Sri Ch. Vidyasagara Rao:- It is an important question.
Mr. Speaker:- It is a policy matter; it is the Nation to decide as to whether to go to Computer or manual. It is a policy matter.

Now the Electricity Board is at it. They are examining. They are looking into the whole issue.

Sri P. Ashok Gajapathi Raju (Vizianagaram):- Mr. Speaker, Sir, this adulteration of Chlora! Hydrate is a burning problem. But the problem here is that those adulterate also, when caught by the Department, approach
the Government. The Excise Minister has power to stay under the Act. This Government has indiscriminately exercised that power. That also is one factor to this. How many stays have been given month-wise after this Government has come into power is my question. This is one thing. How many cases are there where stays are given involving Chiloral Hydrate adulteration. The previous Government made a request to the Government of India to bring Chiloral Hydrate adulteration under the Narcotics Act.

**Mr. Speaker:** The Minister has said that. Only first part you have to answer.

**Sri D. Srinivas:** Cases have already been informed to the House.

**Sri P. Ashok Gajapathi Raju:** Cases involving Chiloral Hydrate adulteration.

Hitherto, Government has failed to control this adulteration of Chiloral Hydrate. Keeping the respect of the Chair, will the Government oblige to constitute a House Committee?

(e) if so the action taken in the matter?

A— (a) yes, Sir.

(b) The handling Capacity of the Milk products Factory, Chittoor is 1,50,000 litres per day (L.P.D.). As against this on an average a quantity of about 1,90,000 to 2,20,000 litres per day was procured during the year 1989-90 April 1989 to March 1990) most of the quantity of marketable surplus milk was procured. Due to fluctuations in voltage and frequent power failure, to avoid heavy spoilages of milk procurement holiday are declared on the following dates:

18-10-1989 — Morning
20-10-1989 — Evening

Fat paid for Buffalo Milk is lowest compared to all other dairies. The quantity of buffalo milk procured is considerably less in Chittoor District union and so the Buffalo milk rate does not affect large number of cow milk producers in the district.

The district co-operative milk producers' Unions are at liberty to fix their milk procurement prices based on the regular cash flow and other economically viable factory and the Chittoor District Milk Producers' Co-operative Union have fixed Rs. 26 per Kg. total solids for Cow milk and Rs. 56 per Kg., for Buffalo Milk. It is proposed to establish a Dairy at Renigunta so as to sell liquid milk to the outside States under National Milk Grid network in order to have a regular cash flow for the Union so that the Chittoor Milk Producers can get better benefits.

Mr Speaker: - I never announced that Zero Hour is over. I only announced that Question-Hour is over. I called Mr. N. T. Rama Rao. I do not allow anybody to discuss among themselves. He is already on his legs. Please resume your seats.

(interruptions)

When once person is on his legs I cannot call you in between. Please resume your seats. I will call you later. Let him say Mr. Mysoor Reddy, please sit down. Rama Rao garu, please continue your speech. Please sit down. Please sit down.

Mr Speaker: - Please resume your seat. Do not exceed your limits. Chair is here and not you.
Mr. Speaker:—Your suggestion is Zero-Hour has to go?

Sri D.K. Samarasimha Reddy:—Whether it is Zero-Hour or 304 only? That is the reason why one of our Hon'ble Members has now raised a point of order. There is a communication gap. I do not know whether the Zero-Hour is over or 304 is going on.

Mr. Speaker:—Samarasimha Reddy, you might have also observed that when things will go free for all the Chair will be the silent spectator.
Sri D.K. Smarasimha Reddy:

I am not questioning the Chair or any thing of that sort. I want only a clarification from the Chair whether it is Zero-Hour or 304. Is it Zero-Hour? If it is Zero-Hour, then it is free for all.

Mr. Speaker:

As far as I am concerned, I did not say that it is Zero-Hour. I did not call Zero-Hour. I announced that Question-Hour is over. The Hon'ble Leader of the Opposition was on his legs and I have permitted him to speak. As far as I know, by convention, after Question-Hour is over, the Zero-Hour is taken up. But never after 304. Therefore I did not declare that this is Zero-Hour. As a convention, Zero-Hour is allowed after Question-Hour. If I have permitted, I request the Hon'ble Member to advise me whether the Zero-Hour is to be taken up after Question Hour or after 304.

