Mr. Speaker:- I am to announce to the House that I have received a letter from Sri Kamaluddin Ahmed, President, Andhra Pradesh Congress Committee stating that the Congress Legislature Party at its meeting held on 17th January, 1995 has elected Sri Kotla Vijaya Shankara Reddy as its leader.

Mr. Speaker.

Sri Ch. Vidyanagar Rao (Metpalli):- Sir, My privilege motion has been rejected.
Mr. Speaker:- Already you must have received communication stating that it has been rejected.

Mr. Speaker:- Once it is rejected, there is no question of going back again.

My submission Sir. Rule 151 provides that "Provided that where the Speaker has refused his consent". You have already refused your consent. "Under Rule 148 or is of opinion that the matter proposed to be discussed is not in order, he may, if he thinks it necessary, read the notice of question of privilege and state that he refuses consent or holds that the notice of question of privilege is not in order". "Provided further that the Speaker may, if he is satisfied about the urgency of the matter, allow a question of privilege to be raised at any time during the course of a sitting after the disposal of questions." I am not want to cause any inconvenience, I do not want to take much time of the Hon'ble Speaker. It is the prerogative of the Governor to allocate portfolios with the consent of the Hon'ble Chief Minister. But it appeared...

Mr. Speaker:- I have examined every thing. That is why, I have rejected the motion. Reasons are not to be given. Earlier also reasons were never given.

Proviso provides me an opportunity. There are many precedents.
Mr. Speaker:- I have examined the privilege notice in detail and I have rejected the motion. So, once it has been rejected you are not supposed to raise it again.

Sri Ch. Vidyasagar Rao:- After rejection only this arises.

Mr. Speaker:- I need not give any reasons. I have given my direction please obey the same. Please take your seat.

Mr. Speaker:- I have rejected your Privilege Notice and that communication has reached you.

I am having an opportunity as per the Rule 151.

Mr. Speaker:- I am not allowing this one also. Please take your seat.
Mr. Speaker:- Rule 148 is the primary one and under that it has been rejected. Then, where is the question of subsidiary one?

Sri Ch. Vidyasagar Rao:- Rule 151 is to facilitate the Members to raise the question again. If Hon'ble Speaker assures that there is no privilege, I do not have any objection.

Mr. Speaker:- Let me go to the next business.

Mr. Speaker:- Already my ruling is there yesterday. That issue should not come up again. I have rejected your Notice. So there is no question of going back and there is no question of raising the same one. Please allow me to go to the next subject.

Money is money, which can be invested for reproduction. It can be invested for regeneration and re-employment. I am not against it. My Government believes in encouraging private investment and sharply redefining the role of the State - Role of the state redefine.

Government must pay atmost attention to the vital tasks of governance including maintenance of Law & Order, Natural resources development - primary education - health care welfare of the poor - just like Rs. 2 Kg. rice and other things. These activities, once again I want to remind the Government - please listen to us. Those activities that can be taken up with the individual initiative and investment must be left largely to the private sector. The licence permit quota raj erected over the past four decades must be dismantled in public interest.

We welcome private investment in industry and infrastructure in the State. We will do everything possible to support the
entrepreneurs who come forward to invest. Our dealings with entrepreneurs and industrialists will be fair, open, consistent and totally in public interest. If we let any one group of people dominate or manipulate the situation, we may land in some trouble. People are coming to me day in and day out. I think he might have received some memoranda. When you say everything lock, stock and barrel, we will land elsewhere. In the core sector where we have to be there, we must be there. Where private investment can be there, we must allow it.

Sri P. Ashok Gajapathi Raju:- If that is correct, we will definitely look into it. That is why I am verifying with the other Hon'ble Members' books.

Mr. Speaker:- Page numbers are bungled.

Sri P. Ashok Gajapathi Raju:- Some copies are exclusively bungling, Sir. We will take action.

Mr. Speaker:- And report to the House.

Sri P. Ashok Gajapathi Raju:- Yes Sir. We will look into it and come to you, Sir.

It is the prerogative of the Governor to allocate portfolios to Ministers on the recommendations made by the Chief Minister. Chief Minister discharged his constitutional obligations maintaining secrecy of his oath. It is not only NTR who is allocating portfolios, but includes few others. What is the sanctity of Government then? Only functioning as Private Limited Company, but what is the sanctity of Government then? It is a game of four pillars. How you have been functioning, everybody knows.

(Interruptions)

Mr. Speaker:— Please do not go out of the subject.

Sri Ch. Vidyasagara Rao:— Posters have been pasted — you are answerable.
There was no photograph of her.

Mr. Speaker:- Please complete. It is already one hour. There is already a Ruling.

