by the then Minister for Municipal Administration that
he would solve this problem. The second Minister also gave a similar assurance. The third Minister also gave an assurance that he would solve the water problem. All of them said that they were having negotiations with private companies or agreements were being reached with British Company or Malasian Company. Sir, I want to know at what stage the problem is. Unless and until we have local elected representatives, these problems cannot be solved. Sir, this Government claims to be transparent and that it claims it is committed to decentralisation. Why is it then the Government centralises power at one place? I want to know whether the Government would be ready to conduct the elections to the Municipal Corporation of Hyderabad when the Hon’ble Chief Minister is satisfied that he has toured every nook and corner of City and that the people are in this favour. Speaker Sir, people want elections to the Municipal Corporation of Hyderabad immediately. I want to know on what basis the delimitation work is being done and what is the criteria which the Government is following for that. What are the minimum voters which are going to be there in each Constituency and in each Municipal ward? What is the maximum number of voters which you are going to have? I can give an example for this. In the Old City, there are Municipal constituencies which are having voters in excess of 55000. There are nearly ten such constituencies where is in Secunderabad there are Municipal constituencies having voters of only 19000 to 20000. Is the Government going the constituencies on uniform basis? Is there going to be division? There are important points, Sir. The people of Hyderabad do not want the term of the Commissioner to be extended. We want local representatives to be there. Sir, as far as my knowledge goes, if the Government does not conduct the Municipal elections by the next financial year, according to the Constitution Amendment, the Centre will not release its share of funds for the development of the City of Hyderabad. Sir, nowadays it is announced that such and such a Minister had gone to the particular place and sanctioned Rs. 1 crore and that the Hon’ble Chief Minister had gone there and sanctioned funds. Sir, all these sanctions are made from the Central share. I want to know why there is undevelopment in spite of so much of money collected and spent. I want to know what development is going on.

Sir, the basic example of the ambiguous nature of the Municipal Administration is that six months back fixing up of street lights was the responsibility of the Municipal Corporation and now it is transferred to the Electricity Department. When we go to the Electricity Department, unless and until M.C.H. purchases and gives the material, they cannot do anything. What kind of administration is going on in the Municipal Administration? One Organisation or Board purchase and the other
fixes up. Sir, all these problems can be solved if people are given the choice. The people should be given their democratic choice which the Constitution guarantees them to elect their own representatives. Sir, I am against this Bill and I will vote against it. Thank you.

Srī Asaduddin Owaisi:- Mr. Deputy Speaker, I want to protest against the Bill. The people are being denied their democratic right to be elected the local representatives. The Chief Minister is touring the whole of the City. But the Chief Minister cannot discharge the duties of a Municipal Commissioner or Special Officer or Municipal Councillor. He cannot do each and every work. The Chief Minister held Darbars in the Quli Qutub Sha Urban Development Authority Officer. He has sanctioned so many works. The Municipal Administration Minister was also there. He made so many promises. These promises remind me of
a story which I heard in my school days. Once upon a time there was a King. In his Darbar some people used to sing and the King used to announce something. One person started singing very well on one day. First the King announced ten Gold coins. When he sang further the King promised hundred Gold Coins. The singer continued to sing. After some time the King promised jagirs for the singer. At the end when the singer asked to give him jagirs as promised the King said: 'You have pleased me by your singing and I pleased your heart by announcing.' This is the same thing. Let there should be some accountability. What will happen after October? The census work cannot be completed after October. This sort of stalling the Elections to the Municipal Corporation of Hyderabad is not good.

I therefore, very much protest against this Bill.

Mr. Deputy Speaker:- The question is:

"That this House disapproves the Hyderabad Municipal Corporations (Amendment) Ordinance, 1997 (A.P. Ordinance No. 9 of 1997) promulgated by the Governor on 9th May, 1997."

(Pause)

The motion was negatived and the Statutory Resolution was lost.

