the whole purpose of the project itself will be defeated unless you desilt it. It is a very dangerous project. I am not a technical expert. I don't know much about this. I only know that desilting can cause severe environmental problems. It is not a sustainable solution. I would suggest that we consider other options. Perhaps we could explore alternative technologies or strategies. We need to find a way to solve this problem without causing further harm to our environment.
We are at it. We will have further discussion. It seems, it is necessary to take the matter up with some earnestness.

That is the general position. We are equally sincere, we are anxious. But we are answering it.

9.10 Mr. Speaker:— Among all the questions raised, 25 to 26, 22 are regarding Anantapur district. It seems that the issues are not being taken care of properly. 14 is regarding the Kurnool district. The situation is the same. But actually nothing is taking place in Anantapur district. Similarly, with regard to the Kurnool district. But in Kurnool district also, the situation is the same. It is not being taken care of properly.

Mr. Speaker:— According to you, 311 is 189 and 14.283 is 17, 18. If the situation is the same, then why are you raising questions. If the situation is the same, then why do you mention Anantapur district? It seems that everything is not being taken care of properly.

Ambedkarnagar and Devinagar was
submitted to HUDCO in 1985–86
for 148 and 204 units respect-
ively with loan component of
Rs. 7,700/- each unit. In antici-
pation of the sanction of HUDCO,
the Municipal Corporation gave
sanction for Rs. 27.13 lakhs to
start the work. But the benefi-
ciaries did not come forward to
start their houses, hence the
scheme was dropped. Again in
April 1987 the beneficiaries
came forward to start the scheme
and deposited their share con-
tribution of Rs. 361/-. The
scheme was revised for
Rs. 10,700/- each unit and was
submitted to "HUDCO" for

J. No. 163 - 14
You all please cooperate. We have already thoroughly discussed the subject and the matter is closed now.

Mr. Deputy Speaker:- No further discussion on the private medical colleges subject. 304 Shishu Park.
The High Court gave an interim direction. Pursuant to the observations of the High Court we demanded. We want to see that expert Committee Report. The subject relating to the private medical college is closed. The House is adjourned for ten minutes.

(The House then adjourned at 11.45 A.M.)

Mr. Deputy Speaker:— All the Papers are deemed to have been laid on the Table of the House.

A copy of the Annual Administration Report for 1987-88 together with the Financial and Statistical Statement thereof of Andhra Pradesh State Road Transport Corporation, as required under Section 35(3) of Road Transport Corporations Act, 1950.

2. The Annual Accounts of the Andhra Pradesh State Road Transport Corporation for 1989-90.

A copy of the Annual Accounts of the Andhra Pradesh State Road Transport Corporation for 1989-90 together with the Audit Report thereon, as required under Section 33(4) of Road Transport Corporations Act, 1950.
3. 12th Annual Report and Accounts of Andhra Pradesh Fisheries Corporation Limited.

A copy of the 12th Annual Report and Accounts on the working of the Andhra Pradesh Fisheries Corporation Limited, together with the Audit Report for the period ended 30-6-1986 as required under Section 610 of the Companies Act, 1956.

This Expert Committee Report is not the part and parcel of the matter which is in the Court. It is not sub-judice. We have debated over the matter. There is a precedent. The Supreme Court has already adjudicated the matter under Article 14. This Expert Committee Report is nothing to do with all those things. The matter pending in the High Court is about the issue whether the amended legislation is valid or not.
I am putting a straight question. Whether the Hon. Ministers are aware of the contents of the Report? They are not. It is a unilateral decision taken by the Chief Minister. You have no right to continue as Ministers because you are not a part of the decision. It is an unilateral decision taken by the Chief Minister. You have no right to continue. Please resign and go out.

(Interruptions)
We are not competent to take a final decision. It is the court which has to take a decision. The matter is under adjudication of the Court.

