Mr. Speaker:- Let the question Four be over.

Sri K. Vidyadhara Rao:- Mr. Speaker, Sir, we have given notice under Rule 63 to adjourn the business of the House to raise an important issue. In this House, we have debated regarding the granite firm belonging to Hon'ble Chief Minister's son. Now this firm belonging to the son of Sri N. Janardhan Reddy, the Chief Minister of Andhra Pradesh, has illegally been awarded a lease of granite, which is irregular and violating all rules and regulations.....

(Interruptions)

Sri V. Sivaramakrishna Rao (Badvel):- After the question Hour.

Sri K. Vidyadhara Rao:- Sir, we humbly request you to admit the adjournment motion and allow a discussion on this because the Chief Minister of Andhra Pradesh is involved. It is a very important matter concerning an allegation against the Chief Minister of Andhra Pradesh. Please allow a detailed
discussion. Last time, when this firm was granted financial assistance by the State Financial Corporation against all the rules and regulations, it was listed for discussion in the Business Advisory Committee, but the Hon. Deputy Speaker adjourned the house sine die without discussing the issue which is highly contrary and violative of the Rules and conventions. The issue has to be discussed immediately.

(Interruptions)

Mr. Speaker:- I have already requested everybody. Unless and otherwise notice is given, I cannot. There are two separate ways -- under Rule 304 and Call Attention. I will admit it and post it tomorrow if you leave it to me.

Sri K. Vidyadhara Rao:- It is a surplus land of 86 acres involving thousands of crores income to the State. Granite is a rare mineral which is formed in only one Mandal, Chimakurthi Mandal, of our State in the whole world. ***

Mr. Speaker:- Let the question hour be over. Let it not go into the record.

(TDP Members were on their legs and repeatedly speaking)

Minister for Major Industries (Sri P. Ramachandra Reddy):- Sir, there are two aspects. To defer the question hour, ***Expunged as ordered by the Chair.
approval of the House is necessary. That is the approval of one party or one section of the Hon. Member that the question hour should be deferred, it can. It has to be approved by the House. Neither it is nor it is in the hands of the Speaker. On the issue, Vidyadhar Rao raised, Government prepared statement at appropriate time, either tomorrow or you want to allot proper time, we are prepared to. Stalling the question hour and creating disorder is not proper. Let it be taken up. It is a public duty.

We will……

(Interruptions)

Mr. Speaker:- I have said I am calling.

(Stalls)

Mr. Speaker:- That cannot be an example. I know. We will allow discussion under Rule 304 tomorrow. Let us not waste time.

(Stalls)

Mr. Speaker:- I will allow it.

(Stalls)
Mr. Speaker:- I will allow it.

(I do so)

Give proper notice.

(I do so)

I have already said nothing will go on record. Nothing can be done. It will come in proper form — under Rule 304 or Call Attention.

Sri A. Machava Reddy:- Sir, Sir.

Mr. Speaker:- You have no right to speak like that when the Deputy Leader of Opposition is on his legs.

(సిర్ సిర్) Don't stall the question hour. I have already said I am going to admit it under Rule 304 and post it tomorrow.

సిర్ - సిర్: ఆధృతములు:- సమ్మూహానికి సమ్మూహానికి....

Mr. Speaker:- The matter is over. I have already made them to agree. Why should we stall the Question Hour?

Sri P. Ashoka Gajapathi Raju (Vizianagaram):- Sir, On a point of order. Sir, I invite your attention to Rule 67(2). 'If objection to leave being granted is taken, the Speaker shall request those members who are in favour of leave being granted to rise in their places and if not less than one tenth of total membership of the Assembly rise accordingly the Speaker shall intimate that leave is granted....'

Mr. Speaker:- I know. It is not allowed. It is disallowed. It is admitted under Rule 304. I have already said that and they have....
Mr. Speaker:- I have given a direction. I will admit it under Rule 304. Please agree with me. It is going to come tomorrow itself.

Mr. Speaker:- For the last time issue, I cannot help. This is the ruling. I will admit under Rule 304.

Mr. Speaker:- It does not matter if it comes tomorrow.

You are stalling the other business.
There are two ways in which you can bring it. You give notice under Rule 304, I will admit it. You should not stall the question hour. I request you once again. I am going to admit it under Rule 304.

Sri K. Vidyadhara Rao:- In view of urgency of the matter...

Mr. Speaker:- I have interest. Therefore, I have admitted.

Sri K. Vidyadhara Rao:- Government tried to avoid answer on the very same subject sometime back regarding the allotment of finances by APSFC. I have already said it.

Mr. Speaker:- It will be admitted. I go on record that I will admit under Rule 304 and post it tomorrow itself.

(Sri K. Bapi Raju tried to read the answer)

(Cries of 'No, No' from Opposition Benches)

I have already requested. I am admitting it and posting it tomorrow. This is not the way.

(Sri K. Bapi Raju tried to read the answer)

(Cries of 'No, No' from Opposition Benches)

I have already requested. I am admitting it and posting it tomorrow. This is not the way.
Mr. Speaker:- Definitely opportunity will be given tomorrow. You have not given notice. You have to give notice.
Mr. Bapi Raju.

(Minister for Commercial Taxes (Sri K. Bapi Raju):-)

Mr. Speaker, Sir......

(TDP legislators were on their legs and saying 'No, No'.)

Mr. Speaker:- In the Business Advisory Committee you agree everything and you do not allow anything here.