Mr. Deputy Speaker:- The question is:

"That the Hyderabad Municipal Corporations (Amendment) Bill, 1997 be taken into consideraiton."

(Pause)

The motion was adopted and the Bill was considered.

CLAUSE 2

Mr. Deputy Speaker:- There are no amendments to Clause 2. The question is:

"That Clause 2 do stand part of the Bill."

(Pause)

The motion was adopted and Clause 2 was added to the Bill.

(Interruptions)
CLAUSE 3

Sri B. Satyanarayana Murthy:- Sir, I beg to move:-

"(1) Clause 3 shall be renumbered as sub-clause (1) of Clause 3

Speaker Sir, this Bill has been brought to extend the time limit of the Special Officers of the said 11 municipalities. Out of these 11 municipalities, the Rajendranagar Municipality is one
of the worst municipalities in the state being neglected in all aspects. When the Hon'ble Chief Minister has toured that municipality some one and a half year ago ordered the concerned officials to lay water lanes, but so far it was not materialised. The Hon'ble Revenue Minister had also accompanied during the Chief Minister's city visits. Also when the Chief Minister visited Attapur and when he saw the unfiltered drinking water coming from Osman Sagar, though he had immediately directed the concerned officials to solve the problem, still it is unsolved, which shows the lack of responsibility and accountability on the part of the officials. There are various other problems in Rajendranagar Municipal area which require Government's immediate attention.

Secondly Sir, the Government has promised to solve the problems of Municipal Chairman when they have undergone a hunger strike last time in Hyderabad. They are worried about the extension of time limit of the Special Officers of various municipalities in the state. Though the Municipal Chairman are directly elected by the people, they were vested with no powers and they have become mere rubber stamps. This type of state-of-affairs is concerning everybody Sir. Therefore, I request the Government to look into the matter and see that the elected Municipal Chairman/Chair Persons are given their legitimate rights and powers.

The mood of the House now is to adjourn and go home. We request the Hon'ble Minister through you to respect the mood of the House and agree for the adjournment. We will get all the Bills passed tomorrow evening, if necessary. It is not a question of consideration or mercy. We request you to oblige at least in this respect in a sportive way and to adjourn the House to tomorrow. We will pass all the Bills tomorrow. That is our request, Sir.
We are willing to give it up. Let us discharge our responsibility.

We are all Members of this August House. Let us discharge our responsibility.
Sri K. Bapi Raju:- Provided the Legislative Affairs Minister does not further rag us.

Sri K.R. Suresh Reddy:- Sir, the intention of the Government to bring this Bill is to curb ragging in the educational institutions, even though it is delayed. The system with which the junior students are intimidated is a matter of very serious concern for all of us. Ragging in the earlier days, probably when you and me were in the Colleges Sir, was different and the intention of it was different. The idea of ragging then was to enable the elders or the seniors getting to know the juniors or the juniors getting to acquaint in the new premises. When a junior student comes and meets his senior students; it is the responsibility of the seniors to see that the junior is well settled in the college. But over the years we have seen tremendous deterioration. Sir, the deterioration is not merely limited to these institutions alone. Deterioration is seen in the society and the deterioration in the society is reflected in the educational institutions also. Today we have reached a point where in some of the Institutions junior students have committed suicide or they have left the institutions midway for the fear of being continuously ragged or would be ragged. At such a point the Government has come out with the Bill.

Sir, in one of the salient features of the Bill, it is said, "Whoever commits, participates, abets or propogates ragging in the educational institutions or outside the educational institutions..." The point is that you have fixed the responsibility on the Head of the Institution to punish the student or the person who does ragging or abets ragging. Sir, the Government is not very clear as to who is fixed responsibility of controlling or stopping or punishing the people who are ragging the
students outside the campus. The ragging is taking place both inside
the campus and outside the campus. So, I would like to Minister to
clarify this.