Sri Ch. Vidyasagara Rao:- Sir, that Ruling is on Privilege Motion, not on Governor's Address. Sir, s.th. I said. There is already a Ruling. There is already a Ruling. They have to rule the State for five years. They have gone on record. It has appeared in papers - you can't deny.
There is controversy. Some argue that...
They all have been charged for a number of offences. It is not ordinary hurt or theft or cheating. Most of the Ministers - they are facing murder charges - 302 murder charges. Murder charges trials are going on in all courts. What is the moral stand of this Government?

How many Ministers are there? You publish a white-paper. Should it be attributed so many things? Jute was arid in a fog. Now it is not so. Murder charges are there, all are going on. Murder trials are going on in all courts. How many Ministers are there? You publish a white-paper. How many Ministers are there? You publish a white-paper. How many Ministers are there? You publish a white-paper.

Mr. Indra Reddy is my friend. But Mr. Indra Reddy has not contradicted anything. He has attributed so many things. He was brutally murdered. He has become a Minister. Is it not a provocative thing? Who will control it? I do not have any personal grudge against Nehru or his brothers. They are my friends but fortunately or unfortunately a case has been booked against them - mentioning - that they are accused - you are accused No: 21 -
What are we going to say to the people?

You withdraw the cases. You have already withdrawn somebody else...

Mr. Speaker:- The cases are pending in the Court of Law. So, referring to the cases which are not finalised, is not good. As they are pending in the Court of Law it is not good on the part of the Members to discuss about them.

Sri Ch. Vidyasagar Rao:- I am not attributing anything.
He should not mention. You must remove those things from records.

Sri Ch. Vidyasagara Rao:- What is this Sir? You may remove from the Assembly records but not from the hearts of people of Andhra Pradesh...

Mr. Speaker:- Please sit down. Please take your seat. I am not allowing.

*** Expunged as ordered by the Chair.***
Mr. Speaker:- No, I am not allowing it. It will not go on record.

Mr. Speaker:- No, I am not allowing it. It will not go on record.

Mr. Speaker:- No, I am not allowing it. It will not go on record.

Mr. Speaker:- No, I am not allowing it. It will not go on record.

Mr. Speaker:— I request all the Members not to provoke. Please come to the subject, better...It is only on record, not subject.

Sri Ch. Vidyasagar Rao:— Sir, my friend Mr. Indra Reddy is very happy that he could nicely counter blast all my allegations. Please be happy. I do not have any objection to it. Let it be on record. He is proud. They are proud of it.

Sir, I want all these things to be on record. He has been exonerated of all charges. I am very happy. I am congratulating my friend Mr. Indra Reddy. He can effectively discharge his official duties as Home Minister.
Mr. Speaker:— Mr. Vidyasagar Rao, please wind up.

Sir, Sir!— Sirpurtha:— Mr. Vidyasagar Rao, please wind up.

Mr. Speaker:— Mr. Vidyasagar Rao, please wind up.
Mr. Speaker:— Please take your seat. Let us go to the subject.

Mr. Speaker:— What is your Point of Order?

Mr. Speaker:— Please try to conclude that point.

Mr. Speaker:— Let us not provoke each other. Let us confine to the subject matter.
Mr. Speaker:- I am requesting all the Members to confine to the subject.
Mr. Speaker:— Please confine to the subject.

Mr. Speaker:— Mr. Vidyasagar Rao, you are a lawyer. Mere registration of case is not sufficient because criminal case can be registered against anyone.
If he is charged with any offence, he will be suspended. That is the minimum thing. That is the prevailing law of the land. What happened to these Ministers? Effectively he can discharge. What about other ministers?

Mr. Speaker:- It is more than one hour.

Sri Ch. Vidyasagar Rao:- Most of the time was taken for Delhi, Advani and Uttar Pradesh.

Mr. Speaker:- Continuously you have taken 50 minutes.
We will extend our full co-operation to the Hon. Chief Minister. But, at the same time, we must remember that we are a part of a larger whole, and our actions must be guided by the greater good of the community.

This is an open secret.

Each and everybody knows. This is an open secret. I said a Prime Minister of India. What is wrong in it? I am not saying P.V. Narasimha Rao.

Sri Mohammed Amanullah Khan:— It is my right. No doubt, I know Telugu. But it is my right to speak in Urdu because each and everybody must know Urdu.

It is my right to say in Urdu because Urdu is a national language and English is not the national language. I said that in J. 427-10
Urdu is a national language. English is not the national language. It is a fashion to say in English. To say in English is not decorum.
welcome the Governor's Address. The Governor has in clear terms said in the Address about what the Government intend to do and what their policies are going to be. The Government said that they believed in private investment and liberalisation of economy. The Governor talked about prohibition about implementation of Rs. 2 a kg. Rice Programme, about Housing programme for the poor, about Education, about Health and then about the Law and Order problem.