Minister for Law and Courts (Sri D.K. Samarasimha Reddy):- Sir, I have been trying to draw your attention to make a submission. It is almost an appeal to all the Hon. Members also. All of us sat in the Business Advisory Committee and we have come to a definite understanding.......

(Sri K. Vidyadhara Rao, Sri N. Chandrababu Naidu and other
TDP legislators continued speaking)

Mr. Speaker:- You should have patience.
Mr. Speaker:- Again you are stalling the question now.

Mr. Speaker:- Nothing will go into the record.

Sri A. Madhava Reddy:- Mr. Speaker, Sir.

Mr. Speaker:- Please take your seat. It is not good on your part, Mr. A. Madhava Reddy. I have to name you. You must not. I have given the ruling. I am going to admit it to give a chance to you if you give a notice under Rule 304. Otherwise, you have your own course and I have my own course. Nothing else. I have already given time. I am not going to reproduce anything.

(Many Opposition Members on their legs)
please take your seats. I will tell you.

(Interruptions)

You don't want to hear. It is not the way. Again, I am requesting you. Let the question hour be complete. If we like this, I cannot take the responsibility for tomorrow.

(Interruptions)

I am going to admit it, I said. I have given the ruling. I cannot go back on the ruling.

Mr. Speaker:- If you feel that 24 hours is too late, I cannot help. I said I am going to admit tomorrow. You have to come to my rescue.

Sri K. Vidyadhara Rao:- The State is being looted.

Mr. Speaker:- I said I am going to admit tomorrow if you give notice. 24 hours is not late.

J. No. 181-2
I have gone to that extent. You must come to my rescue. I cannot go against my ruling. If you keep quiet, I will admit it under Rule 304 tomorrow.

Mr. Speaker:- You can definitely talk tomorrow.

Sri K. Vidyadhara Rao:- Please allow discussion immediately.

Mr. Speaker:- Tomorrow it will be admitted. You have to come to my rescue. You give notice and tomorrow the first item will be yours.

Mr. Speaker:- Now you have to come to my rescue. When it is a fact, nothing will happen. I said I am going to admit it tomorrow. Please hear me. I have given my ruling. You must come to my rescue.
Mr. Speaker:- I cannot do much more than that. I have taken a liberal decision. I will call all the Action Leaders. But if they want to come and say something, I will give them a chance.

Sri K. Vidyadhara Rao:- Notice may be admitted.

Mr. Speaker:- That cannot be admitted. Already things are over. Tomorrow again, I am saying. You must come to my rescue and allow me to run the question hour.

Sri K. Vidyadhara Rao:- I have already given my ruling. You have to come to my rescue. It is in the interest of the State.

Mr. Speaker:- I have already given my ruling. I have to pull up the Government. It is in the interest of the State.

Sri K. Vidyadhara Rao:- Let them know that the House will not tolerate loss of revenue to the State Exchequer.
Mr. Speaker:- Again you are stalling the business. 
Already we have lost half an hour. I have already given my 
ruling. All the Opposition Leaders should come to my rescue.

requested you. If you don't come to my rescue, let the House 
run like this.

Mr. Speaker:— I know the first, the second and also the proviso. I have given the ruling.
Sri P. Ashoka Gajapathi Raju: - 'Provided further, the Speaker has refused consent....'

Mr. Speaker: - That is not necessary. I have said I have given the ruling. Again I need not hear any point of order. Tomorrow I am going to take it up. I will call all the Opposition Leaders and talk to them after the question hour. I hope you will come to my rescue.

Sri P. Ashoka Gajapathi Raju: - Atleast tell us why you have refused.

Mr. Speaker: - If you don't want to hear, how can I say? Hear me. There has been a point of order. I have disallowed that.

Sri N. Chandrababu Naidu: - Do it now.

Mr. Speaker: - I will take it up.

Sri P. Ashoka Gajapathi Raju: - Take it up please.

Sri N. Chandrababu Naidu: - Do it now please.
Mr. Speaker:- You must believe me when the ruling is given....

(Interruptions by Sri N. Chandrababu Naidu)

That cannot be.

(Repeated Interruption from Opposition benches)

I am not responsible for all these things. I may or may not admit it when you don't hear me. I have no obligation also to call all of you.

(Interjections)

Mamata Banerjee:- You should have ordered your members...

Sri N. Chandrababu Naidu:- If you don't want to hear me, I cannot help. If the Opposition Party Members do not come to my rescue on that point, how can I believe them.

(Repeate interruptions)

You want to stall the question hour.

Mr. Speaker:- I have given it.

(Cries of 'No, No' from Opposition Benches)

Please hear me. You have to come to my rescue. This is not the way.

Mr. Speaker:—I have read it. I am saying we will discuss it. I have given the ruling.

Sri K. Vidyadhara Rao:—Let the House know what the notice is. You have not informed the House.

Mr. Speaker:—Why should they know.

Sri K. Vidyadhara Rao:—They should know. It is the convention of the House. The House should know why we have given the notice. There is a convention in the House.

Mr. Speaker:—I have said about it.

Sri K. Vidyadhara Rao:—The conventions of the House are...

Mr. Speaker:—You are stalling. It is not good.
Mr. Speaker:- I have given the ruling. I am not going to give way and I cannot do much. You must make your request. I do not want to hear and stall the question. If you cannot help.

