Dr. Mohd. Virasat Rasool Khan (Charminar):- Mr. Deputy Speaker, Sir, the existing bye-laws of the Municipal Corporation of Hyderabad are responsible for the illegal construction in Hyderabad. Sir, I invite your kind attention.

Mr. Deputy Speaker:-- The Minister is more attentive.

Dr. Mohd. Virasat Rasool Khan:-- Sir, when once a party applies for building permission he has to leave open space on the four sides - front, back, right and left. These bye-laws further state that on the ground floor the party has to leave open space on the four sides and once the party constructs the first and second floors he has to leave open space on the first and second floors. The columns which have been raised for the construction have to be removed on the first and second floors.

Sir, there are a number of bye-laws which are causing a lot of inconvenience to the public and this is the major factor why the illegal construction is growing up in Hyderabad. We have represented and every party has been representing for the last so many years for change of bye-laws. Moreover, when once a party applies for relaxation of bye-laws the Chief City Planner does not have the power either to compound it or relax the rules. The file has to go to the Secretariat and when once the file reaches the Secretariat, it will take at least two years to come out from the Secretariat.

Mr. Deputy Speaker:-- You put it in a question form.

Dr. Mohd. Virasat Rasool Khan:-- I want a clarification. Sir, the Minister has said that there shall be no change in the bye-laws. I request that the bye-laws have to be examined and changes are made in the bye-laws. Please ask the Hon'ble Minister to give reply.

Sri M. Narasimha Reddy:-- Sir, originally the bye-laws have been framed in 1972. Superseeding these bye-laws, new bye-laws have been framed in 1991 and these bye-laws deal with the procedure for obtaining building permission etc. Sir, I would like to mention here
that if there are no bye-laws and if there is no planning, haphazard construction will start. You know that the Hon’ble member has been telling that the bye-laws should be simplified or there should be no bye-laws at all and that any person should be allowed to construct his house as he pleases. If that is the case, we can well imagine how the dwellings would be. I will narrate one incident. Some time back I had been to some places in the City and seen there how the houses have been flooding in waters. There is no lay-out sanction. No permit for the construction has been obtained. If the lay-out has been sanctioned the houses would not have flooded in the waters. However, every effort has been made to stop the flood water coming from other areas. You know Sir, that a lot of unauthorised constructions are there. The bye-laws are very simple and I do not think that there is any need to change them. I will read out the bye-laws and the procedure for obtaining a permit. An application for building permission shall be accompanied by plans and statements in quadruplicate. The key plan shows the boundary and the location of the site in respect of neighbouring land marks. The site plan shows the boundaries of the site of contiguous land belonging to the owner, the position of the land in relation to the street, name of the in relation to the neighbouring street and the existing building, if any. The boundaries of the site - in case the site has been partitioned - pertaining to names of access roads and so on.

Mr. Deputy Speaker: Narasimha Reddy garu, you can reply to the point raised by the Hon’ble Member. These details are not required.

Sri M. Narasimha Reddy: You know the fees for building permission ranges from Rs. 30/- to Rs. 100/- depending upon the nature of the building and no permit shall be chargeable for re-submission of revised plan by the party within six months. After the urban development has come into being the zonal regulations have been framed in 1981 under the Act of 1975. The zonal regulations indicate the requirements of floor coverage etc. Unless we have plans for further expansion of roads and for ventilation etc., it is not possible and you know - keeping everything in view - these bye-laws have been framed and wherever there is any inconvenience and if any individual wants relaxation we are giving relaxation at the Government level.

Sri Mohd. Amanullah Khan: Sir, for illegal construction the Government is responsible. This is open secret.

Mr. Deputy Speaker: The question is regarding the amendment of the bye-laws.
Sri Mohd. Amanullah Khan:- He is saying there is illegal construction and no lay-out is there. Who is responsible for this? The Government should be held responsible for this.

Mr. Deputy Speaker:- That is regarding general expression.

Sri Mohd. Amanullah Khan:- Why is he expressing in a general way? How he can reply like that?

Sri M. Narasimha Reddy:- As a special case, relaxations are being given.

Which bye-law you feel inconvenient you have to tell.

Mr. Deputy Speaker:- It is not concerned with this question. Which bye-law you consider to be inconvenient you have to tell.

