Mr. Speaker:- Question No. 6316.

Sri P. Ashoka Gajapathi Raju (Vizianagaram):- Mr. Speaker, Sir, yesterday, we have given an adjournment motion on the Plenary Session of the Congress - I.

Mr. Speaker:- Before question-hour it should not be raised.

Sri P. Ashoka Gajapathi Raju:- Sir, we have given an adjournment motion.

Mr. Speaker:- That is separate. After question-hour we can discuss the matter. Not now.

Sri P. Ashoka Gajapathi Raju:- No, Sir.

Mr. Speaker:- Before question-hour other than questions no discussion is to be taken place.

Sri P. Ashoka Gajapathi Raju:- Sir, we have given an adjournment motion on the Plenary Session. Please allow me to speak, Sir.

Mr. Speaker:- After question-hour we can discuss the matter. You please come to my Chambers, if anything is there. But, whatever it may be, before question-hour there cannot be any discussion on that.

*An asterisk before the name indicates confirmation by the Member.

J. No. 60- 1
Sir, it is an adjournment motion. It is a serious matter.

Mr. Speaker: After question-hour. Before question-hour there shall not be any discussion on adjournment motion or anything.

Sir, it is an adjournment motion, Sir. Please allow me to speak on that, Sir.

Mr. Speaker: No. Not now. I hope you will co-operate with me. After the question-hour you can get time also. Let it be. Before question-hour no adjournment motion.

Sir, adjournment motion can get priority over question-hour.

Mr. Speaker: After question-hour only.

Sir, allow me to say. Sir, the adjournment motion gets priority.

Mr. Speaker: Before question-hour no adjournment motion. We have taken a decision in the Business Advisory Committee. The Minister for Social Welfare.

The situation is very, very serious, Sir.

Smt. M. Lakshmi Devi: Sir,

(Interruptions)

Then, I adjourn the House and go. I do not allow this thing.

On the Plenary Session, we have given the adjournment motion.

I may not allow also.
good on your part to stall the question-hour. If you want to stop question-hour, it is not possible and good. But, you do not know. Do not you abide by the decisions of the BAC. Do not you abide by the rules of the BAC?

(No', 'No' from the TDP Benches)

If there is no control on you I cannot help it. If you come again and I tell you. You come to my Chambers, There I will tell you. After question-hour, you can come. Do not you abide by the decisions of the BAC. Do not you abide by the rules of the BAC?

No interruptions.

If there is no control on you I cannot help it. Please take your seats.

Sri P. Ashoka Gajapathi Raju:- Adjournment motion gets priority.

Mr. Speaker:- Whatever it may be. It is not going to do anything. Knowing every rule also you are raising it.
Sri P. Ashoka Gajapathi Raju:—Sir, you know that adjournment motion gets priority over the question-hour.

Mr. Speaker:—It is not allowed. It has been disallowed.

Sri K. Vidyadhara Rao:—I am not talking about adjournment motion. It is not allowed. It has been disallowed.

Mr. Speaker:—It has been disallowed. I will tell you about the reasons also after the question-hour. It is not at all good. After question-hour you come to my Chambers. I will tell you.
You come to my Chambers. I will tell you the reasons. Do not you like to allow the question-hour go on? You come after the question-hour. Please take your seat.

Mr. Speaker:- It is not correct. It is not good at all. It is democracy. Are you going to run it down? If you want I will adjourn the House.

It is not at all good. You please come after the question-hour. I will discuss the matter. Not now.

(Interjections)

Mr. Muddukrishnama Naidu, it is not at all good on your part.

(Interjections)

Nothing is to go on record. You come after the question-hour.

Mr. Speaker:- The adjournment motion is disallowed. I said it is disallowed. (Interruptions)
Mr. Speaker:- You do not want to hear your Leader also?

Nothing to go on record.

Sri P. Nageswara Rao (Khammam):- Since they have given the adjournment motion.....
When you stall the House in this way, What can I do? Yes, Mr. Suresh Reddy....

Sri K.R. Suresh Reddy:- Sir, this is regarding community irrigation wells. The idea of having C.I. wells is that it creates job potential for the beneficiaries and like that.
With these wells some irrigation facilities can be provided to the beneficiaries. What I would like to know is that as in certain districts of Telangana these wells are getting dried up for the reason that some borewells are being drilled surrounding the C.I. Irrigation Wells will the Minister come up with a legislation that within a sufficient distance of these community wells no borewells should be drilled. My second point is that there are certain areas where open wells are not feasible. After the geological survey will the Government take up borewells in such areas for the beneficiaries, Sir?

Smt. M. Lakshmi Devi:- Sir, according to the rules and regulations of the Ground Water Department we are taking action. If any complaint tat the wells are getting dried up because of the borewells drilling we will take action. If there is any complaint we will take action and we will put borewells also.

Mr. Speaker:- Which is not important? I want to ask the Hon'ble Members. Stalling is also important. Everything is important.
Sri P. Ashoka Gajapathi Raju: Speaker, Sir, the reason for this question was the statement made by the Minister. In the Press there was an item where the Minister announced that they would be suggestive to the voluntary disclosure scheme made available to the traders. Here, the Minister says that the proposals are under consideration. What is the proposal that is being considered by the Government?

尤其是，与所得税部门特别地取得了有关的两到三个情况。实际上，这是就这个荣誉的成员，当他是商业税的部长，他引入了自愿披露系统在1987年，纯粹的三个月从1月1日到3月31日。无论如何，结果非常差，几乎没有反应。但，我们知道也想要这个志愿方案被提出。我们意识到我们可能需要最少六个月的时间来给他们做好准备。因为评估是一个大过程，我们想要给予他们足够的时间，所以他们能准备好。实际上，在第43条第12款中，它是非常清楚地提到他们不会做任何行动，甚至对于1986-87年也一样。对于最新的评估他们也相当的宽松在使用自愿披露方案。但实际上，它没有达到真正意义。我有从印度政府的报告，我希望我们再一次使用它，我们将看看我们可以帮助贸易商什么程度。

J. No. 60-2
Sri K. Bapi Raju:- You ask what exactly you want. Do not give lecture. You ask me specially what you want. If I can answer, I will answer otherwise, I will say I cannot answer.

Dr. B. Gopalakrishna Reddy:- The Government have no other machinery to find out the loopholes and to arrest the evasion by the traders. Sir, let him ask a specific question. He is trying to explain. No explanation is required.

Mr. Speaker:- Mr. Ashoka Gajapathi Raju has already asked a specific question. You must learn... (To Dr. B. Gopalakrishna Reddy)

Dr. B. Gopalakrishna Reddy:- If he did not understand, I am sorry. The system is always there. Some way be effectively doing and some may not be effectively doing. It is left to the discretion of the Government. It is for you to suggest. Naturally if we take a decision we pay the penalty if there is anything wrong.

Sri K. Bapi Raju:- I assured the House for Rs. 1628 crores. Now I am happy to announce that I already crossed the target of Rs. 1628 crores before 31st.
But still we are not satisfied. We all want advice from you. I am prepared to take any kind of advice. Unless we take proper guidance from all angles especially from the opposition, we will not be doing justice. I welcome their suggestions.

Mr. Speaker:- If they come to give any advice...

Mr. Balreddy:

It was implemented in two stages. The tax not in all, in certain things, has been lowered. He thought the industry will improve in Andhra Pradesh as well as in the state. We have not improved industry-wise, but have improved in turnover-wise. We have gained lot of revenue. So, in fact that is one reason. We realised that by lowering the tax we can improve the turn-over and get more tax.

But now, as Mr. Vidyasagar Rao, Hon'ble Member was mentioning, it is not so. On what right you have come? I have taken the help of the Collector and my Commissioner and the Commissioner of Marketing also were informed. But now, as Mr. Vidyasagar Rao, Hon'ble Member was mentioning, it is not so. I have involved the Collectors also to personally visit the market yards and take action because there was a reaction by the Marketing Department, when our Department personnel have gone on my instructions to see and check the evasion. But now, as Mr. Vidyasagar Rao, Hon'ble Member was mentioning, it is not so. I have taken the help of the Collector and my Commissioner and the Commissioner of Marketing also were informed.

