Speaker:- Please answer to the point.
Mr. Speaker:— All the Ministers are advised to confine to the subject and not to go beyond what was asked. Confine to the point. They should not repeat again, please.

The Hon. Speaker (Mr. N. R. Narasimhaiah) :— Sir, the question was a simple one. We asked, what are the various steps taken by the Ministry? The Hon. Minister for Home Affairs submitted a list of various steps taken. It may be proficive for the House to know that these steps have been very well-coordinated. The Ministry has taken many steps. I think we should have the whole list of steps taken. It may be proficive for the House to know.

Mr. M. K. Narasimhaiah:— Mr. Speaker, I would like to know one thing. You have set a limit for the Minister. What is the reason for setting the limit? The Minister may want to explain the position. The Ministry is in confusion. I wish to understand the position. It may be proficive for the House.

Sri Gade Venkata Reddy:— Arbitrary clause is the most important aspect. If there is a dispute between the States, Under Sec. 6(a) of the Inter Water Disputes Act you can refer it to the Tribunal. What is the action taken by the State Government in this regard? Among has already been sanctioned by the previous Government and works were going on. After this Government came into power, works were stopped. What is the reason for that?

Sir Asaduddin Owaisi (Charminar):- Sir, with your permission only one word. It is a matter of privilege. You have directed his office not to send notices regarding payment of arrears of rent. The Committee under your chairmanship categorically told not to send notices. Smt. Prathibha Bharathi was also there on the Committee. Despite Committee's instructions, they are sending the notices. It is a matter of J. 187-6.
privilege. An assurance was given by the Principal Secretary.

Sri P. Ashok Gajapathi Raju:-- Sir, I could not follow what it is. What I understand is that some direction was given by the Petitions Committee. What is the direction, Sir?

Sri Asaduddin Owaisi:-- Not to issue notices for the arrears of rent until the Government decides it. A resolution was passed that the Government should allot the houses on hire-purchase scheme to the Govt. Servants.

Sir, I want to draw the attention of the Government to the making of Hyderabad Air-port a full-fledged international air-port. There was a proposal to do that. The Government also wants to invite foreign companies and foreign investors to the State. How can we expect the foreign investors if you do not have direct flights to the City? How can we expect financial investment in this state? Secondly, I believe that the air-port authorities want to acquire Hakimpet runway. No doubt it is a matter with the Centre. But a State Level Committee was formed. I believe the Minister was also there to make sure that some land is given to air-port authorities to upgrade Hyderabad air-port to make it a full-fledged international air-port. Sir, I want to know what has been done so far to make it full-fledged international air-port. Unless and until you give runway and the adjoining area it is not a viable thing. I want to know what the State level Committee is doing.

Sri P. Ashok Gajapathi Raju:-- Sir, we have made a note of what the Hon'ble Member has said. We will get it examined. We are also interested in it. If he wants information he can come in another form. Information will be made available.
Sri P. Ashok Gajpatri Raju: Sir, we are fortunate to have some poets among us. Poetry livens life. She raised a matter with regard to the Small Scale Industries Development Corporation. She has predicted that the Government is thinking of closing it. We have made a note of it. We will look into it.

Sri P. Ashok Gajapathi Raju:— Sir, we are supposed to adjourn at 2’0 clock. The Government requires half-an-hour time to reply. In between how to adjust? Kindly see.

Chairman:— That is what I have said.

Sri P. Ashok Gajapathi Raju:— The Government will require half-an-hour. In the afternoon we have to take Bills only.

(Interruptions)

Chairman:— Please Co-operate with the Chair.

Sri P. Ashok Gajapathi Raju:— 1.30JR to 1.30R cH. Mr. Minister, the Government will require half-an-hour. In the reply the Government said like this: 'There are no reports from Khammam District regarding any clashes between the tribals and non-tribals or any law and order problems arising out of the land disputes.' In reply the Government said like this: 'There are no reports from Khammam District regarding any clashes between the tribals and non-tribals or any law and order problems arising out of the land disputes.'
Sri K. Bapi Raju:- Do you know the intensity of the problem? The Sub-Committee was constituted. I expected the Government to request the people.
We have a few alternatives before us. One is, as per the agenda we are supposed to adjourn at 2° Clock, and reassemble at 4.30 P.M. for Bills, which thing is the primary responsibility for this August House to pass. Another alternative is, instead of adjourning at 2° Clock, we can go on up to 3° Clock continuously. One more alternative is we can reassemble at 4.30 P.M. and take up Bills. The Bills will be completed by 5.30 P.M. and we can continue the discussion under Rule 304. This is what I am trying to submit to the House. We should co-operate with one another and try to get the things done. I pray to my good friend — my childhood friend — Bapi Rajugaru not to repeat throwing his watch around. It is not parliamentary behaviour.
To raise the matter regarding tribal and non-tribal problem in West Godavari and Khammam Districts!...
Sri P. Ashok Gajapathi Raju:- Sir, 4.30 p.m. will be safe. We will finish it. Let us go back to the subject and take whatever time is required. We can adjourn and meet again at 4.30 p.m.