SALES TAX CASES OF INDIAN MADE FOREIGN LIQUOR

(a) whether it is a fact that the Government have issued orders in October, 1989 not to reopen the Sales Tax Cases of Indian made foreign liquor manufacturers, if so, the reasons therefor; and
(b) whether it is also a fact that there is a revenue loss of nearly 30 crores of rupees to the State exchequer due to this?

Minister for Commercial Taxes (Sri K. Bapi Raju):—

(a) Yes Sir. Orders were issued in September, 1989 by issuing G.O.Ms.No. 938 Revenue dated 18-9-1989 directing the assessing authorities not to reopen and revise the assessments based on prevailing market prices, for the period prior to 1-7-1985 invoking the provisions in section 14-B of Andhra Pradesh General Sales Tax Act, 1957 on the ground that the dealers had sold their goods at rates at abnormally lower rates than the prevailing market rates and the Government were advised that Section 14-B and Section 2(s)(i) of the Andhra Pradesh General Sales Tax Act are on true and fair construction and are not declaratory and clarificatory in nature and therefore can only be enforced from 1-7-1985 and cannot be enforced from any date prior thereto.

(b) The tax involved in these cases will be between Rs. 15 to Rs. 20 Crores. The High Court in its judgement in the case of M/s. Deluxe Wines, Kachiguda, Hyderabad (W.P.No. 14730 of 1988) dated 31-3-1990 held that section 14-B of the A.P.G.S.T. Act, 1957 is unenforceable because of certain legal lacunae and therefore it may not be appropriate to say that there is loss of revenue consequent on these Orders.
Sri K. Bapi Raju:- The G.O. was given prior to the judgement of the High Court.

They have filed before the High Court in the year 1988. I think, to my knowledge it is sub-judice so it is clear recommended by my department.
I have to explain to the Hon. Minister under what circumstances this question was put. He needs the background. He himself has stated that the tax involved in this case is Rs. 15.20 crores. It is not appropriate to say that it is not a loss. It is a loss to the Government.

If you want I will read out the para from the answer given by the minister.

(Interruptions)

Dr. V. Sivaramakrishna Rao:—What is the name?

Regarding the prevailing market prices, you cannot incorporate...
Mr. Speaker:— It is not good. No interruptions. I will allow only one person. One by one please.

Sri K. Bapi Raju:— I do not know the connection with Sri Shanti Bhusan. When the case is pending before the High Court, our Commissioner has clearly mentioned.

Sri P. Ashoka Gajapathi Raju:— Sir, please allow half an hour discussion, in this case, Sir.

Mr. Speaker:— Yes. I am going to give half-an-hour discussion on this issue.
I have allowed half-an-hour discussion. I am going to the next question. Won't you learn the decorum of the Assembly or I must make you to. There is no supplementaries please. Sit down.

Sir, I adjudge:-

Please all of you resume your seats.

Sir, I adjudge:- 1989 to 1991 and now sir, the time is 05.30.

Sri M. Janakiram:- Sir, we don’t want postponement Sir.

Mr. Speaker:- Then, you answer the questions put by all the other Members.
Mr. Speaker:—This has been put up.

Sri M. Janakiram:—Sir, the question is like this: whether the State Government has taken a decision to withdraw all private lands and surplus Government lands from APMDC where mining operations are not being conducted by the said Corporation.

**Sri Nallapareddi Sreenivasulureddi:**—Sir, we don't want the Minister to read the Question. I have put a supplementary.

Sri M. Janakiram:—I am only telling for that Sir.

(Interruptions)

Sir, no sublease was given in the case of any other mineral except barytes—In barytes tripatriat agreement were formed and subleases were given Sir. According to Shri K. Vidyadhara Rao, he is trying to say—this is a Government land—which has been leased out to people i.e. to some firms; this is not reserved for APMDC. Sir, this question pertains to APMDC lands reserved for it—if they are released or not. So, I have answered to the question. Nothing more than this Sir.

Sri M. Janakiram:—Sir, I have already answered for all these questions. If way want other minute details, it is not possible Sir.

Sri M. Janakiram:— That is a separate thing. It is nothing to do.

Sri M. Janakiram:— Yes.

Sri M. Janakiram:— Whatever details the Hon'ble Member...

Sri A. Madhava Reddy:— Mr. Speaker, Sir....

Mr. Speaker:— Please take your seat. I am not going to give you.

Government lands which are not reserved for
MMDC which has been set up to export valuable minerals which are rare in the world, i.e., MMDC, which is a Government Company, is in a difficult situation. If the Hon'ble Member asks me about the details of the decision taken by the State Government to withdraw all private and surplus Government lands from the Andhra Pradesh State Mineral Development Corporation, I cannot answer. This is a highly corrupt practice.

Sri M. Janakiram:- Let the Hon'ble Member raise a separate question. I don't have the details. This has nothing to do with the question. Let them put a separate question, I will answer.

Sri M. Janakiram:- If the Hon'ble Members want, I don't want to side anything. I will circulate all the details. Now I don't have them with me.

I have not completed my answer to the supplementary at all.

Sri K. Vidyadhara Rao:— You cannot be a spectator. The Government is taking the House for a ride. *Expunged as ordered by the Chair.*
Mr. Speaker:— I will get the answer.

Sri D.K. Samarasimha Reddy:— I have not completed my answer to the supplementary.

