The intension of the Government is to fill up all these vacancies as quickly as possible.

Mr. Speaker:- I know it.
How best we can fill up these vacancies is a question, and a question which requires an answer. The answer lies in the effective utilization of the available resources. The resources include manpower, financial, and physical. The manpower is the most important resource, as it is the backbone of any organization. The financial resources are also crucial, as they provide the necessary funds for the smooth functioning of the organization. The physical resources, such as buildings and equipment, are also important, as they provide the necessary infrastructure for the organization.

The reasons for disposal of the above said units on less rental/privilege fee when compared to 1989-90 are that the rental/privilege fee realised in auction depends on the level of competition in the auction. The tenderers/bidders put their offers based on the business prospects for the shop/unit based on past experience etc., Accordingly the shops were disposed of for the highest available tender/bid.
EXCISE DUTY ON INDIAN MAKE LIQUOR

4270-Q- Sri Nallapareddi Sreenivasul Reddy:- Will the Minister for Excise be pleased to state:

(a) whether the Government have issued a Notification on 8-2-1991 enhancing the Excise duty on Indian make foreign liquor; if so, the details of the Notification and the reasons therefor?

(b) whether A.P. Beverages Corporation has decided to distribute arrack in bottles, how many empty bottles purchased and 'lying unused and the total cost of them;

(c) the number of bottling units in the State?

(d) whether arrack is being supplied in sachets now?

(e) whether sachets manufacturing units were imported at a higher price from other State, ignoring the lesser prices quoted by the local manufacturers; and

(f) if so, the reasons therefore?

A- (a) Yes, Sir. The Excise duty on Indian Made Liquor was enhanced from Rs. 45/- per P.L. to Rs. 70/- per P.L. with effect from 8-2-1991. It was considered necessary to increase as since the excise duty was last revised on 1-10-1988 in G.O.Ms.No. 96, Revenue, dated 8-2-1991, consumption of Indian Made Liquor had increased and enhancement was likely to fetch more revenues to the exchequer.

(b) No Sir. Government decided to distribute arrack in bottles and sachets. About 90 lakhs of 375 ML bottles and 145 lakhs of 180 ML bottles are available with Corporation. The value of the purchase price of the bottles is about Rs. 545.75 lakhs as detailed below:

Mr. Speaker:- I have allowed his Point of Submission.

Sri K. Vidhyadhara Rao:- No. It is highly irregular.
Mr. Speaker:- Please resume your seat. I have allowed him to say.
Sri D.K. Samarasimha Reddy:—Sir, let me make my submission.

Mr. Speaker:—I allow you.

Sri K. Vidyadhara Rao:—Sir, everybody has got a right in Zero Hour for mentioning.
I disagree with it. There is no need for any clarification.

I am totally against it,

Even when the Hon'ble Chief Minister has given the reply so clearly - again there cannot be anything for clarification Mr. Vidyadhara Rao.

Both the Officers have come under the purview of the Lok Ayukta - and Lok Ayukta is...

Sri Mohd. Virasat Rasool Khan (Charminar):- Mr. Speaker, Sir, I would like to bring to your kind notice that most of the assurances given by the Hon. Minister here on the floor of the House are not being implemented. Sir, you may ask me to go to the Assurances Committee. I have also gone to the Assurances Committee. I hope you will agree with me when I give two examples. Firstly, in the last session, when Mr. Rosaiah was the Minister for Medical and Health, we repeatedly told that the Ultrasound Machine in the Osmania Hospital is not working. He assured us on the floor of the House that immediately instructions would be given and the
Ultrasound Machine will be repaired. But, we regret to inform you that even after three months no action has been taken in this regard and the poor patients are suffering a lot. They are compelled to go to various private hospitals and pay huge fees.

Secondly, the Hon. Minister for Home Mr. Mysoora Reddy assured us that all the disconnected telephones in the Old City due to non-payment of bills by the police stations will be re-connected.

Mr. Speaker:- Do you want answers from so many Ministers?

Sri Mohd. Virasat Rasool Khan:- Only two Ministers viz., Mr. K. Rosaiah and Dr. Mysoora Reddy. The Chariminar Police Station is considered to be the most important Police Station in the Twin Cities and Mr. Mysoora Reddy assured us on the floor of the Assembly that he has given orders for reconnection of the Telephone. But for the last three months the Telephone is out of order. They have not made the payment and when I requested the Minister and remained him of the assurance he told me: 'What can I do? I have passed orders but no action has been taken'. Sir, please come to our rescue and give direction that whatever assurances are given on the floor of the House they should be implemented. Thank you very much. Let the Minister say.

