It is attributable to three reasons viz., (1) Non-payment of deposits and service connection charges by the applicants, (2) Non-completion of internal wiring by the applicants and (3) Minor extension involving erection and stringing of over-head lines.

Then we will think about it, Sir.

Sir D.K. Samarasimha Reddy: Sir, I make it clear once again to the Hon'ble Member that there is no dearth of meters. As a matter of fact, we were to procure four lakhs of meters for the year 1991-92 but we had exceeded the target. Therefore, there is no question of anybody saying that the electricity connection has not been given for want of meters.

Dr. P. Shanker Rao: In that case, why they are not giving the meters within the time limit, Sir?

Sri D.K. Samarasimha Reddy: I gave the reasons. It is attributable to three factors which I have already spelt out.
If you are so confident and sincere let us have one House Committee to study whether there is a dearth of meters or not. We can also find out whether what they are telling is true or not.

Sri D.K. Samarasimha Reddy:- My respectful submission to he Hon'ble Member is that this does not require any House Committee at all. The second point is that I have already made it abundantly clear that the three reasons which I have out already are the only reasons for non-supply of electricity but not for want of meters. I am going on record on the basis of the material that has been supplied to me.

With regard to the procurement of meters we had kept up the target of four lakh meters. For this year we had exceeded this target. But the Hon'ble Members have been wrongly briefed about this.

Mr. Deputy Speaker:- Your views also were noted by the Government.

Sri A. Mohan Reddy:- Sir, there is no testing of the meters.

Mr. Deputy Speaker:- You have asserted the point and the Minister has noted that point. Please take your seat.

MISSING OF ANTIQUES AT SARARJUNG MUSEUM

25-

*S5528-Q.-Sarvasri Baddam Bal Reddy, V. Jayapal, (Parkal), R. Ravindranath Reddy, (Alampur), T. Rajeshwar Rao, (Wardhannapat), S. Venugopalachary, (Nirmal), A. Sudersan, (Suryapet), G. Nagi Reddy, (Dharmavaram), Ch. Ramachandra Rao (Tallarevu) and N. Chandra Babu Naidu, (Kuppam):- Will the Minister for Primary and Secondary Education be pleased to state:

(a) whether it is a fact that 10,000 antiques belonging to Salarjung Museum are missing;

(b) if so, steps taken to trace the missing articles and the value of these articles;

(c) whether the Board of Management is meeting at regular intervals during the last three years and if so, the dates on which the Board met and the places at which these meetings were held; and

(d) whether the Board discussed about missing of articles and action to be taken to recover them?

Minister for Education (Sri P.V. Ranga Rao)- Sir, Answer for (a): Salarjung Museum is under the administrative control of the Ministry of Human Resources Development and Department of Culture, Govt. of India.

(b): Does not arise.

(c): Does not arise.

(d): Does not arise.
We never say that in this Cabinet, Hon'ble Minister was a wrong choice.
Mr. Deputy Speaker:— It is going as a debate.

(Interruptions)

Sri P. Ashoka Gajapathi Raju (Vizayanagaram):— My submission through you to the Hon'ble Minister is that Salarjung Museum is a national heritage and more so we in Andhra Pradesh are proud of it because three generations of people of this soil made collections for this Museum. It is a fact that Govt. of India is administering this Museum. But when there is wholesale theft to the tune of reducing the Museum from a national heritage to lower than even a Municipal heritage, we are all concerned. Law and order is with State Government. So, we want to elicit from the Minister through you what steps the Government of Andhra Pradesh has initiated in saving this national heritage that has kept the people of Andhra Pradesh proud. this is an important question to the Hon'ble Minister.

Sri N. Janardhan Reddy:— As Mr. Ashoka Gajapathi Raju is now mentioning, it is a national pride. No doubt about it. But it is governed by certain Acts. It is under Parliament
Act. The State has no role to play there. When the question was given to us, it was referred to the managing authority of the Salarjung Museum. They denied the whole thing. The police comes into the picture when there is a complaint. The Director himself is denying the theft. That is the end of the matter.

Sri P. Ashoka Gajapathi Raju:- With regard to theft the State Government should act whether you take it up with the Government of India or not.

Mr. Deputy Speaker:- The Government of India seized of the matter. It is not proper for us to probe here.

(Interjections)

I have already told you that the Government of India is seized of the matter. We cannot discuss it here.

(Interjections)

They have already taken up the matter. They have seized of the matter. We cannot discuss the matter.

Mr. Deputy Speaker:- If the articles are missing, the matter will be taken up with the Government of India.

Sri Ch. Vidyasagara Rao:- Let the Chief Minister take action and write a letter in view of the discussion in the House.

Sri Mohd. Amanullah Khan:– It is politically motivated. I challenge.