Sri Mohd. Amanullah Khan:- 30 rupees caretaker 50 rupees, what is the difference? Which bye-law you feel inconvenient you have to tell. Who is responsible? The Government is responsible and the Municipal Administration Minister is responsible for that.
Mr. Deputy Speaker:- You please leave it. You cannot get any answer for such question.

Mr. Deputy Speaker:- No more question on that.

Sri M. Narasimha Reddy:-- As a special case, in respect of some individual cases relaxation can be given.

Mr. Deputy Speaker:- Mr. Amanullah Khan, your question is so vague and you cannot expect an answer. Regarding any specific bye-law if you feel inconvenient you bring it to the notice of the Government and they will consider. That is a different thing.

Mr. Amanullah Khan:-- The bye-law which is causing inconvenience to the poor man has to be considered.

Mr. Deputy Speaker:- There are so many bye-laws. Which bye-law is inconvenient you have not told. Even now also you are not telling. The question is vague and the supplementary is also equally vague.

I will place it before the Technical Committee and we will consider.
Sri M. Narasimha Reddy:— Permission is given for smaller plots from 15 sq. meters onwards.

179—

*4069-Q.—Sri T. Purushothama Rao:— Will the Chief Minister be pleased to state:

(a) whether the present Administrative Tribunal on Services in the State is set-up under Article 323-A or 377-D of the Constitution;

(b) whether the said Tribunal has the powers to adjudicate the service matters of all three wings of the Government;

(c) if not, the services not coming under the adjudicating powers of the said Tribunal; and

(d) whether the High Court of Andhra Pradesh is also dealing with service matters in its writ jurisdiction?

On behalf of the Chief Minister, the Minister for Law and Courts (Sri D.K. Samara Simha Reddy):—
(a) The present Administrative Tribunal is established under sub-section (2) of Section 4 of the Administrative Tribunals Act (Central Act 13) of 1985, enacted in pursuance of article 323-A of the Constitution of India.

(b) Under Section 15 (1) of the said Administrative Tribunal Act, 1985 the present Administrative Tribunal has all the powers to adjudicate matters concerning recruitment to any Civil Service of the State or any other Civil post under the State and all service matters of persons enumerated in clauses (b) and (c) of the said Section. The Tribunal has also jurisdiction in respect of service matters pertaining to the employees of local authorities and the officers and staff of the Andhra Pradesh Administrative Tribunal.

(c) The Tribunal has no jurisdiction in respect of service matters concerning the employees of Legislature of the High Court of Courts Subordinate thereto.

(d) No, Sir.

Sri D.K. Samarasimha Reddy:- So far as filling up of the Benches are concerned already we have addressed to the Government of India. The matter is under the consideration of the Government of India. As soon as it takes a decision it will be filled up. We are trying to expedite the matter so far as the first is concerned. The Member wanted about the services pertaining to the High Court and Legislature. These matters have been specifically excluded from the purview of the tribunal. The Second and third supplementary has to be treated as one. So far as these two issues are concerned under Article 226 of the Constitution extraordinary jurisdiction of the High Court has not been taken. Prerogative writs of the Constitution—there is a writ of Mandamus, writ of curbarranto, writ of prohibition. They have been given efficacious remedy. So there is no question of tagging them all to this.

Sri D.K. Samarasimha Reddy:- We have written to the Government of India to fill up the rest of the Benches. So that question is superfluous.

Sri D.K. Samarasimha Reddy:- We have written to the Government of India to fill up the rest of the Benches. So that question is superfluous.
We have addressed a letter to the Government of India to fill up the rest of the vacancies. With regard to the rest of the Benches we are trying to get the matter disposed expeditiously as early as possible. The Hon'ble Member was trying to say that the advocates have gone on fast. Whether this is going to survive or not is the question. I am submitting that the High Court Advocates Association has passed a resolution for the abolition of the Tribunal, but we have not taken any decision in that regard. I agree that I did express my views on this point. Definitely, I have some personal views and I have expressed before this House the collective decision of the Government has not taken any decision as has been thought of by the Hon'ble Member.

They are expecting to get.
Sri D.K. Samarasimha Reddy: I am bound by the collective view of the Government. Members have met the Chief Minister and he has given assurance that it will continue. Accordingly, proposals have been sent. In ever deny as to what I have said. I have the courage to admit. I did admit before this House. What I said was right, because of the Chief Minister's assurance it will continue and the matter is already with the Government of India.