Mr. Speaker:- He has noted the point. No answer will come during Zero Hour.

(Interruptions)

I am not going to conduct the House in this way. If you want to create a precedent now it will not be good. I do not like to create a new norm.

Sri Mohd. Amanullah Khan:- Sir, so many Ministers have given replies. If the Minister has information and if he is ready to give reply please do not stop him.

Mr. Speaker:- That is separate. Probably he might not have got information. That is why I said that he noted and would take action.

Sri Mohd. Amanullah Khan:- If he wants to give reply let him reply, Sir.

Minister for Home (Dr. M.V. Mysoora Reddy):- I made a note of it and I will give a reply later.

Sri P. Ashoka Gajapathi Raju (Vizianagaram):— Speaker

Sir, I present a petition signed by about a lakh petitioners from Vizianagaram district about the problems created by the freely available liquor. This evil has ruined the family life and has also added to anarchy and lawlessness. Thefts are on the increase. Law and Order has collapsed. Atrocities on women have increased. The drinking fashion has encouraged the youth to commit wrong-doings. There is no difference of behaviour pattern existed between the rich and the poor and educated as they all behave in an uncivilised manner. Sir, the Father of the Nation, Mahatma Gandhi and also the framers of the Constitution had put a responsibility on the State and Central Governments to implement prohibition and we, the people’s representatives have also sworn to uphold the Constitution of India. Sir, the petitioners state that about Rs. 600 crores of revenue might be lost by prohibition. Another Rs. 600 crores of black money would be generated, which tends to corrupt the officials and the politicians. Goondas are causing territories where their own law exists, Sir. This amounts to roughly about 10% of the State’s exchequer budget. This could probably be augmented by increases in indirect taxation. The welfare expenditure in the long run will come down if prohibition is implemented in the State. The deterioration of public life and increase in crime have a direct bearing with the prohibition policy. The petitioners, as a part of their anti-arrack agitation, requests for the enforcement of prohibition on a permanent basis and requests this Assembly to honour their opinion and see that prohibition is implemented.

(The petition was submitted to Hon’ble Speaker)
Mr. Speaker:- If you give an alternative suggestion, it may be better.... Right.

Sri K. Vidyadhara Rao:- I think all the Floor Leaders including the Chief Minister will have no objection for having a separate Legislative Committee for Women, as already we have Committees for S.C. Welfare, B.C. Welfare and S.T. Welfare. Since there are so many programmes implemented for women, it is necessary to have a separate Legislative Committee for Women Welfare. So, I request the Hon'ble Chief Minister through the Chair to consider their request and priority be given to the request.
Mr. Speaker:- All papers are deemed to have been laid on the Table of the House.

1. "A copy of the Annual Administration Report of the Andhra Pradesh State Road Transport Corporation for the year 1988-89 together with the Financial and Statistical Statement thereon, as required under Section 35(3) of the Andhra Pradesh State Road Transport Corporation Act, 1950."

I request the Minister for Agriculture to introduce the A.P. Oil Palm (Regulation of Production and Processing) Bill, 1992, on behalf of the Chief Minister.

Mr. Speaker:- Motion moved. Now the question is:

"That leave be granted to introduce the Andhra Pradesh Oil Palm (Regulation of Production and Processing) Bill, 1992."

(Pause)

The motion was adopted and the Bill was introduced.
Sri K. Rosaiah:- When it is a resolution proposed by the government, there is no winding up. Sri K. Vidyadhara Rao:- Sir, before I commence my speech on the incidence that occurred on 6th December at Ayodhya, I would like to go on record, my objection to the way in which the Resolution has been introduced. "There is no winding up on the discussion on the Resolution; only the last Speaker" agreed. Mr Speaker:- I have asked them to include there. Mr Speaker:- Without notice, it will not be included. Here, if notice of such amendment has not been given the day previous to the date on which the resolution is moved, it shall not be accepted unless the Speaker otherwise directs".... Agreed.
after the Resolution has been moved by any Member - may subject to the rule relating to the resolution - moving the amendment to the Resolution or tabling of the Resolution does not confer upon him. If the Notice for amendment is one day previous on the date, any Member may object to the moving, unless the Speaker allows the amendment to be moved - the period of notice may be waived. Where is the Home Minister - I am asking him on the question of the very method of the introduction of the notice? Sir, where is the Home Minister Sir?