Sir, secondly by bringing in laws alone we cannot stop ragging. Rag­
ging has been going on since many years. So many laws, faultfledged
laws and laws and stricter laws have been framed, Though to some
extent it has been curbed, it has not been totally eradicated. In our
opinion just by merely making laws we cannot stop ragging, and for
that some kid of awareness is to be created. One of the fundamental
reasons for the ragging is the deteriorating or degrading social system.
You see the movies and the television. The kind of projection coming
out of these two media is one of the factors for the people or the students
to come to such level of ragging. Sir, you have made the Head of the
institution as a person who has to impose punishment on the
students who indulges in ragging. But in order to create a better
atmosphere in the campus you should involve even senior students.
When a complaint has been lodged with the Principia or Head of the
Institution, the Head of the Institution before decides about the kind of
punishment should also involve the senior students so that the senior
students can also suggest to their colleagues not to indulge in such
wrongful deeds. Of late, we have also seen that there is no coordination
between the management and the students. Once the student enters
the college or the campus he merely goes to his dass room, listens to
the lecture delivered by the Professor/Lecturer and goes back. But there
are no other activities which coordinate or which get the management
and students closer or the juniors and seniors closer so that a very
good atmosphere can be created in the campus. You should work out
on these happenings and such laws alone will eradicate this ragging
business. Hence, I request through you the Government to consider
these few points which will create an awareness among the students so
that such things will not recur. Thank you, sir.

Section 2 (e) states that "'Ragging' means doing an act which causes or is likely to cause insult or annoyance of fear or apprenension or threat or intimidation or outrage of modesty or injury to a student."
Dr. G. Vijaya Rama Rao:- Mr. Deputy Speaker Sir, the Hon'ble Minister Dr. P.V. Ratnaiah has brought forward this Bill for prohibition of ragging in educational institutions. I am sure, this Bill will be appreciated, particularly, by the girl students, sincere, honest, hard working and innocent students. I on my behalf congratulate the Government for bringing this legislation. This ragging in educational institutions, particularly, in professional colleges viz., medical and engineering colleges and universities has become a custom and culture. For the past 20 years either the voluntary organisations or the left organisations or any individual could not break this custom. It is continuously going on every year and it is proving to be a havoc for the innocent pupils. I would like to submit that this ragging is being precipitated in various colleges in several ways.

Sir, here in this Bill it was provided that the victim has to make a complaint to the Principal / Head of the Institution. But in case the victim complains to the Principal the person who is actively involved in the ragging will definitely threaten the victim with dire consequences. So I would suggest that wherever the ragging is taking place the Principal must keep a vigilant eye on the students and whoever involves in the ragging activities the Principal or the Head of the Institution on his own make a case on the students and they must be punished. I once again appreciate and sincerely congratulate the Minister for bringing this legislation. Thank you.

If ragging takes place outside the Campus who will take action? If it is within the premises the Head of the Department will take action. If it is outside what is the action? What type of protection will be given to the students if ragging takes place outside the Campus?
Dr. Q. Vijaya Rama Rao:- How the Principal will take action if ragging takes place outside the Campus?

Mrs. Della Godfrey:- Mr. Deputy Speaker, Sir, we have heard various suggestions from the Hon’ble Members here. I have noticed that we are not protecting the management of the institution. If it is outside the premises who will take action? In institutions where co-education is there and ragging and eve teasing are taking place and if it is within the premises the Head of the Institution will take action. What about institutions where boys and girls are there and ragging takes place on the roads i.e., outside the premises? I suggest in order to strengthen this Bill and to see that it is probably implemented we should have a tribunal also to assist the Heads of the Institutions to further enforce this because it may be difficult for the Head of the Institutions to take stringent action against the individual. We want to strengthen the institutions and to make it very serious matter we should form Tribunal to assist the Head of the Institution so that further investigations can be made before we take serious action.
Mr. Deputy Speaker:- No further discussion. The question is:
“That the Andhra Pradesh Prohibition of Ragging Bill, 1997 be taken into consideration.”