(Interjections)

Sri D.K. Samarasimha Reddy:— Already the supplementary was put and I was on my legs to reply. They have no patience to hear the reply even. They should have the patience to hear the reply.

Sri P. Ashoka Gajapathi Raju:— You cannot answer double time.

Sri D.K. Samarasimha Reddy:— I can answer. I know very well how to answer. You do not know how to put a question.

(Interjections)
(Repeated interruptions)

Mr. Speaker:— He is going to answer. Please take your seats.

Sri D.K. Samarasimha Reddy:— I have not completed my answer. May I complete my answer?

(Interruptions)

Mr. Speaker:— You have come for something else. I request you again. No supplementaries.

Sri D. K. Samarasimha Reddy:— The intention of what are being said is not clear. I have not completed the reply. May I continue?

Mr. Speaker:— Let him reply. If anything is said, it will be removed.

(Interruptions)

Sri D.K. Samarasimha Reddy:— Let them decide among themselves as to who will put the supplementary. I am prepared to answer.

* * * Expunged as ordered by the Chair.*
Mr. Speaker:— The matter is over. There cannot be another supplementary.
Let the record be verified. It pertains to 1990-91. For 1990-91, no doubt, the Hon. Chief Minister did make a statement. I am not disputing it. But, what have we achieved. The target is one lakh pumpsets. The total number of pumpsets that were energised upto 31st March, 1991 is 81,794 and upto 30th June, 1991 is 93,740.

There is a subtle distinction. The agricultural connections are governed by three factors -- augmentation of power generation, improvement of systems, transmission capacities and infrastructure facilities and viability of resources. These three factors govern the agricultural connections. Keeping in view these three factors and taking into consideration the changed circumstances before us, we have to take a realistic view. There is no point in saying what we said earlier. No doubt, we do wish to keep up our words, but we would like to be realistic. So, we are bringing it down to 55,000. We try to improve it further.

How can I maintain then? I cannot help. You ask your Deputy Leader. This is not the way.

Mr. Speaker:- This is not the procedure. You have deviated from the decisions taken in the BAC meeting. I am saying it. I will say again.

Sri K. Vidyadhara Rao:- He is misleading this House. There are illegal connections.

Mr. Speaker:- I do not like this. When they do not occupy their seats what can I do? Mr. Chary please take your seat. He asked one clarification. He asked clarification and that is over.

Sri K. Vidyadhara Rao:- Whether all the illicit connections have been regularised?
Mr. Speaker:- Mr. Vidyadhara Rao, you see how Mr. Tulasiram is talking. This is the way of the Member. When you do not know what can I do?

No. I am not hearing. It is not going to records. No, sorry. You have to worry.....

Mr. Speaker:- Mr. Vidyadhara Rao, no, sorry. Already, you have demanded for clarification. I have given.

(Interruptions)
Mr. Speaker:—I follow the rules. I follow the norms.

You are not following the norms.

Sri T. Sitharam:—This Government is not following the rules. You are not following the rules.

Mr. Speaker:—I follow the rules. I follow the norms.

You are not following the norms.

Sri B. Vidyadhara Rao:—We could achieve the target of 81,794. Right now, I do not have the figures with me.

Mr. Speaker:—1990-91 is not too bad it is inutilis, it is inutilis. Right now, I do not have the figures with me.

I have given my answer in unambiguous terms that this is the figure I have. There is no point in repeating it. There is no point in putting the question by Mr. Vidyadhara Rao. I have given the answer. With regard to the other point that has been raised by Mr. B. Venkateswar Rao, I would like to say I had already given the assurance to the House that we are going to convene a meeting with all the opposition leaders and we discuss this issue on the floor of the House. Shortly, we are going to discuss this issue and we will thrash out the problems.
Mr. Speaker:- I am sorry. I will oppose such things.

I will come to your rescue. Please resume your seats. Mr. Vijayasimha Reddy, please do not make a noise. Your comments will not go into record. In so far as Chinna Reddy's Zero-Hour mention is concerned he has stated that the Opposition Leader made some statement defaming and damaging the prestige and reputation of the House and the Members and he has given a privilege notice also in that regard. That issue will be considered. That aspect will go on record. As far as the comment on his (Leader of the Opposition) dress is concerned it is not relevant here. It is not decent also. I, therefore, delete that part from the record. The other part relating to the statement made in respect of the Assembly will go on record. It will be considered by way of the privilege notice already given. It will be decided according to the rules.

Sri P. Ashoka Gajapathi Raju:- Point of order, Sir.

(Interruptions)

Mr. Deputy Speaker:- Your leader has already satisfied with the matter. Please resume your seats.

Sri P. Ashoka Gajapathi Raju:- I am on a point of order.

Mr. Deputy Speaker:- Raju garu, you know the procedure very well.

Sri P. Ashoka Gajapathi Raju:- I know the procedure and that is why, I am raising the point of order.

Mr. Deputy Speaker:- No. There is no scope for point of order now.

Sri P. Ashoka Gajapathi Raju:- I am raising a point of order, Sir.

J. NO. 18- 9
Mr. Deputy Speaker:— Let us go to the next item, please. You know how to bring the House to order and you also know how to disturb the order in the House. I request for your co-operation. I request the co-operation of all the Members to bring the House to order. Your so-called point of order will have the effect only on disturbing the House. There is no force in it. There is no need for attending to it. There is no occasion for it. Sivaramakrishna Rao garu, I am going to 304. Mr. Sivaramakrishna Rao to raise the matter regarding compensation to the lands under Somasila Project in Cuddapah district.