(Interruptions)

The very propriety of moving the Resolution, I am questioning. The time cannot be waived. If the time can be waived, if the Speaker allows, otherwise, that has to be informed. The very propriety of moving the Resolution, I am questioning. The time cannot be waived. If the time can be waived, if the Speaker allows, otherwise, that has to be informed. Once again it exposes the Government's view. This Government is not for secularism. They are in the guise of secularism to appraise the elections.
Sri K. Vidyadhara Rao:—Sir, I am coming to the point. I am coming to the subject, in the guise of the secularism they are cheating the public. In the rules do not provide for the time to be waived for bringing the resolution.

The incident that occurred on December 6th is a blot on the Secularism fabric of the Indian Constitution - on the very people of India it is a dark blot.
responsible for this? I have been deceived. I have been betrayed. I have been deceived. I would like the Home Minister and the Chief Minister to answer. I have been betrayed. I have been deceived. I would like the Home Minister and the Chief Minister to answer. You have betrayed the Nation - you have miserably failed in upholding the Constitution. You have betrayed the Nation - you have miserably failed in upholding the Constitution. Are you not a abettor of the crime? Are you not responsible for the faults committed by you and which has been questioned by my party all through out. In 1990, we had an understanding. They came out in their true colours and that they are not sticking up to the Constitution. Yes. Everybody said we had an understanding. They came out in their true colours and that they are not sticking up to the Constitution.
Who is the abettor of this crime? It is perpetuated by only B.J.P. and communal agencies or has it been assisted by this fascist Government. I call it 'fascist' Government. They have no one policy, they have no one ideology and they are just moving about as turncoat. The crime is just another instrument of communal agencies. I call it 'racist' Government. They have no one policy, they have no one ideology and they are just moving about as turncoat.
we have condemned the Regional Party. We have condemned the communilism. It is we that condemned the demolition of Babri Majeed is a ghastly incident.
You do not have even the idea of what is secularism and what are the democratic principles. So you should understand that "nationalism is not the solution" and it is only through secularism that we can build a true democracy. The Prime Minister should resign. The Prime Minister should resign.

Sri K. Vidyadhara Rao: Sir, a ruling was given by the Speaker that K. Vidyadhara Rao will be the last speaker.
Mr. Speaker Sir, according to the Parliamentary Practice itself, there is a ratio between the Ruling Party Members and the Opposition Members. That ratio, in this debate, was avoided. We agreed that the last speaker will be a T.D.P. Member. Violating that understanding is incorrect.

It was only an arrangement that the Speaker has announced. No ruling was given by the Speaker.

Now the issue is closed.

Sri P. Ashoka Gajapathi Raju: Sir, Don't violate the practice.

Chairman: No ruling was given by the Speaker.

Sri P. Ashoka Gajapathi Raju: Sri Alapati Dharma Rao:- It was only an arrangement that the Speaker has announced. No ruling was given by the Speaker.
Even the Army has also been alerted by the Civil Authorities. After the 17th of...
Given History of the communal violence in the old city area of Hyderabad, 14 persons since Monday have lost their lives - 8 more deaths from the districts - which looks like a positive achievement for Mr. K. Vijaya Bhaskara Reddy who is handling for the first time about the communal flare up in the State, as the Chief Minister. The city that has a history for communal violence - has been largely peaceful at a time when the nation is going on with communal riots.

Mr. Vijaya Bhaskara Reddy's handling with the situation compares very well in the way which the previous occasions were handled. To-day the situation was well under control and the violence is controlled within three days and curfew was also being relaxed in several areas which was imposed just after four days. The Chief Minister has announced Rs. 20,000/- each to the next kin of the killed and Rs. 30,000/- from the Chief Minister's Relief Fund in the form of Bonds to the next kin of the killed.
Rs. 5,000/- to those seriously injured and Rs. 250/- to those who received minor injuries.

A total of 356 injured persons were brought to the hospital. The hospital's doctors treated them and discharged them. The injured persons were then transported to their homes. The hospital's medical staff provided them with medical treatment.

The hospital's chief doctor said that the injured persons were treated for injuries caused by the accident. The doctors provided them with medical treatment and discharged them.

Sri K. Vidyadhara Rao:— I don’t want to object. I want to make one submission. 