(To be continued)
The matter is pending in the Court. The issue relating to the matter is pending in the Court. Not the Expert Committee Report....

Sir 3.

(Interruptions)
Mr. Deputy Speaker:- Please do not cast aspersions. You have to help us to get out of this situation. We have to run the House. Whether they are reasonable or unreasonable, we have to carry all the parties with us.

(Regular text)

Sir: Deputy Speaker:- Why are you raising objections?

Mr. Deputy Speaker:- No, no, no… I am not raising any objections. I am just telling you that caste is not a criterion. Whether they were elected by fair means or foul, we have to run the House.

Sir: Deputy Speaker:- What do you mean by say other? Are you saying that the candidates are not qualified?

Sir: L. Basavaiah:- No, no, no… I am not saying that. I am just telling you that selection is not the issue.

J. No. 163 - 15
In this connection, I wish to refresh the memory of some of the Hon. Members about the procedure that prevails with regard to the writs. Writs are of a highly prerogative nature. The writs are of five types—writ of mandamus, writ of certiorari, writ of prohibition and writ of habeas corpus. The writ of mandamus is to direct the Government to do a particular thing. Writ of certiorari is for quashing the proceedings or quashing the illegal enactment. On the issue of capitation fees, there is a judgment of the Supreme Court. That judgment is pertaining to a matter between the Karnataka Government and a candidate. It is from some other State. Whatever it is, Judgments are also of two types—Judgment in rem and Judgment in personam.

Sri N. Chandrababu Naidu:— No, No.

(Interruptions)
It is not a judgment in personam. It is a judgment in rem. It applies to all the States. The jurisdiction has been invoked. There cannot be any point of order on that.

There is no force in your point of order. Please don’t misquote me.

Sri D.K. Samarasimha Reddy:— I have not completed. I am on my legs with the permission of the Hon’ble Speaker. He wanted to raise a point of order....
Mr. Speaker:- There will be submission when there is order. You know the Rules better and I need not tell you. After Sri Samarasimha Reddy, you will be allowed.

Sri N. Chandrababu Naidu:- Sir, on a point of order.

Mr. Speaker:- Why should it be? Let him complete. Everybody tries to raise a point of order, but if I ask under what Rule, nobody knows.
Sri P. Ashoka Gajapathi Raju:- I have to make an appeal to the Chair. Now the point before us is very simple. The request of the Opposition request, demand or whatever it is - is for a particular report. The reports were placed on the Table of the House in many, many situations before. There is no need to go into that. The Hon. Minister is an eminent legal practitioner - he was, if not today. We all know it. I am not a legal practitioner. I have not studied law even. It is not his prerogative to mislead the House just because he knows law. It is a matter of common sense. We are asking for a particular report, but the Minister is talking about the types of writs. This is nothing but wasting our time. Our demand is very simple. We want that Report to be placed on the Table of the House. There are occasions where the Hon'ble Speaker has directed the tabling of a particular report. We appeal to you to invoke those powers.....

(Interruptions)

Mr. Speaker:- You take your seat.

Sri P. Ashoka Gajapathi Raju:- The Government have no right to keep us in ignorance taking shield under the report. Mr. Rosaiah, when he was answering, was claiming the report as a shield. We want to know how much that report is shielding. We don't want to remain in ignorance. It is your duty to enlighten us. It is the duty of the Government to place the report on the Table of the House. I request you to direct the Government.

Mr. Speaker:- Common sense is above any law. I know it.....

(Interjections)
Since you are not interested in matters under Rule 304, they are postponed. Now, general discussion on the Budget.

Sri K. Vidyadhara Rao:— We are very much interested in the discussion.

Sri S. V. Subba Reddy:— scrambled questions have been asked. This is the Budget. It is very well known. The Budget has been framed very well. The Budget has been framed from the point of view of the interest of the public. The Budget has been framed in such a way that the general interest of the people is kept in view.
There are various issues involved. Umpteen issues are involved.
