Noting down is good. I am not disputing that. But certain facts are there and certain issues are there on which the Government has to necessarily respond. Otherwise there is no value for Zero Hour. It does not serve any fruitful purpose.

Mr. Speaker:— Once the Minister assures that he would take action, I will see that action taken by the Minister would be communicated by him.

Sri P. Ashok Gajapathi Raju:— Sir, in the Zero Hour, for any issue brought out by the member, we are making note of it and taking action. Sir you have issued some guidelines on the 16th of this month. Problem arises when they violate then.

Mr. Speaker:— Members are entitled to know what action you have taken.

Sri P. Ashok Gajapathi Raju:— They are entitled to know. But they should give reasonable time. If they really want a statement from the Minister, let them come under rule 74. Sir, you issued a bulletin on 16th, according to which no allegation of defamatory or incriminatory nature shall be permitted through Zero Hour either with or without prior notice.
(Interruptions from Congress members)

Mr. Speaker:- I will answer him.

Mr. Speaker:- He has not made any allegation, I am telling. I am defending you. Why do you bother?

Mr. Speaker:- I already told. That the concerned member is there. (To Sri M.Vijayapal Reddy) Dr.Ravindra Reddy has not made any allegation. But he has referred to your name.

Sri M.Vijayapal Reddy (Narayankhed):- Speaker Sir, I share the Concern of the Hon'ble Member. But unfortunately my learned friends are making an issue out of a non-issue. Sir, none of my family members are involved in any business till this date and moreover the rice mill which they are referring to a defunct one. It may be enquired from any quarter or from any Department side. This is a defunct rice mill. Where is the question of my tapping or misusing electricity when it is a defunct rice mill? It may be enquired into. I am not requesting you to hush up the matter. The only thing which happened is that there was communication gap between the operation side and the DP side, because of which this issue has cropped up. My opponents are trying to take political advantage of this. It is very unfortunate that we are wasting the time of this August House. Speaker Sir, I am ready to J. 326-5

Lastly, it was contended by the Learned Counsel for the Appellant that once the patta under the Inam Act having been granted in favour of Mokasdars, it was not open to High Court to hold that the property pertained to Wakf Board. In other words, based on the proceedings that once the patta has been granted in the name of mokasadars under the Inam Act, the Wakf Board does not have any right over the said land. It may be stated that the Wakf Board in spite of dedication of its properties to the religious institutions or to the charitable trusts or the properties having been found as wakf, would always retain its character as Wakf. In other words, once Wakf it is always Wakf and the grant of patta in favour of Mokasadars under the Inam Act, does not in any manner mullify the earlier dedication made by the Wakf. It is stated that the dedication made by the Wakf Board in the name of mokasadars under the Inam Act, the Wakf Board does not have any right over the said land.
Sri Asaduddin Ovaisi (Charminar):— Speaker Sir, I will not go into details. I will take not more than 5 minutes. The issue is that 5,000 Acres of land under Darga Hazarat Ishak Madani, Visakhapatnam had appeared in the A.P. Gazette 47,
daced 13-11-1561 at SI.No.100. Once a property is notified in grytte, the only course left for any party who is disputing is to file a civil suit within one year. That has not been filed. As time want on, the Government has acquired the land claiming that this property is a Government property and deposited nearly Rs. 3 crores in the sub-court. At the same time, they have started proceedings to acquire another 500 acres of land to be given to CBTPS and Handujá National Power Corporation. Sir, first of all, when the appeal was made by the Wakf Board, the High Court said that this is non-est and without jurisdiction. The lower court has given judgment in favour of the Wakf Board. What has been said by the Supreme Court has been very nicely read by my friend Sri M.A. Gafoor. I do not want to elaborate that. My point is as it has been rightly said by the Supreme Court that this Wakf property can only be alienated according to Section 51 if it is for religious, pious or for charitable purposes and land Acquisition Act does not apply to Wakf Board property at all. Secondly, Section 2 of the Andhra Pradesh Inam Abolition Act talks about Inam lands. But it does not talk about service Inam lands. This is an important point. Sir, Wakf Act is a Central Act and therefore, through you, I request the Government that all these properties should be given back to the Wakf Board. As far as the opinion of my Party is concerned, we do not want Rs. 3 crores to be given to Wakf Board. Let the whole 5,000 acres of land be handed over to the Wakf Board. Let the Wakf Board decide and pass a resolution by 2/3 majority according to Section 51. Why should the Government interfere in this matter? The Government have no right to come in the way of this land. L.A. Act does not apply here. It is an illegal thing that is going on. If it is properly utilised, I will go on record, that all the deprived and the poor Muslims in Visakhapatnam and Srikakulam areas would be benefitted. Let the whole 5,000 Acres of land be given back to the Wakf Board.
Sri Basheeruddin Babu Khan (Bodhan):- About a year ago, I have visited the Hazrat I shak Madani Darga at Visakhapatnam, along with revenue officials, R.D.O. M.R.O and all the concerned. We have seen the Darga and the surrounding
I have instructed the revenue authorities to see what is the land left after the acquisition, what is the extent of land that has gone into the hands of said pattedars and what is the land remaining under the Wakf Board? This survey was to be conducted by the authorities as per my instructions. I do not know what has happened? Wakf Board is nowhere in the picture as has been pointed out earlier. This has also been pointed out by Sri Asaduddin Owaisi. Wakf land cannot be acquired and once it is surveyed and published in the Gazette, nobody can challenge. Before appearing in the Gazette, a notice is issued to the public and all the public Departments or anybody must come forward and challenge the same and say that it is not Wakf land. Unfortunately, the Government has ordered reconciliation of Wakf records and revenue records and others. But nothing of the kind is happening. Most of the surveyed properties have not been notified because the Wakf Board does not have money. They need 8s.30 crores to notify the remaining properties. All these issue are arising because the records are not perfected in the Wakf Board. The compensation that has been given for the acquisition of the land must be restored to the Wakf Board or Mutawalli or to the institution whatever that is there under the Darga. It must come to them because it is their property. How to utilise it, is secondary. Money must be given to the Wakf Board or Mutawalli or to the concerned authorities. Otherwise, it will be doing total injustice. The acquired land even if it is acquired legally or illegally, it has to go. Adequate compensation must come to the Wakf Board.
Sri Asaduddin Ovaisi:- Further alienation of the property should be stopped immediately because right now survey is going on to alienate the property.

Sri T.Devender Goud:- As far as NTPC is concerned, they are prepared to pay compensation as per the land Acquisition
Act. ^ S*0^S ^ Carg g\ M^ will decide 2t? whether it ^ The Wakf Board J land the Gov eminent land. We o^rn^i: step alienation* This is not posaj.ble*

Sri Asaduddin Ovaisi:- Sir. I request the Hon'ble Minister and his concerned Officers to read through Paragraph 12 of the Supreme Court Judgement. You read Paragraph 12 and inform the Minister what the Supreme Court said about Tahsildar. With regard to the decision of the Tahsildar it is
said that the Tahsildar was wrong in making decision. They said that this property is Wakf. Why should we use illegal and ambiguous words? First of all, let him call for a meeting. The extent of the properties is five thousand acres.

Sri M.A, Gafoor:- The findings of the Tahsildar that the property was not Wakf was wholly erroneous and beyond his jurisdiction.