The Authority shall prepare the Master Plan for the development area concerned and also Zonal Development Plan for each zone. The Master Plan shall consist of various zones into which the development area is divided for the purpose of development and indicate the manner in which the land in each zone is proposed to be used. The Authority will also prepare Zonal Development Plan for each of the Zones into which the development area is divided. The Zonal Development Plan will contain a site plan, land use plan and show the approximate locations and extents of land use proposed in the zones for such purposes as roads, housing, schools, recreation etc. It will also specify the population density and building density.

After the Master Plan and Zonal Development Plans are prepared no person shall be permitted to use any land or building in that zone otherwise than in conformity with such
plan. The Master Plans and Zonal Development Plans so prepared can be altered in case of need depending upon the developments in the surrounding areas.

The main source of income to the Urban Development Authorities is from 'Sites & Services Programme' and collection of development charges on change of land use.

In the sites & services' programme, the Urban Development Authority will acquire the land, develop the area by providing roads, water supply, electricity etc., divide it into plots and sell them.

The development charges are collected for open area and built up area while changing the land use, the development charges range from Rs. 1 to Rs. 10 depending upon the nature of change of land use. The development charges collected will be utilised for the overall benefit of the Hyderabad Development Area, such as preparation of Master Plans, Zonal Development Plans and also for development schemes.

Certain Urban Development Authorities have already constructed commercial complexes and leased out/sold out with a view to deriving the financial benefits to the Authority. It is only 'Sites & Services' programme.

Sri M. Narasimha Reddy: - Development charges are collected. 10 to 15% of the site cost is collected. 50% to 75% - only Rs 5
100 to 500 Rs. These are very minimum.

Will the Minister for Major Industries be pleased to state:

(a) whether it is a fact that the Board for Industrial Financial Reconstruction (BIFR) has recommended to handover the Rayalaseema Paper Mills, Kurnool to some other management; and

(b) if so, at what stage the matter stands at present?

Minister for Major Industries (Sri P. Ramachandra Reddy) :

(a) Yes, Sir.

(b) Under the direction of the B.I.F.R. several private companies have submitted proposals for taking over of the management of the Sri Rayalaseema paper Mills and to run it
successfully. These proposals were forwarded by the B.I.F.R. to the Industrial Development Bank of India for evaluation and to assess the proposals with regard to the capability of the management to run the unit successfully after take-over, the concessions which he is seeking from the State and Central Governments and Financial Institutions and the quantum of funds he is willing to bring in for recommending operations in the closed mill on consideration of all these factors the Industrial Development Bank of India had evaluated the proposals based on which the B.I.F.R. had decided to handover the management of this company to M/s. Ballapur Industries in terms of the rehabilitation plan submitted by them. As per the procedure laid down, this decision of the B.I.F.R. has to be given sufficient public notice to hear and consider any objections or suggestions which may be raised on the proposed plan. The B.I.F.R. has met recently on 25th March, 1992 to consider the latest position and their decision is awaited.

Re: Working Lunch for the Members

Mr. Speaker:- There is a working lunch for the Members to-day at 1-30 P.M. in the Committee Hall of our Assembly Buildings.

2) I am to announce to the House that as per the proviso to Rule 41 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly answers to 51 Starred Questions, 31 Unstarred Questions not included in the lists till 31-3-1992 are placed on the Table of the House. They shall form part of the proceedings of the House.

3) I am also to announce to the House that such of the admitted Short Notice Questions which have not been taken up for answer will be treated as Ordinary Starred Questions. The Ministers concerned will be requested to furnish replies to the Members in respect of notices under Rule 74 and 304 which were admitted and sent to them earlier and not included in the Agenda.
Sri G. Venkata Reddy (Duggirala):- Sir, about 25 Legislators under Rule 304 have given a notice stating that the amenities provided by the Government for the victims in Tsundur are inadequate. Number of cases were registered on innocent people. I would like to bring it to the notice of the Government to take proper action.

Mr. Speaker:- Your 203 is disallowed.

Sri G. Venkat Reddy:- We request you Sir, to see that it is enquired into and proper justice is done.

Chief Minister (Sri N. Janardhana Reddy):- Mr. Speaker, Sir, Hon'ble Members will recall discussions of 20-3-92 in this House on the status of Srisailam Left Bank Canal in reply to a Short Notice question (No. 6621-B) on the same subject. As assured by Hon'ble Ministe for Health on my behalf, I convened a meeting on 26-3-1992 with the Floor Leaders M.L.As and M.Ps. of Nalgonda District.

2. The main concern of the Hon'ble Members had been the slow progress of execution of Srisailam Left Bank Canal. As the Hon'ble Members are aware, the project at current estimate is of Rs. 950 crores comprises of Head Regulator (Rs. 9 crores), Tunnels (Rs. 450 crores), Dindi Balancing Reservoir (Rs. 106 crores), Canals and Distributories (Rs. 385 crores). Expenditure on this project so far has been Rs. 53 crores mainly on the canals and structures. Expenditure which touched a level of Rs. 7.3 crores in 1990-91 was reduced to Rs. 3.75 crores in 1991-92 and the provision of Rs. 4 crores has been agreed to by the House for 1992-93. The progress is admittedly slow and not up to the desired levels. However, I would like to bring to the notice of this House that the possibility of stepping up the provisions of funds adequately for Srisailam Left Bank Canal, will be duly considered at the stage of the regular budget to be presented later in the year, taking into account the position of clearance and the preparedness of the Department for taking up additional works.

3. I am also pleased to inform, that the basic issue relating to choice of source of water and related design
viz., a gravity scheme with a Head regulator from Srisailam Reservoir with 2 long tunnels 39 KM and 7.25 KM at a cost of Rs. 480 crores in the conventional method versus a Lift Irrigation scheme from Nagarjunasagar involving a lift of 100 meters has been examined in depth by my Government and a Technically viable option has been decided upon. We propose to proceed with the Tunnel scheme from Srisailam Reservoir, estimated to cost Rs. 950 crores at 1990-91 rates for the following advantages:

i) More Dependability and Uninterrupted supplies.

ii) Less cost of Maintenance.

Even the Tunnel Scheme would require special technology involving the use of tunnel boring machine without blasting, in view of the stipulations and requirements of the Environment Department and Forest Department as the proposed tunnel passes through a Tiger Sanctuary. Accordingly, Global tenders have been called for on 9-3-1992 for preparation of a Project Report and execution programme which takes into account these stipulations and requirements. The tenders are to be received on 25-6-92. The consultancy report is expected to be available by the Government in 15 months.

4. In this context, I wish to inform the Hon'ble Members that the Head Regulator which was earlier taken up was suspended due to difficulties in forest clearance and contractual problems. This work will be resumed after obtaining the necessary clearances.

5. Simultaneously, Government of Andhra Pradesh is pursuing the matter relating to hydrological clearance of Central Water Commission and also appointed a Committee to study the Ecological and Environmental impact and suggest remedial measures for mitigating the adverse effects if any, to enable obtaining the Government of India clearance from Environment and Ecology angles.

6. The Central Water Commission vide their letter dated 28-9-88 requested the State Government to establish water on J. No. 60-6
a long term basis and informed that the matter was deleted from the list of pending projects available with them. However, our letter of 26-12-1991 reiterates the basis of assertion of water availability for this project and have requested Central Water Commission for according required clearance. I would reassure the House that the Government will pursue the matter at all concerned levels with Government of India.

7. At the meeting of Floor Leaders of 26-3-92, I have also apprised the Hon'ble Members of Government's intention to take up the scheme for Flood Flow Canal cum Lift Irrigation Scheme from the foreshore of Sriramasagar Project which will benefit 50,000 acres in Nalgonda District. Similarly early clearance of Sriramasagar Project Stage-II, benefiting 2,47,500 acres in Nalgonda District will be pursued with the Government of India.