Sri P. Ashok Gajapathi Raju:- Sir, I beg to move that the Andhra Pradesh Entertainments Tax (Amendment) Bill, 1997 be taken up.

(Interruptions)

We have a job to do it and we will do it.

(Interruptions)

Mr. Deputy Speaker:- Tomorrow there are number of items.

Sri P. Ashok Gajapathi Raju:- Today we have lost three hours. Is there any courtesy for their behaviour. What can I do for it?

Sri P. Ashoka Gajapathi Raju:- I cannot do anything against law. The Members are welcome to participate. We are willing to work for
over time and we will finish it.

Mr. Deputy Speaker:- Sri P. Ashoka Gajapathi Raju garu please move the Bill.

Sri P. Ashoka Gajapathi Raju:- (Deputing the Chief Minister) Speaker sir, I beg to move

“That the Andhra Pradesh Entertainments Tax (Amendment) Bill, 1997 be taken into consideration”.

Mr. Deputy Speaker:- Motion moved. Now the discussion.

Sri P. Ashoka Gajapathi Raju:- Speaker Sir, this is a very small Bill. In the past, we had amended the Entertainment Tax Act to get revenue for the local bodies, but there was a lot of difficulty in implementing it and after the discussions we have modified it a little bit. Now these amendments are necessarily to be required to implement it in an effective manner. We have already given Ordinances and they are under implementation and this Bill seeks to amend that Act. Sir, we have categorized . . .
local bodies into (a), (b) (c) and (d). With these measures, the earlier proposals which were supposed to yeild around Rs. 10.00 crores has come down to Rs. 5.00 crores to Rs. 6.00 crores. I request this august House to pass this Bill.

Sri P. Ashoka Gajapathi Raju:- Sir, out of this amount 90% will go to the local bodies, 7% will go to the Film Development Corporation and 3% of the amount will go to the Government. All the Cable T.V. Operators should have to pay this tax. Earlier also it was same method.
Speaker Sir, it is the discretion of the local bodies as to how to spend that money and we need not educate them. Out of total entertainment tax, 90% will go to the local bodies, 7% to the Film Development Corporation and the balance 3% will go to the Government. Development is the choice of the local bodies and as you all know it is one of the growing resources. Day-in-and-day-out, you might have noticed that new methods are coming in. Education does not mean getting rid of entertainment tax, similarly entertainment of educational values and since no one can afford the entertainment tax, the concerned people who supply the entertainment are liable to pay this tax. The Government is also thinking about existing entertainment tax on theatres and the master cable T.V.s are now being
brought into that fold and the Government is also thinking of introducing security deposit system on these Master Cable T.V.s so that there will not be any misuse. Similarly, these deposits will also go to the local bodies. Charges from Rs. 1/- to Rs. 8/- to the connection is fully depending upon the nature of the area - urban or rural. I don't know, whether the Hon'ble Members will agree with it.

Sri P. Chandrasekhar - Speaker Sir, in municipalities, the entertainment tax is being collected by the Commercial Tax Department and in turn they are giving it to the municipalities. The problem here is, sometimes, the collected amount is not being paid to the municipalities. It is happening everywhere in Andhra Pradesh. Now, the question is that who has to collect this tax? The Government should entrust this job to a specific authority and it should strictly be collected every year. Otherwise, the efforts of the Government may become futile.

Sri P. Ashoka Gajapathi Raju - Earlier, the incidence was on the Operator. Now, there is a working difficulty in it.
Now the mode of incidence is changed. Though we are getting lesser revenue about half of it, earlier, we thought of about Rs. 10.00 crores as it has come down to Rs. 5.00 crores to Rs. 6.00 crores. The source of income will help protect all the local bodies in the state. The Commercial Tax Department collects this tax once in a week from theatres and it pass on to the concerned municipalities once in a quarter.