Sri P. Ashoka Gajapathi Raju:— I want to raise a point of order.

(At this stage several Hon'ble Members both from TDP and Congress-I were on their legs)

Mr. Deputy Speaker:— All of you resume your seats, please.

Mr. Ashoka Gajapathi Raju:— I want to raise a point of order.

Mr. Deputy Speaker:— He stood up earlier. He stood up earlier. I have given him the earlier opportunity. You will also have the opportunity. The later opportunity I will give you. Mr. Sitaram, the later opportunity will be more comprehensive opportunity. You can avail that. Why do you worry?

Mr. S. Subhashchandra Bose:— I am quoting a precedent in the House. When I said in my maiden speech in the Assembly...
were treated including the Chair-House includes the Chair also—the way it was reported—either he has to say 'I am sorry'. Otherwise, let him leave the House and talk whatever he has to say outside. But, you cannot allow him to speak in this House unless and until he says so. This is my appeal to you, Sir.

Mr. Deputy Speaker:— I do not know against whom M. Bose made this reference. I would like to know from Sir as whether it is as an individual Member or party. Against whom you are making this reference? I could not grasp.

Sri A. Subhashchandra Bose:— Individual Member.

Mr. Samarasimha Reddy himself got up and said, 'I am on a point of order'. He was sitting here.

Mr. Deputy Speaker:— Mr. Ashoka Gajapathi Raju, what is your point of order?

Sri P. Ashoka Gajapathi Raju:— Sir, I want to draw your attention to Rule 302. 'A point of order shall relate to the interpretation or enforcement of these rules or such articles of the Constitution as to regulate the business of the House and shall raise a question which is within the cognizance of the Speaker.' Sir, here it is talked about the Constitution of India. The Constitution of India guarantees its citizens the freedom of speech. Unfortunately, the ruling party is trying to brow-beat — I repeat the word 'brow-beat' and misuse the freedom of speech to deny the major opposition — particularly, its leader. They are raising an opinion against the Leader of the Opposition. The Leader of the Opposition has to be protected by the Chair. These malicious allegations cannot go on record unless you have requested the Leader of the Opposition to seek his clarification. The right of the freedom of speech is guaranteed to every citizen. The Leader of the Opposition can talk as an Indian citizen outside like any Indian citizen. On this allegation—if it has got anything you can seek a clarification from him. But, when Members get up and say as a precondition that the Leader of the Opposition should not be allowed to enter the Legislative Assembly until heapologises — it is wrong. This is morally and totally proves the bankruptcy of the party that is demanding this and the Speaker also has to give a clear-cut ruling that the Leader of the Opposition in his right and in his capacity as an elected representative of the people can enter this Assembly and can raise people's problems in this House. Sir, the fundamental right of the freedom of speech which is guaranteed under the Constitution for any Indian citizen — more so in the case of the Leader of the Opposition will have to be honoured by the Hon'ble Speaker. This is our demand.
Mr. Deputy Speaker:- No further points of order. Mr. P. Ashoka Gajapathi Raju has raised a point of order that there was a demand from some Members that the opposition Leader should tender apology or otherwise, he cannot enter the House and all that. So far as that demand of the Members is concerned, the Chair did not conceded the demand and it is not going to be implemented. Of course, any Member may demand anything. But, It is only his desire and his demand. It does not mean that it is going to be implemented. It is not going to be implemented. In so far as the privilege issue is concerned...

(Interruptions)
Yes, they are both inter-linked. Privilege has got certain limitations and the freedom of speech guaranteed under the Constitution has also got reasonable restrictions. Both of them have to be considered as they are inter-linked things. Under rules 148 and 154 of the Rules of procedure and Conduct of Business in our Assembly it has to be considered in the context of the Constitution also. The notice will be considered very carefully and according to rules and whatever action is warranted it will be taken. There need not be any controversy at this stage because the notice is not being decided now and it will be considered according to the rules and the Constitution. Against whomsoever it may be when anybody feels that it affects the privilege of the Member or the House he is entitled to give notice under Rule 148 and he gave it. It will be considered in due course and according to the rules. If there is no force in it or if there is no point in it, it will be rejected or otherwise, according to the merits it will be decided and according to the rules. You need not bother about it now. You leave it there. Let us go to the next item of the business, please.

(Interruptions)

Whatever Mr. Chinna Reddy Speaks does not go on record. Mr. Chinna Reddy, You have made a mention about the issue and the notice will be considered according to the rules and decided. Now, 304.

Dr. V. Sivaramakrishna Rao:- Mr. Deputy Speaker, Sir, with your kind permission - before going to 304 - I would like to present a Petition to you regarding Homeopathy. There is a lot of discussion going on around the world that it is not a scientific study. In this connection, I would like the Deputy Speaker to give a direction to the Government to nominate a committee to go into the details.

Mr. Deputy Speaker:- Dr. V. Sivaramakrishna Rao, no further discussion. I do not allow further discussion. The notice will be considered in due course and it will be decided on its merits and according to the rules.

Now, I am going to 304, This is a very important subject. It is regarding Somasila Project.

Dr. V. Sivaramakrishna Rao:- Right, Sir. O.K.