Let me deal first with economy. Sir, we believe in liberalisation of economy but we do not believe or we do not accept that kind of liberalisation which is now going on or which is being carried on by the Central Government because that liberalisation has benefited a few people. That has made the rich person more richer and liberalisation has not reached the poor or the downtrodden of the society. Due to that liberalisation the farmers of this State have to pay more prices for the seeds now. The Intellectual Property Rights which has been included in the GATT is going to effect the farmers of this State. So, I request the Government to look into this matter and see that this kind of policies are not followed. With the liberalisation, multi-national companies are going to come into the State and for that we need trained workers, whereas in this State we have less trained workers. To train them I suggest that organisations like SETWIN should be made more efficient and they should be given a programme to train the people so that when the multi-national companies come to the State they can be employed by them.

Secondly the Government talks about prohibition. I welcome prohibition. While speaking about prohibition the Government says that they will lose Rs. 1200 crores. Sir, the Almighty would show the necessary resources for us. As the Government said, of course alcohol is a social evil. But then again things like illegal gambling are going on and there is a ring operating in Malakpet. The police are keeping quiet on that. Another social evil is eruption of lottery system. The police are not doing anything when in every corner of street lotteries are being held. That is a social evil because a poor man buys lottery ticket and is not getting anything out of that.
Coming back to Prohibition, now toddy is not included in it. Toddy is also an intoxicant and that is cheap and the poor man is sure to buy that. The programme of prohibition as proposed in the Prohibition Act, should include toddy also because the bottom line is the poor man who should be benefited by it. If the toddy is not prohibited then he is sure to buy and drink it and abuse his family. Thus we go to economic deprivation.

Sir, the Government talked about Rs. 2 a kg. Rice Programme. I can tell you Sir that there are two factors by which the Telugu Desam Party has come into power. One is 'Biyyam' (Rice) and the other is Babri Masjid. The Congress people do not want any Member of the House to mention the name of the Prime Minister. I would like to ask them who was the Prime Minister of India under whose guidance the country was being run when the Babri Masjid was destroyed. If they forgot that, I do not want to say anything. Babri Masjid was destroyed because of the indecisiveness and inadvertance on the part of the Prime Minister of India. He is the most indecisive Prime Minister ever seen in this country. His policy is deferring. Every time you tell him something he says 'I will see later.' What the Muslims have got is destruction of the Babri Masjid. Sir, I was talking on rice issue. This scheme will only be successful if the ruling party comes out with a clear-cut policy as to how a poor person can acquire a ration card. What the authorities say is that name should be there in the electoral roll of 1984 for getting a ration card. People are now over 30 years in some cases. Their names were not there in the electoral roll of 1984. I request the Hon'ble Minister for Civil Supplies to come out with a clear-cut policy saying what is exactly required before a ration card can be issued. According to some newspaper reports there are only about 23,000 people with white cards who are living in the Old City, whereas in fact more than 8 lakhs people live in Old City. What is the point in having a programme if it is not benefiting those people whose sake the programme is initiated? I once again request the Hon'ble Minister for Civil Supplies to make sure that more white cards are issued and to come out with a clear-cut policy to make this Rs. 2 a Kg. rice available to all the needy people.

Sir, in the Governor's Address there was only a single mention about minorities. No other mention was made of Christians or Muslims. Only one word was used about minorities and backward people.

Sir, the Governor's Address made a mention about housing for poor people. I request the Minister for Housing to go and see in Old City how the people are living. There are poor people without any shelter above their heads. Sir, I request the Government, if they have initiated the policy of housing, to make sure that this programme is implemented successfully.

Sir, the other thing which the Governor's Address refers to is Education. Sir, I very much welcome the Government's stand of achieving universal primary education to all
those between the ages of 6 to 14 years. I also welcome the establishment of residential schools. The Government schools established about 20 years ago in Old City are still working in a very dilapidated condition. There is no furniture for the students. They sit on floor. There are no teachers and no tables. I can give an example of a Government High School in Tadban, where the Principal himself is sitting on the floor. Then how can they achieve universal primary education? I request the Hon'ble Education Minister to look into the matter.

Another important thing is that if the basic language of the local people is given prominence or importance by the Government then only the local people will come to receive education. Sir, Urdu is spoken by majority people of the Old City. I request the Government to make it a second language of the State and open more Urdu Schools, so that people will be interested to learn Urdu and you will be attracting them to schools and thus will be doing something for the welfare of the people. One more thing is in the Old City there is only one Girls' Degree College for 9 lakhs people. How are you going to impart education especially for women? I request the Hon'ble Minister for Women Welfare, who is not present now, to look into this matter and coordinate with Minister for Education in this. We need more Government Girls' Colleges to be established and to give more facilities to the present College.