8. Hon'ble Members had also referre to the inadequacy of funds for maintenance of Nagarjunasagar Canal systems and special requirements of repairs to distributories connected with Sugarcane ayacut at Miryalguda. In this connection, I take this opportunity to inform that the maintenance works of Nagarjunasagar Project canals would be catered to form an additional amount of Rs. 4 crores under Non-Plan provided for in 1992-93. Also a special grant of Rs. 50 lakhs to cover the sugarcane distributories immediately is provided for in pursuance of the meeting with the Floor Leaders.

9. From the foregoing, I trust that the Hon'ble Members would stand reassured that the Government is committed to the development of backward areas of the State, including Nalgonda District.
Mr. Speaker:- You cannot say now - you leave it there.

Mr. Speaker:- You are a senior member and I cannot advice you. Please leave it there.

(10th September)

Mr. Speaker:- Sir?

Mr. Speaker:- Sir?

Mr. Speaker:- Sir?

Mr. Speaker:- Sir?
Minister for Law and Courts (Sri D.K. Samarasimha Reddy):—

Sir, Zero Hour is meant only to bring to the notice of the House just by way of mentioning one or two points, but not to make a lengthy speech. Sir, let him confine what he would like to say, within one or two points.

Mr. Speaker:— I have already told not to make lengthy statement, so that it will be recorded and sent to the concerned. It is not meant for a general discussion or for making a lengthy speech.

Sri K. Vidyadhara Rao:— Sir, He is questioning the Ruling of the Chair.

Sri D.K. Samarasimha Reddy:— Sir, did I question the Ruling of the Chair? I just wanted to recapitulate to the Members.

Mr. Speaker:— He is not at all questioning the ruling. Please leave it there.
Sri D.K. Samarasimha Reddy:- Sir, with your permission I am on my legs.

Mr. Speaker:- One thing - I will settle the matter now.

Sri D.K. Samarasimha Reddy:- Are you allowing him to make a lengthy speech or let him mention it in one or two sentences. He has also got the liberty to say in the Zero Hour. Just it should come in a few points. That is the rule.

Sri D.K. Samarasimha Reddy:- Sir, I am on my legs and with your permission I want a clarification from the Chair. This is my Point of Order.
Mr. Speaker:- Next please – I have already given you chance. But you have not mentioned in brief.

Mr. Speaker:- Next please – I have already given you chance. But you have not mentioned in brief.
Mr. Speaker:— That is not necessary in the Zero Hour. I have already said it. Is it not?

It has been brought to the notice.

As per your Hon'ble Orders, we, i.e. myself, Municipal Chairman, the Local M.L.A., Sri Mabbu Rami Reddy, Chairman, TUDA., Sri Reddivari Rajasekhar Reddy and the T.D.D., Executive Officer, Sri M.V.S. Prasad and the District Collector are working hard day and night for the beautification of the Congress-I, Preliminary Sessions. This is the letter of the Chairman, Municipal Corporation, Tirupathi to the Chief Minister.

Mr. Speaker:— That is not necessary in the Zero Hour. I have already said it. Is it not?
Mr. Speaker:- Now the matter is over. We have given lot of time. I think this is not good.
Mr. Speaker:- Please take your seats. I am not allowing both of you. We will prove it.

Sri N. Chandrababu Naidu:- Sir, Sir......

Mr. Speaker:- Now the matter is over. We have given much time. I am not going to consider Zero Hour if you don't cooperate.

Sri T. Seetharam:- We will prove it.

Mr. Speaker:- Mr. Vidyasagara Rao, once again you are telling.

*** Expunged as ordered by the Chair.

J. No. 60– 8
Sri Ch. Vidyasagar Rao:- Let me complete. When I am telling something about the *** of the High Court I must also be very cautious. As a leader of a responsible party, I am not supposed to say irrelevant.

Sri D.K. Samarasimha Reddy:- Sir, Point of Order.

Sri Ch. Vidyasagar Rao:- He can come up with his point of order afterwards. I am availing the benefit now. As a leader of a responsible party, I am not supposed to say irrelevant.

Sri D.K. Samarasimha Reddy:- Sir, let me raise my point of order.

Sri D.K. Samarasimha Reddy:- Sir, whenever we raise a point of order and after hearing it, if you feel that there is no point in it you rule it out. If you rule it out then I must feel that I have intentionally raised a point which is not within the purview of the point of order. I must feel for myself. But, I am not in the habit of raising a point of order without any substance. My point of order is very simple. If you think that there is no point of order you give your ruling that there is no point of order and then allow him to make any statement that he likes. Let it go on record. But let it not be said tomorrow that being a Law Minister

*** Expunged as ordered by the Chair.
present here, I have not protected, or I have not raised this point. Sir, Under Rule 280 whenever a Member speaks on the
floor of this House either on a motion or any notice either under 304 or under 74 or in any manner either answering a
question or putting a question also he has to strictly adhere himself to the rules which govern the business in this House.
Under Rule 280 a Member while speaking shall not - Sir, I invite your attention to sub-rule (5) - reflect upon the con­
duct of persons in high authority unless the discussion is based on a substantive motion, drawn in proper terms. Sir,
here, the Chief Justice of the High Court is the head of the
institution. You cannot allow his name to be brought on the
floor of this House in this manner. Sir, my point of order is
very simple. Whatever he has said about the *** or the Office
of the *** should not go on record. It must be expunged from
the record if you are going to uphold my point of order. Sir,
what I would like to tell secondly is that, I am not preclud­
ing the right of the Hon'ble Member from raising. Let him
move a substantive motion before this House either for
impeaching a person or mentioning about a person. Then dis­
cuss about it. But, we cannot allow this to go on record.

(Interruptions)

Mr. Speaker:- No interruptions. Let him say.

Sri D.K. Samarasimha Reddy:- I would seek the Chair to
give a ruling on this and see that the entire speech of
Mr. Vidyasagara Rao in so far as it related to the *** alone
is expunged from the record. That is my submission. I seek a
ruling from the Chair.

(Interruptions)

Mr. Speaker:- I am not asking you.

Sri P. Ashoka Gajapathi Raju:- Sir, I would like to draw
your attention to rule.....

(Interruptions)

Sri P. Ashoka Gajapathi Raju:- Sir, I am quoting a rule.

*** Expunged as ordered by the Chair.
Sri P. Ashoka Gajapathi Raju:- Mr. Speaker, sir, I draw your attention to Rule 280. It is used for the purpose of obstructing the business of the House. The Hon'ble Minister has raised the point of order for obstructing the business of the House.

Mr. Speaker:- Please hear me. I have also to look into it. You know 280 Clause 5 clearly says. Why do you mention? Why do you take much time, when it does not come into it? I have also to see.

Sri P. Ashoka Gajapathi Raju:- My own request is to kindly allow the Hon'ble Member to continue his speech.

Sri P. Ramachandra Reddy:- With your permission, Sir, Mr. Vidyasagar Rao, bear with me for a minute. I earnestly appeal as a senior most Member of this House, that let the subject be dropped at this stage. I earnestly appeal to Vidyasagar Rao that let us not discuss about the *** and such other things. Conventionally and traditionally we never discussed about the conduct of any judge in this House. But one

*** Expunged as ordered by the Chair.
thing I want to inform you, Sir. I was in the A.P. Guest House four or five months back. I went for medical check up. The *** was there. He had a mild heart attack in the middle of the night and I was one of those who reached the spot to send him to the hospital. I do not know personally and subsequently to facilitate him, he might have been advised to use air-conditioned car. It is his medical advice. He is advised. He works for only two hours in the High Court. Because this thing had happened in my presence, I am saying on my own and let us not discuss it at this stage. He may feel hurt and he may think ill. The convention in this House always was we never discussed about the conduct of any judge. I earnestly appeal to all the opposition leaders to stop the discussion on this at this stage. Let us go to other business. It cannot be a Zero Hour matter. I earnestly appeal.

Mr. Speaker:—Yes, I am coming to Clause 5.

Sri P. Ramachandra Reddy:—Zero Hour things occurred yesterday before giving notice or there was no time to give notice. this is not a thing of raising objection. I once again earnestly appeal to Mr. Vidyasagar Rao to change the subject and to drop that subject at this stage.

Mr. Speaker:—When a request has come you must also consider.