I'm not sure whether the submissions are to be done in groups or individually.

Sri K. Vidyadhara Rao:- Sir, "Unless the Speaker otherwise directs" he has quoted Kaul & Shakdher and he has conveniently omitted "The period of Motive" - that may be clarified. Sir, the notice has to be given. I raise the technical issue as to how the Government is dealing with it.

20 Dr. M.V. Mysoora Reddy:- It is in proper shape. It is my privilege. I request you to give the ruling.

Sri K. Vidyadhara Rao:- This Government is not serious. Sir, the Speaker's words, "unless the Speaker otherwise directs" he has quoted Kaul & Shakdher. The notice has to be given. I raise the technical issue as to how the Government is dealing with it.

Dr. M.V. Mysoora Reddy:- He is distorting the version of mine. It is not fair on the part of the leader.

Sri K. Vidyadhara Rao:- They are not serious.

Dr. M.V. Mysoora Reddy:- He is not serious. They are diverting each and every issue. It is not fair.

Sri Mohd. Amanulla Khan:- I am requesting once again. It is an important issue. Don't go into the technicalities. I am moving one more resolution which has been passed in Parliament also. We request through you the Leader of the House to pass unanimously the resolution requesting the Central Government to recast the Babri Masjid very soon.
Sri A. Dharma Rao:— It is only a correction. That paper has already been circulated. It does not amount to amendment. It was only a correction. With the permission of the Chair, he has made correction before giving the resolution. There is nothing irregular. It is quite in order.

Sri K. Vidyadhara Rao:— It was circulated to us.

Sri A. Dharma Rao:— By the time it was circulated, it was not moved. It was moved later.

(Mr. Speaker in the Chair)

Sri Mohd. Amanulla Khan:— Again I am requesting through you the august House. This is a very important and burning issue. Don't go into the technicalities. I have submitted a second resolution through you to the Leader of the House to reconstruct the Babri Masjid.

Dr. M.V. Mysoora Reddy:— Sir, with your kind permission, I am moving the following resolution:

"This House unanimously condemns the deplorable incidents that took place at Ayodhya."

Sri P. Ashoka Gajapathi Raju:— We have not been following.

Mr. Speaker:— Just I will send it.

Sri P. Ashoka Gajapathi Raju:— Please circulate it.

Sri P. Ashoka Gajapathi Raju:— Sir, one submission. I am not going into the technicalities. It is an important issue....

Mr. Speaker:— The matter has to be closed somewhere.

Sri P. Ashoka Gajapathi Raju:— I am willing to close.
Mr. Speaker:— No sooner he completes his reading, it will come.

Sri P. Ashoka Gajapathi Raju:— When a Minister moves a resolution, the text of it should be in front of us. On such an important issue, how do we follow.

Mr. Speaker:— For a simple thing; you should not be so technical.

Sri P. Ashoka Gajapathi Raju:— I don't want to press on technicalities. There is something. We took the spirit of draft resolution and the Leader of the House Mr. Rosaiah informed us that day itself. In my legislative career, this is the only resolution which has invited so many amendments. We are not against that. The subject is of very great importance. This subject is of such a great importance that if anything is sought to be misread by anybody....

Mr. Speaker:— You said, it is so important. Everybody is saying. We must agree.

Sri P. Ashoka Gajapathi Raju:— We agree. Let us get a few copies. We will also be able to follow it.

Mr. Speaker:— One or two copies are there. You can have it.

Dr. M.V. Mysoora Reddy:— Sir, with your kind permission, I am moving the following resolution.

actions taken and to be taken by the Government of India and the State Government to curb lawlessness and communal violence and efforts to strengthen secularism in the country.

This House unanimously conveys its deep sympathy to the families of those who have lost their lives and properties.

This House appeals to all the political parties, organisations and people to co-operate in the maintenance of peace, law and order and communal harmony."

Dr. M.V. Mysoora Reddy:- As suggested by Vidyadhara Rao, we will include B.J.P. also.

Sri K. Vidyadhara Rao:- We are very much pressing our amendments.

Dr M.V. Mysoora Reddy:- Sir, we will add B.J.P. also.

Mr. Speaker:- The matter is over.

Sri K. Vidyadhara Rao:- Sir, you allow us to read our amendments. We are pressing our amendments.

Sri P. Ashoka Gajapathi Raju:- We are pressing our amendment.