Sri D.K. Smarasimha Reddy:

I am not here to advise you. I am obliged and I am thankful to the Chair.

Mr. Speaker:

Please resume your seats.

Mr. Speaker:

I am not allowing anybody. Please resume your seats.

I request you all to sit down and maintain order. Things cannot be done by shouting.
Mr. Speaker: - Let me know the things. I request you all to resume your seats. Unless you maintain order, how can we proceed? It is left to you. It is left to you. It is left to you. It is left to you.
Mr. Speaker :- Will it be proper if I ask another Member? A Member is not supposed to answer to another Member. If the District in-charge Minister or the in-charge Minister answers, it will be more appropriate.

Mr. Speaker :- You are not correct. Let us resolve the issue. I request the Chief Minister, if he wants to answer the question or let the Minister in-charge of the district, or the Minister in-charge of the subject answer. It is left to your.

Sri D.K. Samarasimha Reddy :- It is well within the purview of the Chief Minister to ask any Minister to answer. You know it very well Sir. It is upto the Hon’ble Speaker either to accept it or not.

Mr Speaker :- I have already said that for Zero - Hour Questions, if the Chief Minister or the Minister concerned, if they want, they can answer or otherwise. I cannot compel them to answer. 2. Hon’ble Opposition Leader has requested the Chief Minister on certain things which happened in his Constituency. I request the Chief Minister, if he wants, then he can answer. The Chief Minister is asked Sri. J. Diwakara Reddy to answer. It will be more appropriate if its answered either by the District in-charge...
Minister or by the in-charge subject Minister. That is also left to the Hon'ble Chief Minister. The Chief Minister said that Sri J. Diwakar Reddy being the President of the Advisory Committee, District Planning Board, he will answer To solve the problem, either the in-charge Minister or the subject Minister answer, the deadlock will be over. Again it is left to the Chief Minister. I cannot compel from the Chair.

Mr. Speaker :- Allright. Leave it there.

Mr. Speaker :- Mr. N. Janardhan Reddy :- It should not be the precedent. I do not think, it is a forum.

With all seriousness, through you I am bringing it to the notice of the Chief Minister. I think, the Chief Minister will respond to my request.
Mr. Speaker :- You give some kind of notice.

Sri Ch. Vidyasagar Rao :- Already we have given number of notices.

Mr. Speaker :- Hon'ble Chief Minister has given one or two instances.

Sri Ch. Vidyasagar Rao :- What are the preventive measures?

Mr. Speaker :- All these details, you can have if proper notice is given.

10.10. Mr. Speaker :- What are the facts of the respective cases?

Sri Ch. Vidyasagar Rao :- Unless the Chief Minister comes to the rescue of the students. What is his dying declaration? What are the facts of the respective cases?
Mohd. Virasat Rasool Khan (Charminar) :- Mr. Speaker Sir,
some gangsters from Delhi, Haryana, Tamilnadu and other places are in
Hyderabad. They are doing drugs business in educational institutions.
They are not only supplying brown sugar, ganja and other dangerous
drugs to innocent people but they have also started supplying even to
college students. You can go to any Government students hostels and
you will find the drugs being supplied. After starting from College students
they are supplying to other high school students also. It is very serious
matter Sir, and I request the concerned Minister to take proper steps
in this regard. Please ask the Hon'ble Minister concerned to take proper
steps in this regard.

Sri D. Srinivas :- I have made note of the views expressed by
the Hon'ble Member and we will take steps to control it.
Mr. Speaker:- You give notice I will consider.

They are on strike. They are on strike.

Mr. Speaker:- You give notice I will consider.
Dr. J. Geetha Reddy :- Yes we have put in a review petition.

Mr. Speaker :- If senior members like you, four to five people stand together and shout, it is not proper on your part. Try to draw the attention of the Chair but don't raise and start talking. Mr. Vidyasagar Rao, I will look into that ... we will consider.

We will meet again to-day after the Assembly. It is continuation of previous meeting. I will talk to them informally and request the Government and I will call you and you can discuss with them. Leave it there please.

Mr. Speaker :- What Mr. Krishnamurthy? You please bear with me for a minute. Let me finish this 304 please... Anyway you please ask in brief...

