Sri Asaduddin Owaisi (Charminar):- Mr. Speaker, Sir, Dr. Marri Channa Reddy was born at Sripuram Village of Vikarabad Taluk on January 13, 1919. As has been said by my predecessors and various leaders of the House, he is a politician with vision - he is a politician with high insight and he had a plan for development of the State or whatever portfolio he was holding. Sir, Dr. M. Channa Reddy was first nominated as Member of the Provincial Parliament in 1950 - then he was elected to Hyderabad Legislative Assembly in 1952. He became Minister for Food and Agriculture and throughout the year he held various cabinet posts. He was Governor for four different States and he was a man of conviction; and his definiteness in upholding his conviction can be seen when he defied the appointment orders which he was given by the then Chief Minister of Madras (Chennai).

Sir, in 1989 he rode the Congress back to power in the State and he was very much responsible for getting Rs.950 crores from the World Bank for the cyclone reconstruction programme which was very much successful in the coastal district in the crop yielding; and the crop yielding then just achieved new heights. He headed the Telangana Praja Samithi and his party won 11 parliamentary seats out of the 14 seats in Telangana region. He was one of the Chief Ministers of Andhra Pradesh who wanted, who believed that Telangana was a backward area. Throughout the years, various Governments did not concentrate on the development of Telangana. He was very much responsible in framing the Six Point Formula.
Sir, on behalf of my party, I extend deep sense of sympathy and sorrow to the members of the bereaved family. The State and the nation has lost a great political leader.
Sri P. Ashok Gajapathi Raju: Mr. Speaker, Sir, the demise of Dr. Channa Reddy is a colossal loss to the Indian politics and has a tremendous impact in our State. Lot of us in the front benches today started our legislative careers in 1978 when Dr. Channa Reddy first became the Chief Minister of this State. I had the good fortune of being in the opposition on both those occasions. The first motion of no confidence I have seen, the discussion on which was so lively in the House, was on the rule of Dr. Channa Reddy. I had the opportunity of moving the second motion of no confidence in this House.

I remember Dr. Channa Reddy from my childhood because, my late father and he worked together. He was not only a Minister in the Government of Andhra Pradesh but also a Union Minister. He also held the office of Governor in quite a few States in our country. He was a parliamentarian par excellence. His replies to the debates are proof of it. He had a concern for the backward areas. That concern probably led him to lead the Telangana Praja Samithi at that point of time. It was that concern that made him carve the Ranga Reddy and Vizianagaram Districts in our State. He was of the firm opinion that the backward areas should come up and join the rest of the State. Any complex problem also was not difficult for him to understand. Within moments he would have a full grasp of the situation, receive our representations and explain it with such brevity that we ourselves at times were astonished.

I join the House with regard to the sentiments expressed and I support the resolution whole heartedly that has been moved by the Leader of the House.
Mr. Speaker:- I have a list of Members who want to speak on the condolence motion. Kindly take as little time as possible so that all the Members could have opportunity to speak.

That is why I say he is a man of love and affection. He is a born leader. He is a man of determination, a man of decision and a man of discretion. He is one of the distinguished Parliamentarians in the country. He is a freedom fighter who fight against Nizans feudalisation and led the movement. He has got organisational ability and capacity. He is adored by his followers. He has love for the people. These are basic qualities of Dr. Chenna Reddy.
He is a born leader; he is a veteran leader.
We differed with him on several occasions.

(ಪ್ರದರ್ಶಿ) (ಪ್ರತಿಯೊಂದು)- ಅಡುಗು, ಅರ್ಧವಿಮಾನ, ಅತ್ಯಂತ
SRI K. VIDYADHARA RAO:—Mr. Speaker, Sir, Dr. Marri Channa Reddy is a politician of rare qualities and a great Statesmen, with a political career spreading over a little more than five decades.

If, we observe his political career over these five decades we can clearly see it to be a chequered one, involved in many controversies. But his speciality and extraordinary quality to be taken note of is, inspite of all these controversies, he sucessfully held up the positions of responsibility that were entrusted to him till his last breath. That clearly shows his leadership qualities. His greatness was that wherever may be his position of work, he never lost contact with all sections of people of Andhra Pradesh. Generally, people consider him as a Champion who fought for the upliftment of the people living in the backward districts of Telangana Region. But it is not so, He did not represent a particular area. He was the leader of the whole State and a man dedicated to the service of this nation, Sir, many a Member had rightly recollected the effort he had put into get financial assistance under Weaker Sections Programme to the Flood Ravaged Godavari Districts, thus proving that he had the whole State or Nation in mind but not a particular region he fought for the
socio-economic development of all the backward areas in the State but not only for the Telangana Region.

The best way to pay homage to late Dr. Channa Reddy, would be to join hands for bringing in Socio-Economic Development of the backward areas of Telangana Region. Mr. Speaker Sir, I would like to assure the House that the Hon'ble Chief Minister had already set his sight and had made it clear that he is bent upon improving the backward districts of Telangana by concentrating on early completion of the irrigation projects of telengana and this would be a fitting homage to late Dr.M.Channa Reddy. Speaker Sir, I would like to recollect the first association I had with Dr. Channa Reddy. It is a moment which still I cherish and I will cherish it all my political career and all through my life. When was participating on the Governor's Address when he became Chief Minister in 1989, in my own way I was sketchholding the government about his non commitment to any policy of programme which was supposed to be printed as government policy in the Governor's Address. He heard it, observed it with all patience and with a smile on his face when he was replying he categorically stated that for the first time I am hearing Vidyadhara Rao speaking intelligently but the only problem is that I am more intelligent than him. Well, we all had a good lough. And, I think the whole House we could see, even those who are associated with him for the first time could watch with coolness with which he observes the criticism. The greatness of Dr. Channa Reddy was, sir, he was known as a determined politician and as rightly pointed out by Gade Venkat Reddy a man of conviction., When he had to take a decision he would take decisions without hesitations even he was struck by a thunder storom or a lightning. He didn't budge. He was know to change his decisions in second of a time, I mean a note allowed was changed to as not allowed. The bureaucrats were taken by surprise how a decision which was rejected could over night be changed as allowed. That was his conviction, sir.ishare with all the observations of the Hon'ble Members and I whole-heartedly support the condolence motion moved by the Hon'ble Chief Minister. I pray to
God that his soul rest in peace and I convey my condolences to the members of the bereaved family. Thank you, sir.