Sri B. Balreddy:- Sir,
Sri Mohd. Amanullah Khan:- Sir, .....

Sri B. Bal Reddy:- Sir, ..... 

(Interruptions) 

In view of the discussions in the House, let the Chief Minister write a letter. 

Mr. Deputy Speaker:- I withdraw mikes for both the Members.

Mr. Deputy Speaker:- I will give ruling on this question. Please leave it there. 

Sri Mohd. Amanullah Khan:- Mr. Deputy Speaker, Sir.
Mr. Deputy Speaker:- Let me tell my point of view. You are hopelessly out of order. Whatever you say, it will not go into records.

Answer to the remaining questions will be supplied to the Members concerned and they will be placed on the Table of the House.

Sri D.K. Samarasimha Reddy:— Sir, I have already noted contents of what the Hon'ble Member has said. I will inform the Hon'ble Minister for Health.

Sri Ch. Vidyasagar Rao:— Sir, you must immediately visit. Not only that, I request the Hon'ble Chief Minister to give an assurance. Immediately a delegation should visit the Hospital.
Mr. Deputy Speaker:- You have got the answer for that thing. They have noted it. The solution is left to the Government.

Sri Mohd. Virasat Rasool Khan (Charminar)- Mr. Speaker Sir, I would like to bring to your notice a very serious problem of our State. I request the Minister for Medical and Health and also the Hon'ble Minister for Home to reply on this subject.

Sir, the Government has miserably failed in containing the use of Drugs, especially morphine - brown sugar - LSD - and other drugs in the State.

(Hon'ble Chief Minister was going out of the House).

Sir, our Hon'ble Chief Minister is already leaving the House and I hope the Hon'ble Minister for Medical and Health and Hon'ble Minister for Home are here to reply. The Drug-smugglers from Haryana - Madras and Goa, having come into our State, are doing thumping business in our State. Those drugs are being used already and the unemployed youth are affected. Workers in factories, Coal-mine workers and especially students of Colleges and School students are being affected. The method is very simple. Firstly, they supply drugs without charging them and once the people become drug addicted, they are charging them. Even women are being used in this business for distribution of drugs and supplying to the clients.

I request the Hon'ble Home Minister to create a Cell here called 'ANTI-DRUG-CELL' and I also request the Minister for Health and Medical to create similar "ANTI-DRUG-CELL" in the Hospitals and surveillance centres to teach the public not to use these drugs, I want a reply in this matter.
Mr. Deputy Speaker:- The Home Minister and the Health Minister may kindly note it please.

Sri Mohd. Virasat Rasool Khan:- Sir, what is the use of simply noting it. Then, the reply will not come. What is the use of this Zero Hour then Sir? It is very serious matter Sir.

Mr. Deputy Speaker:- That is the rule and that is decision arrived at, in the Business Advisory Committee meeting. You go on saying that everything is serious. No reply will come now. The concerned Ministers have noted, because it is Zero Hour.

Minister for Municipal Administration (Sri M. Narasimha Reddy):- I have made a note of it.

We are responsible to the people. We should ensure an uninterrupted power supply and improve our standards of living. We have to work hard for the betterment of the people.

Mr. Deputy Speaker:- Mr. Sreenivasulu Reddy!

Mr. Greenivasulu Reddy:- We are responsible to the people. We should ensure an uninterrupted power supply and improve our standards of living. We have to work hard for the betterment of the people.
I pity my learned friend, Mr. Samarasimha Reddy. I feel a sense of sorrow at the loss of a learned friend. I am a student of literature, and I was deeply impressed by his knowledge and scholarship. His death is a great loss to the literary community. He was a scholar of great repute, and his work will continue to inspire generations to come. I am sure that his spirit will live on through his writings. May his soul rest in peace. Amen.
That every Member is aware of: After we reply, inspite of it, if still the intervention of the Hon'ble Chief Minister is felt necessary, then we can think about it, Sir. Without even hearing the reply, there is no point in asking. Already we have been entrusted with the job of replying to the Hon'ble Members. We will reply Sir. Let them have patience. Let them make their submissions. We will hear them coolly. I have been recording every point that has been made out by Hon'ble Members. I will reply them suitably. If they are not satisfied, then we will think about it, Sir.
Sri D.K. Samarasimha, Reddy:— I am a little surprised to hear this from Mr. Narsi Reddy. Sir, when to hold a Cabinet meeting, how to conduct, what is to be discussed in the Cabinet meeting is absolutely the prerogative of the Cabinet and the Chief Minister. None of them has a right to question about it. We will hold Cabinet meeting at our convenience. The point is, we are going to present the Budget according to the decision taken by the Cabinet. That is all. Where to hold and how to hold, it is not the concern of the Opposition Sir.