Sri Ch. Vidyasagara Rao: Let the Minister may not continue his thoughts.

Sri D.K. Samarasimha Reddy: I will always pursue my thoughts.

Mr. Deputy Speaker: His personal thoughts are subordinate to the decision of the Government.

The State Government in consultation with the Chief Justice of High Court on 13-9-91 has decided to recommend the names on 14-9-91 to the Government of India and there is no question of any vacancy for the Vice Chairman, because Mr. Jayasimha is acting as vice chairman of the Andhra Pradesh Administrative Tribunal. We have sent it to the Government of India. It is going to come up very shortly.

Chief Minister (Sri M. Janardhana Reddy):- No - we cannot tolerate it. There is some patience. There is a level in anything. What is this?

(Interruptions)

Mr. Deputy Speaker:- I want the Hon'ble Chief Minister to move a Resolution suspending Mr. Raghuma Reddy, Mr. N. Chandrababu Naidu and T. Seetharam.

You think that the House is your own property and you can monopolise and you can dictate terms on all of us. It is not your own property. It is the property of all the 294 Members.

(Interruptions and Shoutings continued)
Whatever they shout should not go on record. I did not permit them. The House is not in order because the three Members who are suspended are within the House. The House will not be in order unless they vacate the House. Therefore whatever they speak, it does not go on record. I appeal to the Deputy Leader Sri K. OPERATION OF BUSES WITHOUT STANDING PASSENGERS IN TWIN CITIES

244-

4657-(I)-Q- Sri D. Sivarama Raju:- Will the Minister for Transport be pleased to state:

(a) whether there is any proposal to operate the buses without standing passengers in the twin cities of Hyderabad and Secunderabad; and

(b) if not, why?

(I)-A- (a) No, Sir.

(b) The A.P.S.R.T.C. at present is operating 1512 buses to meet the traffic needs of the twin cities and its suburban areas. Keeping the rapid development in the city and its surroundings the Corporation has been increasing about 100 buses each year. In the year 1983 the fleet strength of the Corporation was 810.- The present fleet strength in the city
area had gone up to 1512. Even after increasing the considerable No. of buses every year the Corporation has to allow standing passengers specially to meet the traffic needs of different types of commuters, factory workers and business people who use the transport extensively between 8.00 A.M. to 11.00 A.M. and again between 4.00 P.M. to 7.00 P.M. Even during these peak hours overloading of bus is uni-directional and the return trips run with less than the permitted capacity.

The overload situation is being experienced in almost all the transport organisations operating city and suburban bus services and it is perhaps inevitable to bear with extra passengers during few peak hours. In the remaining hours of the day, it is observed that an average occupancy ratio of city services is about 67%.

In the twin cities, the mass transport operations is being carried out by the bus transport system only. The Railways are not contributing much to meet transport needs of the city commuters as in other cities of Madras and Bombay. This also is one of the reasons resulting in over-loading the buses of the twin cities of Hyderabad and Secunderabad.

Mr. Deputy Speaker:- We shall think over the matter but now let us proceed with the agenda.

Mr. Deputy Speaker:- We shall think over the matter but now let us proceed with the agenda.
When he said 'I am not going to take it up' we have respected the Chair. Whatever dictum that came from the Chair we have obeyed.
Sir, whatever has happened in the House in the morning today we condemned. But it was not pre-planned. Suddenly it happened and whatever they said and the T.D.P. Members said we have to forget and the problem now is more and the law and order problem in the State is going from bad to worse. Two women belonging to minority community have been stabbed to death. Therefore, the Government should take the help of all the opposition parties to curb violence and maintain law and order situation in the twin cities.

Sri D.K. Samarasimha Reddy:- Sir, the Hon'ble Member said that two women belonging to minority community have been murdered. Let him say that two women have been murdered but not 'from minority community'. Generally, we have to avoid these things in the best interests of law and order. Kindly expunge those words.

Dr. Mohammed Virasat Rasool Khan:- Always the Congress Party has been doing like this, and that is why, the situation has gone from bad to worse.

Mr. Deputy Speaker:- Let us not go into such situation now.

Dr. Mohd. Virasat Rasool Khan:- My contention is the law and order situation has gone from bad to worse. We have to take the co-operation of all the political parties including the Telugu Desam which is the biggest political party from the opposition.