Sri M. Omkar:- 'This House unanimously condemns the deplorable incidents that took place at Ayodhya i.e., destroying of Babri Masjid by R.S.S., V.H.P., Bajrangdal, Shivasena, J. 76-13
B.J.P. and like parties which have done great damage to national unity.'

Mr. Speaker:—"B.J.P. and like parties." He has said it.

Dr. M.V. Mysoora Reddy:—"B.J.P. and like parties."

Sri P. Ashoka Gajapathi Raju:—We are pressing our amendments. We would like to read them out.

This House deplores that the Union Government has miserably failed to prevent the unfortunate events that occurred on 6.12.1992 at Ayodhya. This House is constrained to state that the role of the Union Government in this regard is nothing but a betrayer and as such, it is condemnable.'
This House recommends stringent action against all those who are directly or indirectly responsible for the heinous crime. Sri P. Ashoka Gajapathi Raju:—I am also pressing out amendments. I want certain clarifications.

(Interruptions)

Mr. Speaker:—It is their amendment which they want to press.

Sri P. Ashoka Gajapathi Raju:—Sir, the Minister also has not been very clear about the compensation to the riot victims who have lost their lives and properties. The Minister also has not been very clear on compensation. They are riot victims who have lost their lives and lost their properties. The State Government within its purview also, leave alone the country, has not acted on that. There has been destruction of places of worship—mosques as well as temples within the State of Andhra Pradesh. I am not going into the other States now. Here also it is the responsibility of the Government to reconstruct them. Sir, I would also like to read out the amendment to the whole resolution because the Government has not addressed itself to the problem of this resolution. We are giving notice like this:

"This House places on record its deep sense of sorrow at the demolition of Babri Masjid in Ayodhya by the B.J.P. and other communal forces who had put the secular concept of our nation in jeopardy. This has unleashed a communal frenzy resulting in the loss of innocent lives in India and other parts of the world. This communal frenzy was precipitated due to the inaction of the Government of India. The indecisiveness of the Prime Minister has been highlighted by the President of India in his giving a direction to the Prime Minister to act promptly and to uphold the rule of law. This House also condemns the general reaction resulting in destruction of temples and mosques, loss of property and human lives in our country and abroad. This House demands that to uphold the highest traditions set by our forefathers who have achieved freedom for the country and given us a Constitution with concept of secular democracy, the Prime Minister should resign owning complete responsibility for the failure of the Government. This House unanimously conveys its deep sympathies to the families of those who have lost their lives"
Mr. Speaker:— I have already said. The meaning has come in it.

I think the Chief Minister has gone on record... Yes. You have allowed, Sir. I have allowed, Sir. You have allowed, Sir. The Chief Minister has gone on record...

Mr. Speaker:— All places of worship...

Sri P. Ashoka Gajapathi Raju:— All places of worship....
Sri P. Ashoka Gajapathi Raju: Sir, for record there are two things. We are pressing anyway. Right in the beginning we requested for a clarification from the Minister about the compensation matter, which nobody has received any type of payment, to our knowledge till today. If clarification is given regarding rebuilding all places of worship..... Anyway, we are pressing for voting because our amendment addresses ourselves to the problem. Your resolution is an exercise in futility. It does not address itself to any problem. This is the practical thing.

Rs. 50/- in compensation. Rs. 100/- for serious injuries and Rs. 50/- for the insured etc., Rs. 50,000/- from C.M. Relief Funds, by way of bonds — to each of those incapacitated persons. Rs. 5,000 to seriously injured and Rs. 2,500 to the insured etc., it is the continuous administrative matter and the action will be taken by the Government.

Sri Mohd. Amanullah Khan: Sir, the word Babri Masjid is not in the Resolution.
Mr. Speaker:- It is there - the meaning is covered please.

Sri Mohd. Amanullah Khan:- The words "to reconstruct the Babri Masjid and all the other Temples" should be there, in the Resolution.

Mr. Speaker:- It is there - Now, let us go for amendments.

Mr. Speaker:- Now, the amendment No. 1 please....

Sri Mohd. Amanullah Khan:- No, no, Sir* "Reconstruction of Babri Masjid and all the other temples" must be there, please.

"The House expresses full support for the action taken by the Government of India and the State Government."