Sri Ch. Vidyasagar Rao:—Sir,.....

Mr. Speaker:—Not to discuss on this.

Sri Ch. Vidyasagar Rao:—Sir, I am coming to the rules. I am sure that I will convince the Hon'ble speaker also.

Sri Ch. Vidyasagar Rao:— Sir, I am coming to the rules also. I am sure that, I can convince the Hon'ble Speaker. Absolute

sovereignty rests with the individual. Therefore, it is essential to ensure that the conduct of Judges be discussed.

Mr. Speaker:— Let not the conduct of Judges be discussed.

Mr. Speaker:— What he wants also...

Mr. Speaker:— Anything which refers to the name of the *** or the *** is definitely expunged.

Mr. Speaker:— Which we are not part and parcel.....

*** Expunged as ordered by the Chair.
Mr. Speaker:- You are not...... Anybody is not, except all 294.

Sir. Speaker:-- Is it (i.e., whether the discussion of the question is adjourned?) The question is adjourned. I am not in the position to direct any proceeding except all 294.

Sir. Speaker:-- The question is adjourned. The question adjourned to fourth sitting, 1992. He may address himself to the question in the meantime. This is adjourned to the fourth sitting.

Sri P.V. Ranga Rao:— Government have sanctioned Urdu Medium Section to Government Teacher Training Institute, Neredmet, with effect from 1.12.1976 with an intake capacity of 75. In view of the representations made by the Muslim Minorities, the Urdu Medium sections of Government Teacher Training Institute, Neredmet was shifted to the Government Junior College, Chanchalguda about 10 years back, to facilitate the Urdu medium students, who are coming from the old city areas. During the year 1987-88, the Government Teacher Training Institute, Neredmet was upgraded into District Institute of Education and Training and in view of the academic inputs like Library, Laboratory and Inter-action between the students of different media and also administrative facility, the Urdu medium section has been shifted back to the District Institute of Education and Training, Neredmet.
2. On the several representations from various organisations there is a proposal with the Government for shifting of the Urdu medium parallel classes from the District Institute of Education and Training, Neredmet, to the Government Junior College, Chanchalguda to serve the needs of the Urdu medium students. But it is noticed that two rooms of Government Junior College, Chanchalguda were occupied by the Reserve Police Sagar and as a result sufficient accommodation, Library and Laboratory facilities cannot be made available at the Government Junior College, Chanchalguda, Hyderabad. However steps will be taken to shift the Urdu medium parallel classes from the District Institute of Education and Training, Neredmet to Hyderabad for facilitating the Urdu medium students, who are coming from the Old City areas. In addition to this, I think, within two months, the Reserve Police will vacate the two rooms and they will be made available to the students to continue their studies.

Sri P. Ranga Rao:- I will see that those two rooms are made available to the students within two months.
On the representation of the people of Old City, a branch was opened in the Chanchalguda Junior College. It was there from 1980 to 1988. But the Quli Qutub Shah Development Authority is established for a specific purpose. This is the Teacher's Training Institute in Urdu for boys and girls.

Sri P.V. Ranga Rao:— As soon as the reserve police vacates those rooms we will see that the classes are shifted here.

Sri Mohd. Amanullah Khan:— This Junior College building is pertaining to Urdu Teachers Training Institute. It is shifted to Secunderabad. What is the difficulty to get it back here?

Sri P.V. Ranga Rao:— We will see that the police vacate those two rooms within two months. From the next academic year, those two rooms will be made available to the students.
It creates a very bad precedent. I will ask my Officers why the Reserve Police have entered into the educational institutions and stayed for so many months.

Sri M. Narasimha Reddy:- Sir, I beg to move that --

The Following Draft Rules of Andhra Pradesh Municipal Ministerial Subordinate Service which is proposed to make in exercise of the powers conferred under Section 80 of the Andhra Pradesh Municipalities Act, 1965 (Act 6 of 1965) are hereby laid before the Andhra Pradesh Legislative Assembly for approval as required under Section 329 of the said Act,

Sir, draft rules are circulated separately.

Chairman:- Yes, They are circulated separately.

Sri K. Rosaiah:- Sir, with your permission and on behalf of the Chief Minister, I beg to move that --

"The Andhra Pradesh Educational Institution (Regulation of Admission and Prohibition of Capitation Fee) (Amendment) Bill, 1992 be taken into consideration."

Chairman:- Motion moved.

Sri P. Ashoka Gajapathi Raju:- Sir, if the Bill is to be taken into consideration, the practice is, and also under the rules, before it is to be taken into consideration, the Minister who is piloting the Bill should explain the salient features of the Bill. So, let the Minister explain.

Chairman:- The salient features are enclosed to the Bill.

Sri P. Ashoka Gajapathi Raju:- It is the convention to explain the salient features. If the Minister is not prepared, we have no objection.

Chairman:- The question is that --

"The Andhra Pradesh Educational Institutions (Regulation of Admission and Prohibition of Capitation Fee) (Amendment) Bill, 1992 be taken into consideration."
The provisions contained in the part, shall not be enforceable by the Court but the principles therein laid down are nevertheless fundamental in the governance of the
country and it shall be the duty of the State to apply the principles in making laws." It is the duty of the Government to provide proper facilities in the field of education, and the directive principles of the Constitution are implemented. It is the duty of the Government to see that the directive principles of the Constitution are implemented.
You take your own decision - but at least one or two Opposition Members should give constructive suggestions about the regions. Since they have come to a decision, though I am opposing this. Before selection, please see that you will not get bad name. You take your own decision but listen to one or two opposition members who give constructive suggestion about the regional imbalances.
Selection of all these things should be done with you and with one or two Members from the Opposition side.

Sri P. Ashoka Gajapathi Raju:—Mr. Speaker, Sir, there are a few things that I would like to bring to the notice of the Minister.

The first point is the political point. Basically, Congress-I in its election manifesto clearly stated about two years back that fees in professional institutions are very very high. If the Congress-I is returned to power in the State of Andhra Pradesh, they will reduce the fees, particularly in professional institutions. Besides that, in the recent Parliament elections, the Congress-I has clearly stated that it is against the concept of capitation fees.

Secondly, I would like the Minister to tell us whether this Bill permits the existing institutions also to charge capitation fees on 50 per cent of seats. All the arguments here are, people are going to other States and thus the money is drained from our State to other States. We can tap that resource for development of educational institutions within the State. If this logic was taken into consideration, this clause shall be brought in to be made applicable only to new institutions which come up after this Bill. We are looking at it from that point of view. What is the necessity for this Government to permit the existing institutions also to collect capitation fees on 50 percent of their seats depriving the meritorious and Government quota children? The Minister has to explain this.

Putting these two points together, it is imperative that they should send this Bill to the public opinion for the Congress-I has deviated from its manifesto. This is the minimum elementary thing which any Government, which deviates from its manifesto, would do. This Government has not done it on all the 25 points. On only one point they have done it. We are opposing tooth and nail this provision of allowing the existing institutions to sell 50 percent of their seats in
market. We will support if the Government clarifies that new institutions alone will be permitted to collect this capitation fees. Though in principle we are against the capitation fees, we will oppose tooth and nail the application of this provision to the existing institutions.

(Pause)

The motion was adopted and the amendment was carried.

Chairman: Now the question is "that official amendment No. 2 and nothing contained in section 5 shall apply to such admission do stand part of clause 2."

(Pause)

The motion was adopted and the amendment was carried.

Chairman: Now the question is "that five non-official amendments do stand part of clause 2".

(Pause)

The motion was negatived and the amendment was lost.

Chairman: The question is: "that clause 2 as amended do stand part of the Bill".

(Pause)

J. No. 60-15
The motion was adopted and clause 2 as amended was added to the Bill.

Chairman: There are no amendments to clause 1 enacting formula and long title. Now the question is "that clause 2 as amended, clause 1 enacting formula and long title do stand part of the Bill."

(Pause)

The motion was adopted and clause 2 as amended, clause 1 enacting formula and long title were added to the Bill.

Chairman: I shall now request the Hon'ble Minister for Health to move motion for passing the Bill.