I am sorry Sir, - I am extremely sorry. Already on this issue, the Hon'ble Minister of this Government has committed and that commitment has not come to truth. Now when we have come before this House. Sir, I am raising this matter as a parliamentary question. So, Sir, you have committed the same. Now when we are coming before this House. Sir, I want a specific assurance from this Hon'ble Minister for the following issues: (1) How much amount you are going to give for this particular land acquisition for Somasila Project during this Budget year? (2) Whether the Land Acquisition Unit at Badwal, for survey is established or not? If so, when it is going to be established. These are the two issues, Sir, and this is not an ordinary issue and I am not wasting the time of this August House because it is a public issue I am talking about. I am not talking about the legalities here.

This issue has to be taken up by the Government with all seriousness and if it is not going to be taken up, there, we as Legislators and as their public representatives, we are being questioned every day and every hour. I want the same and don't put the water in the Somasila Project. If you are going to put water in the Somasila Project, we have got every right to give the compensation— and to pay to these people. Allright, you give and tell, how much amount you are going to give.

Mr. Deputy Speaker:- Now, Sri P. Nageswara Rao will speak. Before that I have to make an announcement. wholeheartedly support the demands for Urban Development introduced by the Minister for Municipal Administration and also the Demands pertaining to Panchayati Raj and Water Resources Development. Our Government has allocated about Rs. 139 crores 15 lakhs and 71,000 for the three municipal corporations, 112 municipalities, Urban Development Authorities and two notified areas. By this allocation the Government has shown that it is earnestly interested for the Welfare of the people of the State. I also mention here that our non’ble Chief Minister announced about Rs. 20 lakhs each for the city
M.L.A for the improvement of the city civic amenities. As you are aware, there are several municipal problems in the city. Therefore, it is my earnest request to the Minister for municipal administration to kindly make a note of the few points which I am mentioning here in respect of roads, drainage and U.D.A. schemes. Sir, in our hon'ble Chief Minister has spent about Rs. 12 crores to see that the roads are in usable shape. In the past seven years, during Telugu Desam period, the roads were in a very bad shape. This is an of repeated sentence, but still I feel the roads are very much damaged that it required more budget allocation. To-day we have achieved something which was neglected for long.

Regarding drinking water problem, we have three sources of water supply i.e. from H. A. R. S. Sagar, Osman Sagar and Manjira phase II. Now we have completed Manjira phase II with an estimated cost of Rs. 75 crores and the Singoor project is now in a position to supply drinking water to the twin cities. I request the hon'ble Minister to improve the position and see that drinking water is made available from Krishna, from NagarjunaSagar project and Krishna waters are absolutely necessary for the city to meet the daily requirements of the citizens of the twin cities. Regarding the drainage problem, the drainage pipelines were laid long time ago, at least 30 years back and today the population has increased. It is absolutely necessary that the Government should change the drainage pipelines in a phased manner and as early as possible. For the city M.L.A's the drainage problem has become so acute as they were mainly attending to the civic amenities. Municipal Corporation has more work load and we are sharing the same. Drainage has to be improved on a war footing.

Regarding U.D.A. and E.C.D. I would like to bring some facts to the notice of the hon'ble Minister. The slum devleopment is in a very bad shape. Most of the slums in the city are increasing. Five years back there were only 500 slums in the twin cities but today, we have 662 slums out of which only 20% slums have got drinking water facility. To arrest the floating population the Municipal Corporation is taking some steps. The housing scheme is in a retarded position and the U.D.A. officials, I feel, are not taking proper interest to see that all these facilities are provided to the slum dwellers. U.D.A. which is going about in three phases, still seems to be very confused. I feel a Committee should be formed in the city so that all the people's representatives must be in, ted to discuss with the officials concerned and see their cooperation in the work. There should be some co-ordination. Secondly, what the officials are doing is not effective and when the people approach the people's representatives we are not in a position to clearly show them the progress of the work that is done. I feel in these slums, the housing programme is stalled as some of the officials are unscrupulous persons and they are not allowing these schemes to come through. Year after year, we find more floating
population, coming to the city, starting new slums. I think there should be an end to this to this type of increase in the slums in the city, otherwise after sometime there will be no Government land for giving pattas. The drinking Water, drainage or the Housing, is at a very low ebb and I feel the U.D.A. is not sincere in its efforts in providing facilities to the slum dwellers. We have to wind up all these schemes because of unscrupulous persons. I feel we will be failing in our duty if we do not go to the help of slum people. We are only promising them every time and not doing anything to reach out to them.

Regarding town planning, I would like to state that there are unauthorised constructions right on the middle of the road houses are constructed without any proper imagination, without any thinking. People later on find it very difficult. There are several complaints from the people. They are unable even to take out the dead bodies from their houses. Such is the position in most of the slums. It is the duty of the U.D.A. and municipal officials to take prompt action and not evade the same. To-day if you go to demolish, nobody is going to wait. Demolition will be a far off thing. Therefore, I feel the Government should also take more care to regularise the unauthorised construction provided they are not obstructing anybody's way. Even in this regard, we have persons who by way of regularising unauthorised constructions, collecting money and this has to be stopped. It is very sad state of affairs that are prevailing there. Our Government has made good allocation for the development of the other city. But I feel that Quli Qutub Shah Development Authority must be given more funds, because old city needs development of the roads etc. The roads are in a very bad shape and road widening is required. There are several constructions right in the middle of the road and the funds that were allocated are not properly utilised. At the same time, I feel that a little more allocation should be made, considering the fact that Hyderabad city is now celebrating 400th year and similarly all other roads should be taken up. I feel that unless the municipal administration finds ways and means of collecting revenue through taxes, the Corporation will not be in a position to function effectively. I have come to know from the Commissioner that the Corporation has no money. The income that they get is going into the small pockets and it has become very difficult for the Corporation to get on. The Special Officer should take care and go into these aspects and finalise. I request our hon'ble Chief Minister also to make special allocation for the other city, as a mark of salutation to the citizens of the twin cities.