Mr. Speaker:- Now, the amendment No. 1 please....
Mr. Speaker Sir, I want to know clearly, as to why the Government is feeling shy to use the words Babri Masjid when it is approved in the Parliament and when the Congress is ruling the Government in Delhi and when it is ruling in Andhra Pradesh also, why this Government feeling shy to use the word Babri Masjid. Why the Government of Andhra Pradesh is not clear in its intentions. Sir, this has to be clarified by the C.M., please.

Sri J.K. Reddy (Nellore):- The House expresses its full support to the action already taken and to be taken by the Government of India. 

(10:13 a.m.)

Sri J.K. Reddy: Sir, what is wron in including those words? They want all those words to be included. Dr. Mysoora Reddy Garu, 

Sri J.K. Reddy: Sir, the action already taken and to be taken by the Government of India. 

(10:13 a.m.)
That is "reconstruction of Babri Masjid and Temples damaged" - let it be by the Government of India or by any private party. That, we are not bothered Sir.
"Reconstruction of Babri Masjid and other Temples" must be there. A few people say, 'This is the minaret of Varanasi.' Another says, 'It is the hill of Ayodhya.' This is the Ram Mandir. It was built by people. To rebuild the damaged Mask and Temples. To construct by whom? Who will construct? We are all for it.

Mr. Speaker:- Let us go for voting then. Mr. Speaker:- Please, let us go for the voting then.

Mr. Speaker:- Deliberate discussions are taken place on this Resolution. The Minister and the Chief Minister have
Sri P. Ashoka Gajapathi Raju:— Sir, the Resolution does not attract the spirit of it. Please read the Resolution Sir.

Now, I will take up the Resolution by Mr. N.T. Rama Rao and others.

Sri P. Ashoka Gajapathi Raju:— Sir, I beg to move:

For the Government Resolution moved on 15.12.1992 substituted the following:

"This House places on record its deep sense of sorrow at the demolition of Babri Masjid in Ayodhya by the B.J.P. and other communal forces which have put the secular concept of our nation in Jeopardy. This has unleashed a communal frenzy, resulting in the loss of innocent lives in India and other parts of the world. This communal frenzy was precipitated due to the inaction of the Government of India. This House demands that, to uphold the highest traditions set by our forefathers who have achieved freedom for the country and given us a Constitution with concept of secular democracy, the Prime Minister should resign owning complete responsibility for the failure of the Government.

This House unanimously conveys its deep sympathy to the families of those who have lost their lives and properties.

This House appeals to all the political parties organisations and people to co-operate in the maintenance of peace, Law and Order and communal harmony.

This House recommends to the Government to reconstruct all places of worship which have become victims of vandalism."

Mr. Speaker:— Resolution moved.

Sri Mohd. Virasat Rasool Khan:- Sir, number of senior colleagues spoken on power tariff. I want to speak about power facilities that are being given by Electricity Board in Twin Cities. I think the A.P.S.E.B. is not a Board but an orphanage. There is no responsible person in the Board to look after the requirements of public. There is severe shortage of Electricity. There is no current supply for hours together and the people are suffering a lot. In the last Session, when Mr. D.K. Samarasimha Reddy was speaking on the Demand of Power, we have requested him to provide some funds under the head "Improvement and Development" and on the same floor of the Assembly, he had assured that he will provide some funds for "Improvement and Development". But, unfortunately as I have told in this August House in the Zero Hour, whatever assurances that are being given on the floor of the House, they are not being implemented. In respect of Mr. D.K. Samarasimha Reddy's assurance, when we have contacted the Electricity Board Officials, we have been clearly told that there are no funds under the head "Improvement and Development and there is no question of providing new Transformers". Number of New colonies have come up. Number of new houses have come up. But the same old supply of shortage in current and same old transformers of 100 KV Lines, where there is the need for 250 KV lines, 316 KV lines and 500 KV transformer. When we approached the Electricity Board Officials, they say only one thing, i.e. "We cannot do anything because are no funds". At least, there should be some funds for providing new Transformers. There will be no supply of current in the Old City for hours together. Especially, the
children have suffered more during the examinations period for want of electricity. There would be no power supply at times without any prior information. There would also be no power supply during the hours of supply of water. Inspite of complaints, no action was taken. Another point is, there would have been at least 250 and more thefts in the Old City during the last 2 months because of irregular supply of current. When we approach the Police Stations, they say - "Sir, there was no current for Hours and the Thieves are coming and so what is that we can do?" This is the reply from the Police Department. With regard to Street Lights, they are of poor quality. There are duplicate Tube Lights. We were repeatedly telling to change the Tube Lights, Electricity Bulbs, and Transformers but there is no action taken. They say - "No funds." When there is no regular supply, where is the necessity for increase in power tariff? We have cooperated with the Electricity Board. They have opened collection counters in the Old City. The M.I.M., M.L.A's in Old City helped them in collecting Rs. 11 lakhs towards the dues. In return, the people of twin cities, did not get anything. So, there is no question of increasing power tariff. There are people who are ready to take electric metres by paying the required fees but the Department had no metres to supply to them. There is some difference between the people living in slum areas and in good areas. For the people who are ready to take metres by paying the required fees, the Department is not able to supply them the metres - with the result there is a lot of pilferage.