Sri K. Rosaiah: Sir, I beg to move:

"That the Andhra Pradesh Educational Institutions (Regulation of Admission and Prohibition of Capitation Fee) (Amendment) Bill, 1992 be passed."

Chairman: Motion moved. Now the question is.

"That the Andhra Pradesh Educational Institutions (Regulation of Admission and Prohibition of Capitation Fee) (Amendment) Bill, 1992 be passed."

(Pause)

The motion was adopted and the Bill was passed.

Chairman: Now the House is adjourned for half an hour lunch break.

(The House then adjourned at 2-45 p.m.)
Mr. Deputy Speaker:- Government also is very much interested. From the chair side it is suggested to take up when the Chief Minister is present.

Mr. Deputy Speaker:- You have raised some other subject. You can raise after 1 P.M.
Sri P. Ramachandra Reddy:- Sir, on behalf of the Minister for Co-operation I beg to move:

"That the Andhra Pradesh Co-operative Societies (Amendment) Bill, 1992 be taken into consideration."

Mr. Deputy Speaker:- Motion moved.

I will be immensely happy if it is accepted. I congratulate my friend Sri V. Ramabhadra Chowdary who has taken the trouble of introducing the Bill. This is a very good Bill. I appeal the House to pass it without any discussion.

Sri K. Vidyadhara Rao:- Has NABARD agreed to finance? From where are you going to get the finances?

I will be immensely happy if it is accepted. I congratulate my friend Sri V. Ramabhadra Chowdary who has taken the trouble of introducing the Bill. This is a very good Bill. I appeal the House to pass it without any discussion.

The question is that-

"Clause 2, Clause 1 Enacting Formula and Long Title do stand part of the Bill." (Pause)

The motion was adopted and Clause 2, Clause 1 Enacting Formula and Long Title were added to the Bill.

Sri P. Ramachandra Reddy:- Sir, I beg to move that:

"The Andhra Pradesh Co-operative Societies (Amendment) Bill, 1992 be passed."

Mr. Deputy Speaker:- Motion moved. The question is that-
"The Andhra Pradesh Co-operative Societies (Amendment) Bill, 1992 be passed."

(Pause)

The motion was adopted and the Bill was passed.

Sri P. Ramachandra Reddy:- Thank you.

Mr. Deputy Speaker:- I will send for the Minister.

Mr. Deputy Speaker:- Let us continue the business.
Mr. Deputy Speaker:— He promised that he will come. In the meanwhile, we will continue the business.

Sri K. Vidyadhara Rao:— Is it not disgrace to the House? When his business is pending, he is not available. Is it not disrespect to the House. You summon him to the House.

Mr. Deputy Speaker:— Allright.

Sri P. Ramachandra Reddy:— I want to pass on the information. Any moment, he may come. Please be patient.

(The T.D.P. Members Rose from their seats)

Let us do some other business.

Mr. Deputy Speaker:— I have not permitted them to speak. Nothing will go on record.

Mr. Deputy Speaker:— You are creating confusion in the House.

He is coming; I have sent word for him.

*** Expunged as ordered by the Chair.***
It is their freedom

Mr. Deputy Speaker:—I have sent word for him. Before 4.30 p.m. he will make a statement.

Mr. Deputy Speaker:—We will give an opportunity for the clarifications to the extent necessary.
Mr. Deputy Speaker:- Now we will take up short discussion on 'Population Growth control and family welfare'.

Sri P. Ashoka Gajapathi Raju:- Sir, one submission. Pending Projects are very very important. By the turn of this Century, we will not get a drop of additional water from Krishna River. Kindly give importance to this subject.

Mr. Deputy Speaker:- Let us give importance to this topic first.

Sri P. Ashoka Gajapathi Raju:- Sir, one submission. Pending Projects are very very important. By the turn of this Century, we will not get a drop of additional water from Krishna River. Kindly give importance to this subject.
31 జనవరి, 1992 నుండి సంపాదకుడి స్థానం - మనస్తాత్రి, నియంత్రణ మహాత్మా సాండత్ హిందూ జాతి సంస్థ కంప్యూతి నివాసాల తోగిల్లా ప్రశ్నలు తెలియజేస్తున్నాం.
Sri P. Ashoka Gajapathi Raju:- Sir, this addressing others instead of addressing the Chair is not a good thing Sir. He is trying to create an impression that we are not very serious about this programme. It is a wrong thing Sir. I appeal through you to the Hon'ble Members and Minister, Sir, that in the family welfare and planning programme every political party supports, to the best of my ability and knowledge. I have not come across any party which does not support this programme. The Hon'ble Minister is looking at us and addressing us, as if we are not interested in this. We are first citizens of India and we are interested in India's development. We are interested in our State's development and we know that this is a demographic problem as it is having a serious proportion.

Sri V. Jagapathi Rao:- Sir, again I appeal through you to all that instead of indulging ourselves about selling of land to Veeraiah by Peraiah or by Veeraiah to Peraiah etc., and whether Mr. Veeriaha has got right or not etc., - let us not waste our time in such things. And they are not under our purviews and of the House. For such matters, certain court can take care of and certain authorities take care of. But these matters are receiving top priority in the House and not regular matters i.e., matters like, drinking water - additional projects. And submission to you is that we never raised anybody's private affair. Sir, when public funds is said to be turned into private funds - it is our fundamental duty to oppose. As good democrates we try to save the public exchequer from being looted and this is our role and we will play very responsibly.

Sri K. Vidyadhara Rao:- Mr. Speaker Sir, I am happy atleast the light is dawn on the party in power to-day that...
Family Planning is a must for any developing country. Well, I hope, though we are 44 years lagging behind time, atleast now they have taken the right step in the right direction. Sir, without Family Planning, without the controlling of growth of population, no real development can be achieved in any developing country. Only if this was earlier thought of, I think, people like Mr. Jagapathi Rao, would not have had an opportunity to comment at this such a late stage. We forget our primary responsibility. When everybody realised it, it is our duty to realise and with our earnest we implement it.

Sir, we talk of increase in annual plan growth. We talk of Five Years Plan growth. The percentage of growth, we talk of but actually this growth is not even sufficient to meet the requirement of the growth in population. The other day, when the function was conducted in Jubilee Hall, my colleague Dr. Geetha Reddy really commented on the necessity of controlling the population growth and relating with the economic growth. So, it is high time Mr. Speaker Sir, that everybody, in all earnest, if necessary, do it.
The development of the country is totally depending on the control of population growth. For every child born, there is a need for the adequate supply of food, shelter, and education. The control of population growth is essential for the growth and prosperity of the country. Every child born adds burden to the society. Therefore, it is necessary to control the population growth.
They are not only against the morals but undignified in the House.

Smt. Mary Ravindranath:- These are the aspects on which women should speak. You have to give us the opportunity.

Mr. Deputy Speaker:- We are behind the time. This should be closed by 4.30.

Sri P. Ashoka Gajapathi Raju:- We can stop it here. We can go to the other subject and come back to it later.

Sri K. Rosaiah:- Sir, with the permission of the Chair, I beg to move the following resolution:

"That this House unanimously resolves that all couples should restrict their family size to one or two children and all organisations, viz., Government, Local Bodies, Public and Private Undertaking and voluntary organisations should promote the small family norm in all possible ways."

Mr. Deputy Speaker:- Motion moved. Now the question is:

"That this House unanimously resolves that all couples should restrict their family size to one or two children and all organisations, viz., Government, Local Bodies, Public and Private Undertakings and voluntary organisations should promote the small family norm in all possible ways."

The motion was adopted and the resolution was carried.

Smt. Mary Ravindranath:- Sir, I hope you are giving me an opportunity.

* Expunged as ordered by the Chair.
Mr. Deputy Speaker:— At that rate, I think I may have to give chance to at least one dozen persons. No, I don't find time.

Smt. Mary Ravindranath:— Sir, I want to give a few suggestions in the matter.

Mr. Deputy Speaker:— Alright, take two minutes.