Sri K.R. Suresh Reddy:- Speaker Sir, the fundamental doubt here is that how the Government will identity each Cable Operator as to how many connections he is having and what is mechanism he is evolving, the number of sets etc.? Secondly-Sir, the Government has come forward through Co-operative Banks to offer loans to the poor and middle class people to purchase the T.Vs who do not treat them merely as an entertainment but also as an educative. I would like to know whether the Government gives exemption to these people who were having black & white T.Vs as they do not fall under the category of entertainment. Sir, again the Government has not mentioned about another source of revenue i.e. there are so many people who are having their own satellite receivers and getting sky channels even without cable links. I think the Government does not like to collect any entertainment tax from these people, but instead intends to charge the poorer people. I request that atleast the people who are purchasing T.V. sets through Co-operative Banks should be exempted from paying this tax.

Sri P. Ashoka Gajapathi Raju:- Speaker Sir, there is a fundamental difference in understanding. One is commercial activity and the other is non-commercial activity. Sir, this tax is a commercial activity. We have also not spared the people who had private theatres sitting in their homes with their families and viewing different channels and we have charged these people. Some people ar wealthy who can afford to have dish antennas while some others cannot afford for the same. Ordinary T.Vs whether they are Colour or Black & White, they need not pay this tax unless they have an access to cable. Again there are Master Operators who have to file their returns and if they don’t do that, action will be taken as per the law.

Sri G. Butchaiah Chowdary:- Speaker Sir....

Sri K.R. Suresh Reddy:- How will you identify the number of such Master Cable Operators in the state?

Sri P. Ashoka Gajapathi Raju:- A Cable Operator will file a return.
Mr. Deputy Speaker:—Now the question is:

"That the Andhra Pradesh Entertainments Tax (Amendment) Bill, 1997 be taken into consideration."

(Pauses)

The motion was adopted and the Bill was considered.

(Clauses)

Mr. Deputy Speaker:—There are no amendments to clauses 2 to 4, clause 1, Enacting Formula and Long Title. Now the question is:

"That clauses 2 to 4, clause 1, Enacting Formula and Long title do stand part of the Bill."

(Pause)

The motion was adopted and clauses 2 to 4, clause 1, Enacting Formula and Long Title were added to the Bill.

Mr. Deputy Speaker:—Now I request the Minister for Finance to move the motion for passing the Bill.

(Interruption by Sri G. Butchaiah Chowdary)

Sri P. Ashok Gajapathi Raju:—For every local body, the entertain­ment tax is adjusted every quarter. If there is any particular local body where it is not adjusted, if it is brought to our notice, we will look into it.

Sri G. Butchaiah Chowdary:—For Rajahmundry, there is no adjust­ment at all last year and this year also.

Sri P. Ashok Gajapathi Raju:—I will get it enquired. If it is not done for Rajahmundry, I will personally look into it and inform him.

Mr. Deputy Speaker:—I request the Minister to move the motion.

Sri P. Ashok Gajapathi Raju:—Sir, I beg to move:

"That the Andhra Pradesh Entertainments Tax (Amendment) Bill, 1997 be passed."

(Pause)

The motion was adopted and the Bill was passed.)
Sri G.M.C. Balayogi:- Sir, I beg to move:

"That the Andhra Pradesh Public Examinations (Prevention of Malpractices and Unfair means) Bill, 1997 be taken into consideration."

Mr. Deputy Speaker:- Motion moved.

Sri K.R. Suresh Reddy:- Mr. Deputy Speaker, Sir, Today, in this late hour, the Government has moved this Public Examinations (Prevention of Malpractices and Unfair Means) Bill. It could be seen from various Bills that the Government has moved this evening including this Bill, they all empower the Government with more powers. This ultimately creates an impression amongst all of us that the Government today has no guts to continue with the present law and they need some more powers.