Mr. Deputy Speaker:- Motion moved. Now, discussion on the Bills. Let the Minister explain the salient features of the Bills.

J. 187-14
We feel that they are necessary.
Sir, they want to insert the words conveyance on sale, which is highly objectionable. The words are objectionable because they imply that the conveyance is being sold. The sale of conveyance should be clearly stated as a sale, not as a conveyance on sale. This can be done by inserting the words "for sale" after "conveyance".

Sri P. Ashok Gajapathi Raju:- Sir, I am objecting to what Mr. Baddam Balreddy is saying. If has any grievance, he can bring the same to your notice in a different way. But this is not the way to blackmail the Chair. This is not a good practice.
Sri Asaduddin Owaisi: - Sir, I have no objection regarding Bill No. 13 brought forward by the Government. But regarding Bill No. 14, I have certain objections to raise. The Hon’ble Revenue Minister while introducing the Bill had stated that only small amendments were being effected, hence the Bill can be passed without any delay. But Sir, truly speaking, the repercussions of these amendments are going to be on a large scale and in a way, the Government are making people liable to pay more Stamp Duty. Sir in explanation – T. it was stated that "an instrument whereby a co-owner of any property transfers his interest to another co-owner of the property and which is not an instrument of partition, shall, for the purposes of this clause, be deemed to be an instrument by which property is transferred intervivos." Sir, that means, for example, if three brothers are staying in a three storyed
building and one of them says that the ground floor belongs to me. Sir, it does not mean sale. Basically, what the Government is telling is, even though if somebody would give up his interest in property, stamp duty would be imposed on him. Sir, it is nothing but nicest way of following the people.

Secondly Sir, in explanation-II, it was stated that "an instrument whereby a partner transfers his share in the property of the partnership business to another partner or to other partners, whether separately or together with transfer of other business assets on retirement or dissolution or whereby contributes to the capital of the partnership firm...

"Sir, for example, if a person dies in a partnership firm, his son would naturally takes his place. In such a situation, what the Government is stating that Stamp Duty would be imposed on him. What happens if a partnership firm would be dissolved? Then also the Government is very pleased to impose the Stamp Duty. Sir, this is most unfair. The Government is not understanding the repercussions emanate from such amendments. These amendments will affect people very badly. Sir, another point which I want to bring to the notice of the Hon'ble Members through you is regarding Sec-47, on page No.6 which says "provided that no reference shall be made by the registering officer unless an amount equal to 50% of the deficit duty arrived at by him is deposited by the party concerned." Sir, this is totally irrational. What the Government mean to say? May I appeal to the High Court regarding rent matter? This is totally irrational. Unless and until the said amount is paid, the Government will not hear the matter.

Lastly Sir, the same Clause tells that "provided further that where after the determination of market value by the Collector, if the stamp duty borne by the instrument is found
sufficient, the amount deposited shall be returned to the person concerned without interest. "The Government is asking the people to pay half the money today and if tomorrow if the Collector decides the market value stating that the calculation made by the register is not up to the market value, in such a case, it will return back the money without interest. It is nothing but doing injustice to the people. It is against the law of equality. How can the Government do that? On the one hand, you are asking me to pay 50% of the amount on the other if the Collector came to a conclusion that the market value that the Registrar had arrived at was wrong, then the Government would return people’s money without interest. I do not know what sort of justice it is? Sir, my humble submission is, first, let the Collector decide the market value and in case the value arrived at was proved wrong, then let the Government pay aback the money with interest. Sir, nowadays, if became a habit with registrars that wherever a residential house is facing forwards the main road. They will go in for revaluation taking into consideration the commercial rates. Sir, what is the point in amending Sec-47? Already a Stamp Duty of 14% is there. Sir, the amendment only leads to corruption. Indirectly, the Government is asking people to to in for corruption.

Sir, I am totally against this Bill. Let it be referred to the Select Committee to enable us to make suitable amendments. No doubt, we are for the development of the State but this is not the way to squeeze people's finances. Sir, I thank you very much for giving me this opportunity.

Sri Asaduddin Owaisi:— Speaker Sir, the Minister has given two kinds of explanations in this Bill. The first one talks about co-owner. But, I think the Minister is failed to understand the definition of it or else he does not want to understand it. The second explanation is Sir if any person dies automatically his hereditary property goes to his sons or daughters. Even in that case he is asking for stamp duty. There may be ambiguous cases Sir. But there will also be genuine cases. We cannot generalise everything. Asking for 50% of market deposit value has no meaning. If I have a residence and if that costs ₹25.00 lakhs, then I have to pay 50% market value. The officials of registration office will do their calculation on commercial basis. You want to take money, but you don't want to give us interest on that. Who will accept it Sir, it will lead to corruption. This is injustice.
Sri T. Devender Goud:- At present under 47(A) about Rs.42.00 crores is lapsed.

Mr. Deputy Speaker:- The question is:
"That the Indian Stamp (Andhra Pradesh Amendment) Bill, 1997 be taken into consideration."

Sri P. Ashok Gajapathi Raju:— Speaker Sir, with your kind permission I beg to move:

"That the Andhra Pradesh Public Employment (Regulation of age on Superannuation) (Amendment) Bill, 1997 be taken into consideration."