SRI BASHERUDDIN BABU KHAN:- Speaker Sir, I have had the privilege of knowing Dr. Marri Channa Reddy since my childhood as he was for a long period associated with my family and particularly with my father. Dr. Channa Reddy came into politics in his early 20's. Dr. Channa Reddy held every conceivable position and any politician can hold in this country. He had a great capacity to survive and never gave up the struggle to stay on in politics and to continue to be in contact with people and to serve their cause. He always stood good for his state and he came back over and over again to hold positions of power both as the Chief Minister as well as the Governor of various states and of course in central government. Dr. Channa Reddy wanted to hold centre stage in politics. He would gather people around him and they were always loyal to him, whom he trusted and wated loyalty. He commanded and demanded loyalty from his followers.

I remember one instance when I was Minister in the year 1989 and Dr. Channa Reddy has taken once again the reins of the state as the President of the Congress Party. At an official function in Bodhan, my constituency where we shared the stage and in my speech I said something in favour of the government and of course a word or two about in favour of our the then Chief Minister, N.T. Rama Rao. After the meeting was over he said it is alright, you are a Minister, you are in Telugu Desam party but you did not have to be more loyal than the king. So that was the association which I and my family had with Dr. Channa Reddy even much before my coming into politics. He thought I could not go away from him that I had also to be saying and sharing that loyalty and continue to share that loyalty. Sir, I am very unfortunate to have not met Dr. Channa Reddy for the last time during the wedding of his grand son because I somehow missed that invitation. Dr. Channa Reddy was one of those who took very special care during the congress regime to bring special succour to the minority communities. I remember, sir, as Chief Minister in his second tenure he sanctioned one engineering college to the Mufakhamjah Society and insisted that the society starts the col-
College in the same academic year although they had no infrastructure and there is no way they could start the engineering college. He said I will go all the way to support you, go ahead and do it. At that time they did not have the building. The present building which the college occupies was held by the public sector undertaking of central government. Almost over night he saw to it that the building was vacated and handed over to the college which today it held in its own name.

Certainly, a mention was made about the SETWIN. SETWIN is an organisation that was given by Channa Reddy to the people of the old city and a tremendous benefit that it has accrued to the people of old city. Even today hundreds of them are being trained in SETWIN and going to Gulf for their livelihood.

In the Telangana movement, although Dr. Channa Reddy may not have achieved his ultimate objective in creating a state of separate telangana but the awareness he generated in the people of telangana which otherwise known to be, you know, Hyderabadis and they did not get alike to the situation as what was happening around to them. This movement of Telangana brought so much of awareness and today many leaders have emerged from this movement and are holding many important positions. This contribution of Dr. Channa Reddy also is very important to all of us.

Again, the world bank aid has come to East Godavari and other districts in the year 1989. At that time at the behest of our the then Chief Minister I had the opportunity of over flying the area which was flooded with the then President of India. I had also seen how a sheet of water remained in the large track of area which was not being drained. And when Channa Reddy came to power he was in Newyork for his operation to kidney transplant. There he negotiated with the officials of the world bank for their assistance and he was able to bring such relief for which I think the people of those areas will be remembering him for a long time.

As an administrator of par excellence, it was said that when Dr. Channa Reddy pronounce some thing in a public meeting; I want this to be done, I have taken a decision he expected his officials to issue G.O. And there was nothing that can turn around and say whether rules are
permitted or not permitted. It was his way; what I decided must be done because that is the best thing in the interest of the people.

Sir, I would like to join the House in supporting the resolution moved by the Hon'ble Chief Minister and also convey my condolences to the members of the bereaved family. Thank you.

Mr. Speaker:- Damodhar Reddy, conclude it by one minute.

SRI P. ASHOKGAJAPATHI RAJU :- With the sudden demise of Sri Yarra Krishna Murthy, we have lost a good friend. He is only 56 years old. Nobody expects that death visits him at a fairly young age. He comes from our district. Though he was a Member in this august House only from 1989 onwards, we have known him for decades. He was very much interested in people's problems. He was a thorough democrat. He worked as Sarpanch, Samithi President, Mandal President and then as Legislator. He took keen interest in Janavathi project - a medium irrigation project - which is still to take off in our State. Anybody who passes away cannot be replaced totally. There is no replacement for human life, but his good work has to continue and we will continue that work. I support the condolence resolution wholeheartedly which was moved by the Leader of the House. Thank you.

마지막으로, 제25기 정부는 산업의 발전을 위해 많은 노력을 기울였고, 이를 통해 경제의 성장과 고용의 증가를 이루었다.
Mr. Speaker:- This House places on record its profound sorrow over the loss of life, property and misery of the people of Andhra Pradesh due to cyclone in the State and expresses its sympathy to the members of the bereaved families. Let us observe two minutes silence.

(The Hon'ble Members observed two minutes silence by standing in their places)

Mr. Speaker:- The House is adjourned to meet again at 8-30 AM on Tuesday, the 10th December, 1996.

(The House adjourned at 1-48 P.M. on 9-12-1996 to meet again at 8.30 AM on Tuesday, the 10th December '96.)