Smt. Mary Ravindranath:— Thank you, for giving me an opportunity. We have been waiting for long to speak on this subject, the population growth control. We have been hearing on radio and viewing on Doordarshan time and again exhorting the people to limit their family to one or two children. It is always said that a small family is a happy family. I recall my school days when our school teacher used to tell us that it is only a small family that will keep everyone happy. She used to give us an example that in a family if two children are there and if a sweet or an apple is divided, each one would get half. If it has to be divided among eight, none of them would have it. It has made a deep impact on my mind. I have therefore limited myself to two children.

Mr. Deputy Speaker:— I congratulate you, then.

Smt. Mary Ravindranath:— Thank you. The most important of all is that the allotment of houses should be made only to couple having two children. Priority in Government service also should be given to people having only two children. The other suggestion coming from my end is that it will be more relevant if the couple has one child, it should adopt another child. We have so many orphanages flooded with children. The unwanted children should be given family life. Every couple should have one child and adopt another. Couples who come forward with this welfare measure should be given incentives similarly, not only the people who undergo family planning operation, but also the medical practitioners should be given incentives. There should be compulsory sterilisation after three births. The mother should be asked to consent that she can be sterilised after three children. We should not allow the fourth child. I think compulsory sterilisation is also essential. In case the women are weak, vasectomy for men should be recommended. Bigamy should be discouraged. In slums we find that most of the men have two or three wives. It is not that every woman should have two children, but it should be made compulsory that every man should be made to have only two children. As my colleague and friend Mrs. Shamantakamani has said, every man is having two or three wives and each of them is having two or three children. Therefore, it should be made compulsory that every man should have three children and not women. Thank you.

Mr. Deputy Speaker:— Now, I put the resolution moved by Sri K. Rosaiah, Hon'ble Minister for Health to vote. Now, the question is:

"That this House unanimously resolves that all couples should restrict their family size preferably to one or not more than two children and all organisations viz., Government, Local Bodies, Public and Private Undertakings and voluntary organisations should promote the small family norm in all possible ways."

(Pause)

The resolution was accepted unanimously.

Mr. Deputy Speaker:— Now, the Hon'ble Minister for Mines will make his statement.

(Interruptions)

Sri M. Janakiram:— Sir, I said that I will make a statement in the House.

(Interruptions)

Sri M. Janakiram:— I said that I will make a statement in the House and I am making a statement. There is no time to give the statement in writing. If they want a copy I will definitely submit it in the next session. Then we will discuss, Sir.

(Interruptions)

Sri M. Janakiram:— It does not require any written communication.
Sri K. Vidyadhara Rao: — We have agreed.

I want to be very categorical in this and I do not want to get away from this House. Some character assassinations have been done. Some of the statements have been made which are not justified. We are prepared to accept. But, as per the rules and convention of the House when a Hon'ble Minister makes statement copies of the statement should be circulated. As I have said earlier, as per the rules, some character assassinations have been done.

I want to be very categorical in this and I do not want to get away from this House. 60 Members of this House have decided to present a resolution against the action of the Government. They want to create an impression that they want to create an impression that...
This I am making categorically clear, Sir. There is no relationship between any of the Directors of this firm and the Chief Minister. The Pallavi Granites have applied for their lease on 22-11-91. The Asst. Director, Mines & Geology addressed letter to the M.R.O. on 25.11.91. The M.R.O. gave no objection certificate on 7.1.92. The Deputy Director, Guntur granted leave on 23.2.92. The lease executed and work order given on 24.1.92. She has asked for Xerox copy of the M.R.O.'s letter on 1.2.92. Our AD, MG has delivered this in the Collector's Office.

Sri P. Ashoka Gajapathi Raju:- Can the dates be kindly repeated?

Sri M. Janakiram:- Pallavi Granites have applied for mining lease on 20.11.91. The AD, MG, Ongole has written a letter to the M.R.O., Chimakurthi on 25.11.91. The M.R.O. gave a no-objection certificate on 7.1.92. The Deputy Director,
Guntur who is the authority to grant the mining lease has granted the lease on 23.1.92. The execution of the lease deed was done on 24.1.92. These are the dates, Sir. The M.L.A's have given letters to the Collector on 5.2.92.

(Interruptions)

Mr. Deputy Speaker:— Let him complete.

Sri M. Janakiram:— Sir, they can ask any question later. But not in between when I am talking. 'When is the letter given' — what is all this? I want the Opposition Leaders to make their stand clear. Are they still sticking to their stand that it is a benami organisation of the C.M.? Is there anybody who can challenge on that?

('Yes' 'Yes' from the T.D.P. Benches)

Sri M. Janakiram:— O.K. one minute.

(Interruptions)

Sir, this is the problem.

Mr. Deputy Speaker:— These challenges and counter-challenges do not go on record. I have not permitted either of you. This does not go on record. Only the Hon'ble Minister's statement will go on record.

Sri M. Janakiram:— The people who allege like that let them submit their resignations to you. I will submit my resignation.

(Interruptions)

Sri M. Janakiram:— Let us have a judicial enquiry. I challenge any Member of this House to prove that the Hon'ble Chief Minister has got relationship with the firm or it is the benami organisation of the Chief Minister by any standard.

(Interruptions)

Sri M. Janakiram:— Yes. Please rise yourself.

(Interruptions)

I am prepared to resign. I am prepared to resign if the opposition members are prepared to resign. Let them prove that it is a benami organisation of the C.M.

Mr. Deputy Speaker:— No interruptions, please.

Sri M. Janakiram:— Yes, I would not like to go further.

(Interruptions)
Mr. Deputy Speaker:- Let him complete.

Sri M. Janakiram:- Let me send my resignation. Let Mr. Chandrababu Naidu and Mr. Muddu Krishnama Naidu send their resignations to you. They will be accepted. It is going on day in and day out. Everything is attributed to the Chief Minister.

Mr. Deputy Speaker:- Let us come to the facts. There is no use of challenges and counter challenges. This is not a forum for challenges and counter challenges.

Sri M. Janakiram:- I am making this allegation. I am throwing this challenge with full consciousness. It has become a trend to tarnish the image of others. I do not say they are doing. We are also doing. We both are trying to tarnish the image of each other. This is not good. We have to put an end to this. That is why I am telling. Let the opposition members whoever says that the Chief Minister has any benami transaction with this, or it is Chief Minister's firm prove it, I am prepared for a judicial enquiry and if the enquiry proves, I will resign. This cannot go on.

Sri M. Janakiram:- I am making this allegation. I am throwing this challenge with full consciousness. It has become a trend to tarnish the image of others. I do not say they are doing. Sri M. Janakiram:- No, No, I am telling you Sir. You see the papers, what they have written. One paper writes, Are we here to do character assassination Sir? Both of us are doing that. This is not good. We have to put an end to this. That is why I am telling. Let the opposition members whoever says that the Chief Minister has any benami transaction with this, or it is Chief Minister's firm prove it, I am prepared for a judicial enquiry and if the enquiry proves, I will resign. This cannot go on. He is making allegation only to throw some mud on the Chief Minister, Sir. I am prepared to take this challenge. Let us end this here. I am prepared for a judicial enquiry, if the opposition members are ready for it.
Mr. Deputy Speaker:— Whatever other members talk does not go on record. I have not permitted them. While the Minister is making a statement, other members are not expected to speak.

(Interruption)

It is purely a private land, they have purchased. They have got surface rights and we cannot stop. Even if the Government wants to stop, if they have surface right for a land according to rules within 180 days if we do not grant the lease it is automatically granted. That is the situation and I do not know where from this Kumbhakonam comes.