After that the Governor talk about Health. I very much welcome the Primary health Centres that are going to be established. I request the Government to establish Primary Health Centres in those places where they need for them exists, but not in places of the rich, who can go to big hospitals. In some places of Sri Indra reddy Garu's constituency like rajendranagar and Vadiya Mamood teaching my border where people are living in very poor condition there is no hospital facility for them.

Most important problem of all is the scarcity of drinking water. I want to know what the Government is doing. The Governor's Address says, '...before the turn of the century the surplus waters are productively utilised.' I welcome this stand. If there is surplus water why is it not diverted and given to the people who need it?

Then the Governor talked about power to be provided to the farm sector at a subsidised cost of only Rs. 50 per HP capacity. Sir, I agree that this country has developed because of the farming sector. The people of Old City have to walk long distances just to get handful of water. I request the Government to ensure that these basic things are made available to the people. If these cannot be provided then how can we live under such severe circumstances?

Another problem which the Governor's Address has not mentioned is about Wakf lands, Minorites Commission and Minorities' Finance Corporation and also Urdu Academy. These
four organisations are under the Portfolio of my learned friend Sri Basheeruddin Babukhan and his Department gets only Rs. 3½ crores, whereas in Andhra Pradesh there are about 90 lakhs Muslims. If you divide this Rs. 3½ crores by 90 lakhs Muslims that comes to only Rs. 4/- or 5/- for a Muslim. Please look into this matter also. I would like the Government to strengthen the Minorities Finance Corporation so that loans could be given.

Sir, most important problem is encroachment of Wakf lands. There are land grabbers who have backing of political people. In the guise of political people they are encroaching on Wakf lands. I request the Home Minister and the Minister for Wakf to look into the matter because this is a very serious matter.

As my predecessor or speaker has just said, people have been killed in the name of encounters. Sir, I request that a judicial enquiry should be made so that whatever comes out of it could be known by people.

Sir, I very much welcome the Governor's Address that they are going to hold municipal elections. Sir, before municipal elections are held, I request the Government to include the names of those people whose names are missing in the electoral roll. About 1 lakh 50 thousand names are missing in the Old City itself. We can get two advantages out of it if the names are included. One biggest right which an Indian has is democratic right to vote and that can be utilised. Secondly when a man asks for a ration card, the authorities ask whether his name is there in the voter's list and this is also causing a sense of disharmony during the Muslims in the Old City.

Sir, then we are aware, that we are going to have Parliamentary Elections very soon, for which the Identity Cards are going to be issued. Sir, what I mean to say is that if the names are properly there then only proper Identity Cards could be immediately issued.

Then Sir, coming to Law and Order Problem, I very much welcome the stand taken by the Government, by releasing some of the Left Wing Extremists. The Government intends to take positive action, so that these people can come and join the mainstream of the society. Sir, under the guise of TADA many Muslims were arrested and were kept in jail. I too agree that some people were later left out of TADA, but Sir, only those people were released who were having political backing, and enjoy the patronage of their political God Fathers. Only those Muslims were released, but not the common person. Here, I can give you one example Mr. Speaker Sir, in Shakkargunj area itself one person was booked for the offence of murder. In another incident 150 persons were booked for an offence of the same nature. Those 150 persons were absconding while the other people are suffering in jails. I request the Hon'ble Home Minister to take note of this.
Sir, I want to remind one thing. It is because of the indecisiveness and shortsighted policies of the Congress Government, the muslim minorities as a whole, have voted against the Congress. So, I request the Hon’ble Friends, in the ruling party not to commit the same mistake. The Muslims will no more keep quiet. They are politically conscious and no one can say that they are our vote bank. Sir, once again I request the Hon’ble Home Minister to lift all the TADA CASES.

Sir, in recent election, there were some Police Officers who have been brainwashed, and who decided in their heart to support some political party. Sir, I can give you one instance. In one part of the Old City, a Police Inspector fired into the air, without any justifiable excuse. Sir, these types of acts cause fear and apprehensions in the minds of voters. How can we expect a voter, in the existing circumstances, to come out and vote. This is one of the reasons why we witnessed lower turnout, particularly in Hyderabad City. Sir, in another place, the police were checking the voters’ slips to find out whether a particular name is there or not, whereas it is not their job to check such things. They were only entrusted with the responsibility of maintaining law and order and make sure that the elections were held properly. I request the Hon’ble Home Minister to look into this matter, and weed out such tendencies. We do not need such type of people.

Sir, in conclusion on behalf of Mujlis-E-Ittehadul-Muslimeen, which represents Muslim Minorities in the State, I would request the Telugu Desam Party to come forward and issue a White Paper on the very important and major issues concerning the Muslim Minorities in the State.

I congratulate them on their victory and I hope that they will keep-up their promises which they have made to the people of the State.