Sri M. Narasima Reddy :- That is under the control of the Finance Department and it will take sometime and we will decide the issue.

Mr. Speaker :- First let me acquaint myself please. Please give me a chance. After Official business is over, we have to take up other business pertaining to Bills etc. I will give chance and settle amicably. Please wait for some more time. I have no electronic system in the brain. I straightaway came to this House. Let us sit and amicably solve the items.

Mr. Speaker :- I called Mr. Rambhupal Chowdary and let me here him.

Sri V. Rambhupal Chowdary (Kurnool) :- Mrs. Speaker Sir, if you permit me before taking up 304 notices, I will tell as Zero Hour about Nandyal Sugar Factory. Sri D.K. Samarasimha Reddy :- Sir, I have made it clear that this business has been allotted to me. Then, what is the point in making irrelevant comments here?

Mr. Speaker :- Please come back to your subject. Please don’t interrupt. Why you take cognisance of it and I am not compelling anybody to come to this House, when one Incharge Minister is here. That is sufficient. I am not compelling anybody. Even otherwise also, previously, he was the Revenue Minister and he has been allotted this subject. He is taking notes to reply. I cannot compel the Hon’ble Chief Minister to be here. I cannot compel anybody to come to this House, when so far as some Ministers are here.

Mr. Speaker :- Let him complete. I appeal to all Members. Mr. Mysoora Reddy, I will allow you afterwards. Please don't waste time. I will call you later. Let him complete. Now, the Hon'ble Minister is finishing his speech.

(Interruptions)

Save the time, please help me. Mr. Muddukrishnama Naidu, the tallest Member is standing. Why are you objecting?

Mr. Speaker :- If he has diverted, you don't divert. You come to Rayalaseema problem and tell us.

Sri D.K. Samarasimha Reddy :- I hope the Hon'ble Speaker will definitely appreciate the problem also. Can I give the break up figures right
now? The problem is, even I want to the extent of saying that if the necessary situation demands or commands, we are prepared to spend even the entire State budget there itself... are you serious? Have you decided? We are seized of the issue. We take the graveness of the situation. We take the seriousness of the situation. Government has already seized the issue.

Sri N. Chandrababu Naidu: Government is not at all concerned...

J. D. Seel: I want to raise this point of substance as a question. After I allow you should speak. Your duty is to draw my attention first. He will not be prepared to give you any categorical specific item.

Mr. Speaker: Don’t divert the issue – I am not concerned with it. You stop it there. So that something is given.

Mr. Speaker: Clarification should be in a shape of question and it should not be a lengthy one.
Mr. Speaker: He is not prepared to answer. What can I do? He has already repeated the answer.

Mr. Speaker: Whether Telugu Desam – whether Congress – this is not the subject.

Sri K. Vidyadhara Rao: We have given 75% grant. 9th Finance Commission 65% 85% 100% 100%. Even though you are having a provision, 95% of the grant is not being utilized. Now that you have got the opportunity of grants – this is sheer negligence. This is simply. This is 3 years 3 years 3 years.

Mr. Speaker: Already he has put two questions. He has to put one question.

Mr. Speaker: Already there are instructions to the District Administration to take all the necessary steps to provide the drinking water facility to the needy.
Mr. Speaker: I don't allow you talking directly. No, it will not go into records. Let me get your answer. Mr. Hon'ble Minister for Revenue, please see the mood of the House. I request you to doubly cautiously.

Sri D.K. Samarasimha Reddy: I am very cautious Sir, As the Hon'ble Speaker said, I am much more cautious.

Mr. Speaker: I said doubly cautious. You are already cautious. I made it one plus one. The mood of the House is — they are not satisfied with the bore-well programme. They are not satisfied, wherever completely no food is available. If it is true, then some alternative arrangements must be made in many places. You kindly confine to this. You please confine as to what are the specific things that the Government is going to do for supply of water? And are you having any latest report from the Collector? Because they are Members sitting in the Advisory Committee and District Advisory Planning Committees. So, their statement can be taken as authentic and it seems to be a serious matter. So, to that extent you confine. Wherever the food shortage is there, what is the rations arrangement? Wherever the water scarcity is there, what is the arrangement you have made.