(Interruption)

I am ready to clarify. Two M.L.A's, Mr. E. Thirupathi Naidu, Kanigiri Constituency and Mr. G. Achutha Kumar, Kondepi Constituency have given identical letters to the Collector. You can understand these letters have been drafted by the same person. This is what Mr. Thirupathi Naidu writes to the Collector, "I came to know from the reliable sources that M/s. Pallavi Granites, Madras have managed to obtain a mining lease of S.No. 55/2, R.L. Puram, Cheemakurthi Mandal from Assistant Director of Mines and Geology, by producing a forged N.O.C., bearing the false signature of M.R.O., Cheemakurthi." Same letter Mr. Achuta Kumar writes. "I came to know from reliable sources that M/s. Pallavi Granites, Madras have managed to obtain a mining lease of S.No. 55/2, R.L. Puram, Cheemakurthi Mandal from Assistant Director of Mines and Geology, Ongole by producing a forged N.O.C., bearing false signature of M.R.O., Cheemakurthi. The actual land owner is Kommineni Peraiah" something like that. On this the Collector asked the Assistant Director of Mines to send the File.
The Assistant Director has sent the file. After perusing the file the Collector has returned the file back to the Assistant Director, Sir. There is no complaint whatsoever to the Mining Department about this M.R.O's false signature. The Collector has asked for the file and the file was sent to him and the Collector has sent the file back. This is what has happened. The alleged forgery of M.R.O. does not alter the status of the land. They say the M.R.O's signature has been forged. They never say that the land belongs to somebody else. The land, according to the land records and according the Collector's report, belongs to the persons from whom M/s. Pallavi Granites purchased. So, granting of mining lease is in perfect order. There is no doubt about it. If any Member wants to clarify anything, they are at liberty.

(Interruption)

Sri D.K. Samarasimha Reddy:- Sir, I am on a point of order, I invite your kind attention to rule 298. Here is a case when the Hon'ble Members raised a particular issue before this House during the course of the Zero Hour. Sir, the Hon'ble Minister assured this House that he will make a statement. Accordingly he made a statement. Rule 298 clearly says as to how the situation has to be governed when a statement is made by the Hon'ble Minister before this House. He has completed his statement. Sir, he has even gone to the extent of saying that if anybody finds fault with it or if anybody is to prove it to be false, he is prepared to resign and there was challenges and counter challenges. You must have heard about it. Now, my submission to you is Sir, are we to allow the discussion and allow the questions to be put after the statement is made by the Minister, which is contrary to rule 298? If the Hon'ble Members have got any objection, let them move it. If there is any misrepresentation before this House or if any facts have been misled by the Hon'ble Minister, let them move against the Minister, by way of a breach of privilege. Or let them take other recourses that are available under the provisions of these rules. But let us not violate the provisions of the rules which govern the business of this House. Kindly look into rule 298 Sir.

(Interruption)

Sri Ch. Vidyasagar Rao:- Rule 298 says; "A statement, may be made by a Minister on a matter of public importance with the consent of the Speaker, but no question shall be asked at the time the statement is made." Now it is over, Sir. We never disturbed the Minister while he was making a statement.

(Interruption)
Sri K. Yerran Naidu:- In the interest of the House to protect some innocent members like us...

Sri T. Seetharam:-- C.M. has to resign.

Sri K. Yerran Naidu:-- I am on my legs.

Sri T. Seetharam:-- C.M. has to resign.
Mr. M. Janakiram:- I still stand by what I said.

I am on my legs.....

Mr. Speaker:- These challenges will not go on record.

Eating themselves with Chief Minister.....

I am on my legs.....

We will also make noise like that. We have always been giving you sufficient respect. You also kindly give us the same respect.

(Interruption)

Mr. Speaker:- Everywhere disturbance; everywhere stalling.

Sri V. Jagapathi Rao:- I do not see any allegations against the Chief Minister. It is at best, in my opinion and in my wisdom, a litigation between two private persons. An allegation has been raised by an Hon'ble Member. We raise such objections every day. We give such petitions to Collector every day.

( Interruptions )

Would you please bring the microphone nearer? I shall address the House.

(Interruption)

Mr. Speaker:- I bring you nearer...
In my opinion and in my wisdom I consider that it is only a litigation between two private persons. An allegation has been raised by an Hon'ble Member. We raise such objections every day. We give such petitions to Collectors every day.

J. No. 60-20
Sri M. Janakiram:— This is nothing to do with the mining lease.

It is not true that this land forms part of 60 acres of disputed land. It was discussed on the floor of the House, already. This is a false allegation.

Sri N. Chandrababu Naidu:— Sir, I can prove....

Mr. Speaker:— Please resume your seats. I do not agree.
Sri M. Janakiram:- This is a patta land. This is not surplus land given by the Government. This is the patta land purchased by a private party.

Sri M. Janakiram:- I offered much bigger... What is this file placing, Sir?

Are they prepared to prove that the Chief Minister has the relation with the Pallavi Granites? Are they prepared to say? Let them not make any wild allegation like that. If they are not proved....

The Government cannot be compelled to agree like this....
Original offer was 'Judicial Enquiry' if the Government accept it, we are very happy. Our main allegation is on the land on which the mining lease was granted to Pallavi Granites.

Sri M. Janakiram:- The Opposition Leader has spoken yesterday not Mr. Vidyadhara Rao.

(Interruption)

We are very happy if you order for judicial enquiry with the sitting Judge. Our main allegation is on the land on which the mining lease was granted to Pallavi Granites. We are very happy if you order for judicial enquiry with the sitting Judge. Our main allegation is on the land on which the mining lease was granted to Pallavi Granites.
Sri M. Janakiram:- It is a revenue point. I can get it enquired from the Commissioner of Land Revenue. I can get it enquired within three months.

(Interruptions)

Sri K. Vidyadhara Rao:- It is too long a period.

Sri M. Janakiram:- Yes. Within only one month.

(Interruptions)

Yesterday, it came in papers. Today I got the records and by this time should I have been gone on enquiry? What is this? I am offering that the Commissioner of Land Revenue will enquire into the Title Deeds of this land. What more you want?

Sri M. Janakiram:- The Commissioner of Land Revenue will enquire into the Title Deeds of this land.

Sri M. Janakiram:- Judicial enquiry with one condition.

Sri M. Janakiram:- I said I am prepared for a judicial enquiry provided....

(Interruptions)
Pallavi Granites is a benami organisation of the Chief Minister.... If that is proved, I am prepared to resign. If it is not proved, they should resign. I still reiterate it. Sri Chandrababu Naidu knows the fact....

(Interruptions)

Pallavi Granites is nothing to do with the Chief Minister. He knows pretty well. He knows the truth. He is making the allegations....

(Interruptions)

Mr. Muddukrishnama Naidu and Chandrababu Naidu proves that it is a benami transaction of the Chief Minister, the Chief Minister should resign.

(Interruptions)

You have inherent powers. If the Hon'ble Minister is prepared why should you....

(Interruptions)

When the Hon'ble Minister is prepared....

(Interruptions)

Sri M. Janakiram:- Mr. Vidyadhara Rao with the intelligence at this command, and the language at his command is twisting the matter and powers. He is doing all this. The Chief Minister does not come into the picture. It is a challenge between them and me.
Sri K. Vidyadhara Rao:- He is prepared for a judicial enquiry. You fix the terms, Sir....

(Interruptions)

Sri M. Janakiram:- M.R.O. in charge was transferred much later than yesterday...

(Interruptions)
Sri K. Vidyadhara Rao:- When he was transferred?

(Interruptions)

Sri K. Vidyadhara Rao:- When he was transferred?

[Interruptions]

Why do not you resume your seat?

(Interruptions)

Why do not you resume your seat?
Sri P. Ashoka Gajapathi Raju: The Minister said Judicial Enquiry and some Members said perusal of files. What is the result?

(Interruptions)

The Meeting will be closed. Whatever the Minister now says is the
I have said much more than what I am expected to say. Regarding Title Deeds dispute, I shall see that it will be enquired by the Commissioner of Land Records. I have clarified the points more than expected. I stand on whatever I have said.

Mr. Speaker: Are you going to enquire....

Sri M. Janakiram: Yes. Title Deeds enquiry by the Commissioner of Land Records.

(Significant interruption)

Sri P. Ashoka Gajapathi Raju: Sir.....

(Significant interruption)

Mr. Speaker: I have already asked. Please resume your seats.

(Significant interruption)

Sri K. Vidyadhara Rao: What is the finality? Let the Minister tell the final thing we will accept it....

(Significant interruption)

Sri K. Vidyadhara Rao: We have demanded for judicial enquiry....

Mr. Speaker: Would you like to take up the Judicial Enquiry?

Sri M. Janakiram: No.