The Law and Order situation in Andhra Pradesh is becoming bad to worse. After the Babri Majeed incident, instructions were given from the Minister's House to go immediately to the Old City and change the lights. But the Electricity Department had failed to do it. They contacted a contractor and fixed some flood lights. In view of this, there is no need for enhancing the power tariff because the Department had not provided any facility to the people.

Thank you very much for giving me this opportunity.

I can read out the details. 2 Units at Nagarjuna Sagar Left Canal commissioned in September, 1992. A Unit at Pen Ahobelem is expected to be commissioned in March, 1992. Works are progressively commissioned in Rayalaseema Power Station. There is no secrecy in it.
There is something known as plant load factor. This is why the load factor is important. The load factor for a generator is the ratio of the actual load to the rated load. In other words, it is the ratio of the actual power output to the rated power output of the generator. The load factor can range from 0 to 1, with 1 being the maximum possible load factor. The load factor is an important factor in determining the efficiency of a generator. The higher the load factor, the more efficiently the generator is operating. The load factor is also used to determine the size of the generator needed to meet a specific load. The load factor is calculated by dividing the actual power output of the generator by the rated power output. This is often expressed as a percentage, with a load factor of 100% indicating that the generator is operating at its maximum capacity. The load factor is also used to determine the capacity of the generator needed to meet a specific load. The load factor is an important factor in determining the size of the generator needed to meet a specific load.

Mr. Speaker:- He wanted during this session.

Mr. Speaker:- That is where they are provocating the House. I am assuring the House, it is again evasive tactics.

Before the session is adjourned, let him place on the Table.
No, I want your direction. Mr. Speaker, Sir, I am thankful to Mr. Rosaiah for giving a number of details as to what is going to be taken up in the Twin Cities. Regarding construction of 132 K.V. Sub-Stations under the Master Plan they are taking a number of measures to improve the electrical facilities in the Twin Cities. But, I just want a clarification from Mr. Rosaiah. There is a valid reason to believe that there is pilferage of power. The people are eager to take electrical connections. They want electrical Meters. But, there is a severe shortage of electrical meters in the Electricity Board and they are not able to provide the meters. The second point is that about 90% of the street lights are burnt out and they are not replaced. The Electricity Board do not have funds to provide tube lights.
Mercury Vapour Lamps and other bulbs and electric poles. Whenever we approach the Electricity Board they are telling us: 'What can we do? We have to get funds from the Municipal Corporation of Hyderabad.' There is an internal matter between the Municipal Corporation of Hyderabad and the Electricity Board. The Electricity Board has miserably failed to provide at least street lights in the Twin Cities. I request the Hon'ble Minister to give an assurance that the over-loaded transformers will be changed immediately. Another valid point is that whenever there is power failure immediately the consumer lifts the telephone and contacts the sub-station but in vain. We found that the people working in the sub-stations remove the receiver and keep on the table. The people go on dialing the telephone and they get an engage tone. In this connection I want an assurance from the Hon'ble Minister that whenever there is power failure and when the consumer contacts the sub-stations there should be some responsible person sitting over there to give correct reply and see that power is restored immediately.

I request him kindly to pass it on. I will stand corrected and come before the House. I will correct myself.

I will stand corrected. I will offer an apology to the
House, Sir, the letter which I have sent you is important. I did not say it was important but the letter which I have sent you is important. Correspondence is different and commitment is different. I said that. I have no hesitation to place it before the House. The correspondence which I have sent you is important and it is my intention to place it before the House. I never wanted to mislead the House. It is not my intention.

Mr. Speaker:— Now I am not going to give to anybody. If you do not want, I cannot help. It does not go on record. Now the matter is over.