Sri Md. Virasat Rasool Khan (Charminar):- Mr. Deputy Speaker Sir, I strongly feel that the present Government should realise that the people have voted them with great expectations and aspirations, but I am sorry to say that all the people's desires, their aspirations and their expectations have failed. We may belong to different political
parties with diverse ideologies, we may disagree in our opinions. But one thing should be common amongst all of us. We are committed for the welfare of the common people. Draconian laws have been passed by this Government, thereby cutting powers of the Standing Committees, general body and Mayors of the municipalities and municipal corporations. About 21 months ago, the Congress party used to sit in the same House and fight with the previous Government whenever draconian laws were passed, but unfortunately when the same Government came into power now, it has passed more draconian laws than the previous Government. The walls of this august House have witnessed the tragic scene of the local bodies being stripped of their powers and resources by negative democratic actions. So it is high time that the dignity and powers of the local bodies should be restored.

I want to mention here the condition of the twin cities, especially of the old city. We are 13 M.L.As from the twin cities. Out of that 8 M.L.As belong to Congress Party. Out of 8 M.L.As 6 of them are holding some post and they are not able to tell anything. Only two are left Mary Ravindranath, and Sudhir Kumar. I regret to inform that in the recent meeting with the Chief Minister and the hon'ble Minister for Municipal Administration Smt. Mary Ravindranath was fighting with the Government for allotting more funds, but, unfortunately within a period of one week, I don't know what taken place, she has not been demanding for the funds.

Mr. Deputy Speaker:- Even now also she is demanding funds.

Sri Md. Virasat Rasool Khan:- Sir, I don't understand what changes have taken place in the last one week. Out of the total M.L.As, 4 belong to M.I.M. and one from B.J.P. are there.

Coming to Krishna waters the people of twin cities are crying for water. One unfortunate thing has taken place. Our dynamic young M.L.A. from Khairatabad, who was not a Minister then, had taken hundreds of women to the Secretariat with empty pots. He gheraoed the Government people. He was lathi-charged. All these things took place before he became Minister. During those times before he became a Minister, for Krishna Waters he used to fight with the former Chief Minister. He used to go to the Secretariat, Water Works Department and he used to take out lot of 'julus', hangama, but after he become a Minister he is not able to tell anything to the Government. Most unfortunate thing is, this Government is giving crores of rupees to Telugu Ganga to feed Madras people but for the twin cities the Government is giving only Rs. 30 lakhs. This Rs. 30 lakhs are enough just to lay few pipe lines in one of the localities of the twin cities. I have spoke about water much through 304 notices. I don't want to repeat those sentences. I want to make one thing clear. During the year 1978, according to the I.P.M. study and according to the medical survey that 75% of the people of the twin cities
were drinking contaminated water. Now it is 1991. Hundred percent of the people of twin cities are drinking contaminated water. Daily deaths are taking place due to gastroenteritis, due to typhoid and Malaria. There is nobody to go and enquire about poor people who are dying. I have requested the Government that a statement should be made if any child dies due to contamination of water. We are daily observing in newspapers that a child falls in the open nallah and dies. Next day you will read that a child fell in a coverless manhole and died. There is no body to bother about, because they belong to a poor family. They are poor people. Suppose, if my child dies in a nallah or falls in a coverless manhole what are you going to do? Please ask the hon'ble Minister to note down.

Mr. Deputy Speaker:- He is carefully following:

Sri Md. Virasat Rasool Khan:- There are no funds for water. They have reduced the funds now. They have kept only Rs. 40 lakhs for laying pipelines. Rs. 40 lakhs is sufficient only for one locality in twin cities. I am ashamed to read the sentence in the report submitted by the hon'ble minister. The HUDCO people are telling and they are all building castles in the air and they are all dreams. I don't know when they will get from HUDCO and World Bank, Sir. In the previous 304 notice given by me, the Minister has assured that the tankers were sent to the unserved areas and till date not a single tanker is served to the unserved areas. The M.D. has misguided the hon'ble Minister. Not a single tanker is served to the unserved areas. A new problem has arisen now. Whenever we criticise an I.A.S. Officer or I.P.S. Officer, he is being given a good posting. That is why those officers are requesting us to tell something against them in the Assembly or before the Minister, so that they will get good post. For example we have criticised the Managing Director Mr. Mahanthi, for all the things that he is doing as water works M.D. The next day he was given additional post as HUDA Vice Chairman. He is holding the post of M.D., water works plus as Vice Chairman of HUDA. When he is not able to do the work of M.D. water works properly, how can he work as Vice Chairman, HUDA.