Mr. Deputy Speaker:— Motion moved. Now discussion.

Sri P. Ashok Gajapathi Raju:— Speaker Sir, in this Bill an option has been given to the workcharged employees to come...
into the Government service and for superior services we want to have them on par with existing civil servants. The superior servants will retire at the age of 58 years while the inferior servants will continue to retire at 60 years.

Sri Gade Venkat Reddy:- If that is the intention of the Government there is no need to bring this amendment now, by passing an order of reduction of age from 60 to 58 and it does not hold good in Tribunal. It is not compulsory. Those who opt to come into superior services.
eventhough they are semi-skilled or unskilled, they should be retired at the age of 58 years. All employees are workmen in the establishment. Semi-skilled and unskilled. All employees are workmen in the establishment. 35% of the employees are skilled.

Sri P. Ashok Gajapathi Raju—Mr. Deputy Speaker, Sir, nine Hon. Members have spoken on this Bill and among them only one Hon. Member seems to have projected the issue in the correct perspective. This not talking about work-charged people. It is taking about those who have opted for Government Service. Nobody is forcing anybody to opt for Government service, I think we cannot have a dual policy within the Government. That is why we are bringing this Bill. Since this Bill has been misunderstood, I have made the point very clear beyond any ambiguity. I think the Hon. Members might have changed their mind to support this Bill as I have clarified the issue very clearly.

The Hon. Members have also raised other issues. Those other issues, we will examine separately. We are not against the working class. The working class is the backbone of our country, the backbone of our economy and if the working class is strengthened, our economy will also get strengthened. We are not against the working class. This much I can assure the Hon. Members. Hon. Member Sri Rajgopal raised the issue of privatisation. First of all, I would like to inform the House that our policy is not against the public sector. But, we will not allow the public sector to thrive at the cost of tax-payers' money for eternity. I think we are clear and there is no ambiguity on this. I thank the Hon. Members for not giving amendments. I request them to pass this Bill.
Sri P. Ashok Gajapathi Raju:- I don't know what we have done to be called anti-labour. This Government has done everything to strengthen labour. I can't understand this logic. But, it is a fact that we want the civil service to be uniform. There are Tribunal Judgments. We have explained our intention. We don't want one gentleman to retire at the age of 60 when similar people in the superior service are retiring at the age of 58. I don't think it is correct. We are bringing uniformity. Yesterday Congress was in Government and today
Telugu Desam is in Government. Almost all the parties here are in Government in some State or the other. Are not the years of service uniform? Just because they have done it, should I accuse CPM as anti-Labour? Should I accuse BJP as anti-labour? Should I accuse Congress as anti-labour? What is this logic. Just by dubbing another party as anti-labour does not make it anti-labour. We are making the Government service uniform. Are you against uniformity? O.K., fine. Thank you, very much. Please pass the Bill.

Mr. Deputy Speaker:- Now the question is:

"That the Andhra Pradesh Public Employment (Regulation of Age of Superannuation) (Amendment) Bill, 1997 be taken into consideration."

Sri P. Ashok Gajapathi Raju:— Mr. Deputy Speaker, Sir, nine Hon. Members have spoken on this Bill and among them only one Hon. Member seems to have projected the issue in the correct perspective. This not talking about work-charged people. It is taking about those who have opted for Government Service. Nobody is forcing anybody to opt for Government service, I think we cannot have a dual policy within the Government. That is why we are bringing this Bill. Since this Bill has been misunderstood, I have made the point very clear beyond any ambiguity. I think the Hon. Members might have changed their mind to support this Bill as I have clarified the issue very clearly.

The Hon. Members have also raised other issues. Those other issues, we will examine separately. We are not against the working class. The working class is the backbone of our country, the backbone of our economy and if the working class is strengthened, our economy will also get strengthened. We are not against the working class. This much I can assure the Hon. Members. Hon. Member Sri Rajgopal raised the issue of privatisation. First of all, I would like to inform the House that our policy is not against the public sector. But, we will not allow the public sector to thrive at the cost of tax-payers' money for eternity. I think we are clear and there is no ambiguity on this. I thank the Hon. Members for not giving amendments. I request them to pass this Bill.
Sri P. Ashok Gajapathi Raju:— I don’t know what we have done to be called anti-labour. This Government has done everything to strengthen labour. I can't understand this logic. But, it is a fact that we want the civil service to be uniform. There are Tribunal Judgments. We have explained our intention. We don't want one gentleman to retire at the age of 60 when similar people in the superior service are retiring at the age of 58. I don't think it is correct. We are bringing uniformity. Yesterday Congress was in Government and today
Telegu Desam is in Government. Almost all the parties here are in Government in some State or the other. Are not the years of service uniform? Just because they have done it, should I accuse CPM as anti-Labour? Should I accuse BJP as anti-labour? Should I accuse Congress as anti-labour? What is this logic. Just by dubbing another party as anti-labour does not make it anti-labour. We are making the Government service uniform. Are you against uniformity? O.K., fine. Thank you, very much. Please pass the Bill.