This Bill pertains to education and the examinations. I treat any Bill connected with education as holy. This is holy Bill which the Government has brought in. If we look into the thinking of the Government is bringing about this legislation we can understand that this Bill is basically
intended to take action after the act has been committed. Today, to have a better examination system or to conduct the examinations without malpractices, the only important aspect which the Government should take care of, is to curb corruption. If you can control corruption.....

Sri E. Pratap Reddy:- Sir, the Government is not serious.

Sri G.M.C. Balayogi:- We are serious.

Sri K.R. Suresh Reddy:- How can we be convinced that the Government is serious? In the last three Bills, they have not taken a single suggestion.

Mr. Deputy Speaker:- I understand your seriousness. I request the Minister.

Sri G.M.C. Balayogi:- We are also serious about the Bill.

Sri K.R. Suresh Reddy:- Today, the fundamental issue before the Government and before the society is corruption. If you can eradicate corruption, half of the job is done. It is only because of corruption or the corrupt officials that today such malpractices are going on. This Bill is being introduced hastily without much of a discussion outside.

As we see, in the Bill there are many aspects which need to be considered by the Government. We are seeing that lot of private institutions have cropped up now a days. All these private institutions, when they apply for examination centres, they are asking the Government or the Department for a specific examination centre, which is a dummy centre. It is dummy because it is the same institution with a different name and they want that institution to be the examination centre for this institution. Today, the Government has to have a look into this and see that examination centres are allotted through random and not according to the choice of the institutions. The Government should consider this aspect. We also see that the students who go for the examinations are sent in groups. The students of X school go to Y school and Y school students go to X school. That should not be the pattern. Let all the students be clubbed together and let them be allotted individual examination centres. All the students should be mixed together and examination centres allotted at random as you do for EAMCET. If this is done, the institutions will not be in a position to influence the officials for allotting a particular examination centre. Another aspect which I would like to emphasise is that some of the students apply for change of centre on medical grounds. On this pretext, we have seen lot of students
changing the examination centres to the home town. Once they go to the home town, there is scope for committing some kind of malpractices. That has to be stopped. The Government should consider that aspect also. The custodians, who are the departmental officials deputed to the examination centres, go to the police station along with the Principal one hour or half an hour before the examination and get the examination paper and that paper is leaked. In most of the cases, custodians are hand in glove with the principals in leaking the paper just before half an hour or one hour before the examination is conducted. There were also instances that the answer sheets written by the students are being changed. Instances have been reported that the students who have influence or the management have been indulging in such malpractices and replacing the answer sheets written by the students with the answer sheets written by the professors so as to secure more marks. The numbering pattern of answersheets needs to be changed and a better system has to be evolved so as to see that such activities are not continued.

We have also seen how coding and decoding is done and how it is manipulated. There are some people who are well versed in this method of decoding. Once the examinations are completed, evaluation is being done. I was told that previously 30 papers was the target for each evaluator. Today, This Government has increased it 60. Instead of correcting 30 papers, you are asking him to correct 60 papers. The lives, the marks or whatever is written by the students are at the mercy of that evaluator. proper justice may not be done if so much burden is put on the evaluator. At the same time, I would like to suggest that the examination papers written by the students at least at the Intermediate level should be evaluated by two persons so that proper justice can be done to the students. We can also ensure quality in evaluation if two persons evaluate one paper. Let the Government consider it.

An Hon. Member:- If there is difference of opinion.

Sri K.R. Suresh Reddy:- If there is difference of opinion to the extent of 5 to 10 percent, average of it can be taken otherwise third examiner should be there. The invigilators are also liable for imprisonment and punishment if any student is caught copying. The invigilator is a teacher.