Coming back to Quli Qutubshah, it is most unfortunate that in the year 1986 the Telugu Desam Government has given 4.5 crores. That is the maximum amount the Quli Qutubshah authority has got during Telugu Desam Government. For that we are thankful to the Telugu Desam Government. Now it is 1991. A new Government has come to power. We thought they will do something for the old city. This Quli Qutubshah was formed during Anjaiah's regime, during Congress Government. We had lot of expectations from the Congress Government. We thought they will give us atleast Rs. 20 crores. During 1986 they have given 4.5 crores and again in 1991 they have given 4.5 crores. I don't understand how the contractors of Quli Qutubshah and the Municipal Corporation of Hyderabad have filed suit cases against these people. Recently during the Zero hour, I told you that the court has passed orders against
Singoor project buildings and very soon the court will pass orders seizing the property of the municipal corporation of Hyderabad and Quli Qutubshad. Later the property will be put to auction and the payment received will be distributed among the contractors. Quli Qutubshah Urban Development Authority was formed for the development of the old city. The figures given to the Minister saying that ROB Lalapet, ROB Yakutpura, ROB Zamia Osmania, ROB Seethaphalmandi - all these proposals were taken up during the Telugu Desam regime. Not a single ROB was taken up by the Congress Government. All the underground subways or parking places, all road dividing was done by the previous Government. I don't understand how the Minister has mentioned that we are taking up ROB Yakutpura, ROB Lalapet, Seethaphalmandi, Zamai Osmania, which was done by the previous Government.

Coming to the problem of road widening, no road widening has been done from the last 19 months. All the historical places, good buildings, fortunately or unfortunately are in the old city. Indian and foreign tourists come to old city to see Salarjung Museum, Charminar, Silver place, Faluknama place, High Court building and Osmania Hospital. They are facing some problems. They cannot cross Nayapool and go to Charminar. They take 1½ hours just to go from Nayapool to Charminar. The distance is only half a kilo metre or one K.M. from Nayapool. They have to cross the hawkers, they have to see the beggers. You can take the figures from Information and Tourism Department. Tourists are not at all coming to Hyderabad, especially the old city. No parallel bridges have been constructed in old city. All the bridges were constructed about 30 to 50 years back. They are still in existence.

There is a Director for Town Planning and Country Planning. He is the Director for the last 13 years. I don't know how a Director, a particular person, who is posted has been working for the last 13 years. There is another Director coming soon. He is the Chief City Planner of our city. If he becomes the Director of Town Planning he will be there for another 11 years in the city. In other countries the planning is done keeping in view the requirements of the next 20 years. Here, our Government keep in view the requirements of only one year. You have to increase the funds of our city, especially to Quli Qutubshah Authority, Water works sewerage Board. You have to do something for the twin cities. This is not a city but a jungle. There are 7 lakh illegal structures here. The Government started assessment of the properties which have been illegally constructed. We have been fighting with the Government. We are asking the Government to start assessment of the property. If the assessment is started, Rs. 200 crores will be obtained by the Government. Then there is no need for the Municipal Corporation of Hyderabad to get any loan. All the resources, powers of the municipalities, "municipal corporation are taken by the Government, like the profession tax, drainage cess etc. The funniest thing is, the Government is giving to the Municipal Corporation of Hyderabad Rs. 11 lakhs as grant towards the road tax and whereas the municipal corporation of Hyderabad is paying Rs. 13 lakhs as
taxes for the department cars. You can well imagine the state of Municipal Corporation of Hyderabad. We were in the ruling party of the municipal Corporation of Hyderabad. By March the period has ended. Now six months are over. It is the duty of the Government to announce for the municipal election. They are keeping quiet. The Municipal Corporation of Hyderabad has got 5 I.A.S. officers. I don't understand as to what is the need for five I.A.S. officers, and what is the need for five Additional Commissioners. There are lot of officers at the higher level. At the lower level there is nobody. As per G.O.No. 100, they have stopped recruitment of Hamalis, sweepers from the last three years. We have been insisting this Government to recruit Hamalise and sweepers. You have to do something for them. I request you and the Chief Minister in this regard. Sir, you are residing at bakadika. pool and Sri Narasimha Reddi is residing at Panjagutta. I request both of you to shift your residence to the old city. If you come to the old city, I am sure, definitely the officers will be there and they will work day and night and something will be done for the old city. There are no fly overs, no parallel roads. There are some old buildings in Hyderabad and Secunderabad which belongs to Government, Wakf Board and the others belong to private parties and they had to be acquired. Parking place had to be developed. If you don't do now, the coming generation will curse us. You ask the hon'ble Minister for Municipal administration as to where is the parking place now. Except Abids which was sanctioned during the Telugu Desam regime, there is no other place. When we were in the ruling party in municipal corporation one parking place was sanctioned and it is constructed in Abids and that is under construction. Why these planners have not identified parking places? Why they have not acquired the big properties, big palaces and big buildings. Why they have not identified and acquired them. They should have constructed commercial complexes and the road widening should have been done. All the people who have been affected by road widening should be rehabilitated. They should be given some other place. People are ready to give their property for road widening and these people do not have funds. The Municipal Corporation of Hyderabad is not giving funds. The file was pending in the Secretariat. It will be pending for years together. No officer is under the control of the Minister because the officers have got political affiliations, political lenience with one party or the other. They are not guiding the Government properly. I request through you the hon'ble Minister and the hon'ble Chief Minister to provide funds for water works and Quili Qutubsha and the Municipal Corporation of Hyderabad. Just now Mary Ravindranath said Rs. 20 lakhs is required. I don't know why she is happy when C.M. said. The amount is not sufficient even to one locality in old city. I think you very much for giving me so much time.