Sri D.K. Samarasimha Reddy: Sir, I have viewed with very care and with great sincerity because of the seriousness involved in the subject. Sir, with all my humility at my command I have made a submission what I have had to make before this august House, I have even made a submission that already the Government is seized of the matter and necessary instructions to some extent have been given to the District administration and to what extent it has to be done — and to be done. We will come forward further with necessary actions also. I even made it categorically clear to them that the Government is totally taking care of these problems and whatsoever can I tell and do Sir? I don't think I can add anything more than this.
Sri D.K. Samarasimha Reddy :- Sir, I have already noted the suggestion made by the Hon’ble Members. We will take proper action.

Mr. Speaker :- Very novel suggestion for you.

Sri D.K. Samarasimha Reddy :- Sir, I have been hearing the Hon’ble Members while I was sitting in the Opposition. Even now I am hearing.

Mr. Speaker :- Very idealistic proposal.

Mr. Speaker :- You want to punish the man for the act of God.
Mr. Speaker :- You need not give individual answer. You please note down. General answer can be give. You kindly note down.

(statement)

taken by the Hon'ble Minister. But, this is not going to appease the Hon'ble Members of this House because the situation in the area is very serious and we are not going to get satisfied with the reply which the Hon'ble Minister has given. At least the Chief Minister should come and hear. Let him give us some categorical reply. This is the demand made by us out of anxiety and confusion and we are not able to go to the constituency. We are seized of the situation. We are at the situation. To say that we are getting every week and 15 days Collector's report is not correct. This is not categorical reply. This is not the reply expected from the Hon'ble Minister.

Mr. Speaker: - The Hon'ble Minister will reply to the new points. He has to reply. You have already rose. Reply has not come.

Mr. Speaker: - Mr. Vidyasagar Rao, I am not going to rise from the Chair. Unless I complete the agenda I would not rise from the chair.
It is crystal clear now and you have to demand that the Chief Minister should come to the House. It is necessary that he should be present in the House.

MR. Speaker :- I will be highly obliged if the Hon'ble Member quote the rule under which I can summon the Chief Minister. It is left to their instant discretion.

Sri Ch. Vidyasagar Rao :- I am therefore,

Mr. Speaker :- So far as one Minister is available, I cannot ask anybody.

Mr. Speaker :- What is your fresh point?

Sri N. Chandrababu Naidu :- The situation is under close watch by the State Government. As long as the situation is under close watch by the State Government, it is crystal clear now and you have to demand that the Chief Minister should come to the House. It is necessary that he should be present in the House.

Mr. Speaker:- I request you to go to the subject. The Hon‘ble Minister must realise the stress and strain the Chair has taken to control them. If you also add to that, I am helpless. So confine to all the new points raised by the ten Members. Reply to them and that is my request. You need to take cognizance of what all the irrelevance stated by other Members. You kindly give reply to the new points raised by the ten Members. You have to give answer to all the ten Members because I have Promised to them.

Sri D.K. Samarasimha Reddy :- It is one of the points raised by the Hon‘ble Members. So I wanted to give a suitable reply.

Mr. Speaker :- Please look at the Clock.

Sri D.K. Samarasimha Reddy :- A proposal has been mooted by one of the Hon‘ble Members and even the other Members said even earlier itself. They have mooted the proposal that to tackle the drought situation in some of the areas, a separate board must be constituted and it must be given some powers as well as some fiscal position and the board also must be strengthened by allocating some amount. It is really a very good suggestion and if it has been already mooted, my submission is that is one aspect which has to be taken note of and which has to be considered by the Cabinet and there itself, a decision will be taken and appropriate announcement will be made at the appropriate time. Atleast, they must have that much patience to hear about it. That is one aspect. It is one of the points raised and the Hon‘ble Speaker must also appreciate that. Every one specifically wanted some amount to be announced right now, over here.
Mr. Speaker: - Drinking water, bore-wells, food arrangements etc.

Sri D.K. Samarasimha Reddy: - I would submit once again that and I reiterate that we are seized of the matter. We are watching the situation very carefully. You cannot expect a Minister to make the announcement on the floor of the House over here right now giving out this much and this much. I have given an assurance. We are seized of the matter. We will take note of it. That is enough. Let us conclude the debate on this issue.