Instead of that, you have to see what is humanly possible. If you give hundred students in a class, will it be possible for an invigilator?
Have you consulted the teaching federation or the teaching unions to find out what is the maximum limit to make fool-proof invigilation? If you have not done, there is very much necessity to do it. The same principle applies to the students. If they indulge in malpractices, you are calling them criminals. It is a student instinct. If I am a student and if I get an opportunity to peep to that side or this side, definitely I will do it. It is a human instinct. For such an issue, we are making him a criminal. There was an instance in Medak district. At Kohir, in the Government Junior College, a student who was caught copying was put behind the bars by the Superintendent of Police, What kind of impression would it create on the students? You are making him a criminal. Government should think in terms of controlling. It is not that we encourage malpractice. It is not that we encourage students to copy, but the kind of punishment you are proposing is severe and it will have a very bad effect on the students' career. Government should consider this aspect also.

Finally, you have to see how your system is functioning. Today, when you start education with class-1, till class 10, there is no seriousness. 7th class is just a formality. In case they fail, you give them an opportunity to write again. In 10th class you put a big speed breaker. There are invigilators, flying squads, etc. You have done nothing in the previous years. I would like to suggest that you should hold an examination in class 5, in class 6, in class 8 and class 9. Examinations are being held. But, did the Board officials or the Government officials ever visit any of the schools and checked up the results in non-Government examinations? This is one aspect where you have to prepare the students and filter the students right from 1st class onwards so that some kind of discipline comes into the students and his quality, his efficiency and his sincerity will improve. You have the facility of instant examinations to intermediate students, to the 7th class students, but you have forgotten the 10th class students. The 10th class students also participated in Janmabhoomi. There are 10th class students who have failed in one subject by two or three marks. Government should consider and give them the facility of instant examination so that they can avoid loss of one academic year.

Sir, we would have appreciated that the Government is sincere in curbing the malpractices, in creating a healthy atmosphere and also competitiveness had the Government taken this subject for discussion before coming in the form of Bill. We would have appreciated if the Government had consultations with the students, parents and teachers to ascertain the practical problems and take their suggestions as
to how best we can do it before coming up with this Bill. Today, we
have seen instances where so many institutions have been caught for
malpractices, but nothing has been done so far. You have done nothing
even after the Ordinance was brought in till today. What is the confidence
you give that you are going to take action? An awareness needs to be
created in the society. This awareness can be created only through
discussion. This discussion is very essential because it involves the
lives of many students. In such a situation, the Congress Legislature
Party feels that this Bill needs to be referred to a Select Committee. The
Select Committee definitely has to meet the representatives of students
before the House passes the Bill.

Sir, we have seen instances of leakage of examination papers. It is an
yearly feature. Earlier, we used to see the Ministers resigning whenever
an examination paper has leaked. Today, nobody is surprised. Even
the newspapers are publishing it in the third or fourth page. Such is
the magnitude. There are known centres where there is leakage of
examination papers every year. It is appearing in the newspapers also.

Before concluding, I reiterate once again that we in the Congress
Legislature Party feel that this Bill was brought in very hastily. We did
not understand the intention of the Government. Then, we will take it
up for discussion. Examinations are over. You have one more
year to go before examinations come in. You send the bill for
Select Committee.

The motion was adopted and Clauses 2 to 17, Clauses 1, Enacting Formula and Long Title were added to the Bill.

Sri K.R. Suresh Reddy:- Sir, We have to protest. Sir, this is a Bill which has almost 17 Clauses. That means it is a very comprehensive Bill. We have felt and we have told this Government that this Bill needed to be debated further before you came to any conclusion because it involved the lives of lakhs of students. As we are in no way nearer to the examinations it is not necessary to take it up immediately. You can always allow for discussion and come out some more points that can be added to the Bill so that the students will be benefitted. Sir, at the same time, mal-practices are taking place. Inspite of our plea and inspite of our request which is very genuine and as some of the Ruling Party Members also agreed for a thorough discussion the rigid stand of the Government force us to protest. So, as a protest we are walking out.

(At this stage the Hon’ble Members belonging to Congress) staged a walk-out.)