Mr. Speaker: The matter is over.

Sri M. Janakiram: I am prepared for a Judicial Enquiry if both the members are resigning. I said that I will resign to prove that the Chief Minister is in no way related to Pallavi Granites and it is not a benami transaction.

(Significant interruption)

Mr. Speaker: That is final.

Sri K. Vidyadhara Rao: We have demanded for Judicial Enquiry or placing of the files before you.

(Significant interruption)
The matter is closed.

(Interruptions)

Sri K. Vidyadhara Rao:- Sir,...*

(Interruptions)

The matter closed. Now, there is an announcement.

Announcement:-

Mr. Speaker:- I am to announce to the House that Sarvasri Ramakant, M. Venkateswara Rao and P. Indra Reddy were arrested under Section 151 Cr.P.C. vide Cr.No. 70/92 of III Town Police Station, Nizamabad on 20.3.1992 at 1.30 p.m. and released on the same day at 7.30 p.m.

(a) whether any representation was given to Chief Minister to sanction a comprehensive protected water supply schemes in Atmakur Constituency of Nellore District; and

(b) if so, the action taken thereon and when it is going to be sanctioned?

A-

(a) Yes, Sir.

(b) The preliminary investigation work is completed. Preparation of the detailed project report is in progress.

**FUNCTIONING OF PROTECTED WATER SUPPLY SCHEMES IN NIZAMABAD DISTRICT**

207-

5815-Sri K.R. Suresh Reddy:- Will the Minister for Rural Development and Rural Water Supply be pleased to state:

(a) whether it is a fact that many Protected Water Supply schemes in Nizamabad District are not functioning due to lack of pipeline;

(b) if so, the amount required to lay these pipelines for functioning of these schemes; and

(c) the time by which the said schemes are likely to be commissioned?

A-

(a) No, Sir.

In the area of Pharmaceuticals based on systematic product development studies and scale up studies company is manufacturing a wide range of products in various dosage forms like injections, syrups, tablets, capsules, Ointments and powders totalling 50 Nos. Such as Sera and Vaccines (Tetanus Vaccine, Diphtheria, Pertusis and Tetanus Vaccine and Tetanes Antitorin), various categories of products like Anti-phyratic and Analgesic, Anti-inflammatory Vitamins and Enzymes, Antacids, Antibiotics, Electrolytes, Haematenics, Anti-Emites, Antidiarrhoeals, Biological preparations of liver (dried liver; protalysed liver) and Heparin etc. In addition to these certain standardised Ayurvedic Products like Gingsong Capsules, Ginsong and Ashwagandha Tonic etc. have been developed.
R & D Unit has been developed Isolation techniques of Nascapine and papaverine from poppy, Strychnine and Brucine alkaloids from Nux vomica and certain processes like sustained release capsules and tablets of Ibuprofen 300 Mg. capsules and 600 mg. respectively Sugar coating techniques coating process for tablets stability purpose, chewable tablets and dispensable tablets for paediatric purpose.

5. M/S Annapurna Foils Ltd., Kollur Village, Sangareddy, Medak District.

In the area of flexible laminations, AFL is continuously endeavouring to develop flexible laminate with the foil using different techniques of foil rolling, lamination, printing and coating with indigenous raw materials, with a view to improve the quality and reducing cost.

Design and development of different models of Automobiles, Technology absorption from their collaborators, Indigenisation and Testing of Component and vehicles for performance and Endurance etc.

"Since the activities are applicable only to their own industry, the question of utilising the same in other Industries does not arise".
7. M/s Hyderabad Lamps Ltd., Isnapur, Patancheru, Medak District.

In the field of quality control, development in the existing lamp designs. The equipment available in the quality control department have been supplied by M/s Osram GEC Limited, U.K. All these equipments are very sophisticated in nature. The unit has taken the advantage of these equipment to improve further the quality of the existing lamp design, taken up under present production programme.

(a) With help of these equipments and instruments, the unit has specially developed their Fluorescent Lamp in reduced shall diameter - 32 mm.

This lamp has been tested for lumen intensity Electrical characteristic and the lamp life. It adheras to Bureau of IS lamp specification. Hyderabad Lamps had manufactured and successfully marked several lac lamps of this type. Feed back from the market in terms of performance is found to be satisfactory.

"The manufacturers have been given timely feed back to enable them to introduce these in the similar type of Industry".
(b) Innovative feature:

In addition to that in the same design reduced Voltage lamps, have been manufactured for trials i.e. 34 W fluorescent lamp. These energy efficient same energy, in terms of Voltages by 15%. It is also designed and dimensioned to use suitably in existing 40 W fluorescent lamp fixture. Products of 6 million lamps of this type shall result in energy savings of 8 million KW or Rs. Crores per year.

With the existing 40 W fixtures, total voltage consumption is about 48 Watt to 50 W. Where as in the case of 34 W lamp, total Voltages consumption, including the fixture is limited to 40 W + 2 Watts.

This development has been possible due to the application and use of very highly precise measurements and filling pressure gauge, used to control the lamp electrical parameters and lumen output.
8. M/s Sumitra Pharmaceuticals, Digwal Village, Kohir Mandal, Medak.

In the area of Pharmaceuticals and Chemicals Absorption of technology, process development, trouble shooting and new product development. Efficient production of Ibuprofen with optimisation of raw-materials and quality acceptable in the country and abroad. Instrumental facilities like PHIC, UV, etc., are available in the unit.

"Sometimes on service basis, the unit help other sister industries for utilising their instrumental facilities".

Since the unit has a technical collaboration with Osram-GEC, many vital components for specific trials required for lamp manufacturing assembly line, such as cathode, fluorescent powder, filling gas and binder are imported from U.K., Holland and West Germany. Today with the untiring research work carried out by the quality control, they have developed suitable substitutes for imported components. As a result of this Industry, has sawed considerable amount of precious foreign exchange in the past several years.

In the field of electrical, electronics and control mechanical sciences material sciences and Metallurgy Chemical Sciences, non-conventional energy system, coal R & D.

Manufacturing furfural dehyde and furfural alcohol. The process for the manufacturing of furfural dehyde has been developed indigenously. The process for the production of furfural alcohol has been acquired from M/s Sulzer Brothers Ltd., Switzerland.

The basic raw materials for the manufacturing of the above chemicals is rice husk which is available in plenty in Andhra Pradesh. Thus the waste husk is used to create products of value. Furfural dehyde is
basically used by the refineries and both furfuraldehyde and furfuryl alcohol are utilised in Pharmaceuticals Industries.

The Company is continuously striving to improve the yields of furfuraldehyde and furfuryl alcohol from the raw materials which would enable the unit to produce at an economical capacity.

In the area of manufacturing printed cartons for packing consumer items such as Tea, Robin Blue, etc., the unit also manufacturing packaging machineries as per the designs and drawings received from their principals A & R SWEDEN. The unit has introduced quite a number of technical innovations on their packaging machinery. Recently the unit has introduced the Heat Sealing System for sealing the flaps of poly coated cartons using strip heaters. This is a 100% indigenous innovation to be introduced in this country for the first time, for selling Poly Coated Printed Cartons. This innovation has already been implemented on their machinery which is now in regular operation in Kwality Ice Cream Factory at Bombay. The customer is

It is also designed and dimensioned to use suitably in existing 40 W-fluorescent lamp fixtures. Products of 6 million lamps of this type shall result in energy savings of 8 million KW or Rs. Crores per year.

With the existing 40 W-fixtures, total voltage consumption is about 40 Watts to 50 Watt. Where as in the case of 34 W-lamp, total Voltages consumption including the fixture is limited to 40W + 2 watts.
This development has been possible due to the application and use of very highly precise measurement and filling pressure gauges, used to control the lamp electrical parameters and lumen output.

Since the unit has a technical collaboration with Osram - GEC, many vital components for specific required for lamp manufacturing assembly lane, such as cathode, fluorescent power filling gas and binder are imported from U.D., Holland and West Germany. Today with the untiring research work carried out by the quality control, they have developed suitable substitutes for imported components. As a result of this industry has saved considerable amount of precious foreign exchange in the past several years.