Sir:— Narsi Reddy:— Ah, what a surprise! Why should I be concerned about it? I am only a member of the House.

Mangal Reddy:— Sir, I am sure, the Integrated Scheme will be implemented. 

Sir:— Narsi Reddy:— Sir, what is the Integrated Scheme? 

Mangal Reddy:— It is a scheme for the integrated development of the state.

Sir:— Narsi Reddy:— Sir, the installed capacity is proposed to be raised to 4972 MW, comprising 4165 MW in the State Sector and 807 MW in Central
Sector. In the note given it is stated, "The installed generating capacity in Andhra Pradesh at present is 4131 MW (1679 MW Thermal (40%) and 2452 MW (60%) Hydel). In addition our share of Central Generating Units in the Southern Region is 762 MW. Which is correct? 807 is correct or 762? Let him clarify first. Then we will take up the issue.

Sri D.K. Samarasimha Reddy:- I will check up and let him know.

Sri P. Ashoka Gajapathi Raju:- We have to understand which is correct Sir.

Sri D.K. Samarasimha Reddy:- During the course of discussion I will explain that point.
responsible. This House cannot be taken for granted. This is a serious lapse on the part of the Government whether it is a collecting lapse or collective lapse. Sir, we need a ruling also from the Chair.

Mr. Dy. Speaker:— After he gives his reply, if any thing remains doubtful, if you cannot reconcile it and if the doubt still lingering thereafter, I will give ruling.

Sri D.K. Samarasimha Reddy:— Hon’ble Deputy Leader of the Opposition raised a point with regard to the variation between the Governor’s address and the reply.

Mr. Dy. Speaker:— He has to give reply to 304. Whether he can reconcile it or he admits mistake or whatever else we can think of it later.

Sri P. Ashok Gajapathi Raju:— What is the correct thing the Members do not know. Suppose wrong information is given to me, my debatable points are based on the wrong information. That is gross misleading of a Member of the House. When both are pointed out to the Chair and when the Minister was willing to clarify, what did you mention, Sir. You said that if the Minister’s clarification is incorrect, then you will give ruling. Immediately after that, you stopped the Minister from giving clarification. This is unfair, Sir.

Mr. Dy. Speaker:— There is no question of arguing the same point. We are in 304 now. Do you expect reply from the Minister for every sentence and every point. If both of you are ready, to give reply and to receive reply, I have no objection.

There has been slight clerical mistake committed here. The fact is that if the Hon’ble Members know about the clerical mistake, they will definitely appreciate it. An additional unit No. 5 has been commissioned recently a week before at Neyveli. It has not officially been J. No. 34-12
declared still, but it has been commissioned. In that our share of 45 mega watts. Adding that 45 Mega Watts to 762, it comes to 807 Mega watts. It is clear arithmetic. Let them add it. They will get the answer. There is absolutely no difficulty in it. We are not trying to mislead anybody.

The installed capacity as per the Governor’s Address was proposed to be increased to 4972 MW comprising of 4165 MW in the State Sector and 807 MW in the Central Sector, i.e., by the end of 1991-92 the installed capacity is proposed to be raised to that.

Sri P. Ashoka Gajapathi Raju: The Dy. Speaker may take a decision. As far as the doubt goes, this doubtful Government has told us what it is. But, Sir, this is an Assembly.
If the signature goes on with the clerical mistake, it is the sad commentary. More than that I cannot say. I leave it to your wisdom. There are lot of other problems that have to be discussed.

Mr. Deputy Speaker:- Anyhow, if the error in the figures is admitted by Government also, little more explanation would have satisfied it without giving other impression to the House. Let us leave it there. Let us go to the point.

Mr. Deputy Speaker:- Let him give his reply in his own manner.

Sri D.K. Samarasimha Reddy:- O.K. Sir, You want me to give an answer without reading, it is very well. If you are prepared to sit, it is very well. If not, I shall have to read. He has realised where the exact mistake lies. Probably he is trying to fall in line with a principle. Let us behave more like statesmen rather than politicians. So long as we think ourselves only as politicians and think everything from a political situation...
angle there will not be any solution to this problem. If you think of some statesmanship and function like statesmen. I am sure the answer will be crystal clear to one and all. Similarly, here the matter under rule 304 deals with two-fold object. (1) With regard to the enhancement of the power tariff and (2) is about the power cut. These are the main two things that revolve round the entire matter under rule 304.

Sri N. Chandrababu Naidu:- What about low voltage?

Sri D.K. Samarasimha Reddy:- Ultimately, it comes. The point is what has been done to this all these years and during the 2½ years what have you done? What was the position earlier? What is the position now? If that is to be looked into and if one looks at the expenditure that has been taken place all these years for power generation as well as for the developmental activities one could find easily the exact position. He has mentioned that irrational power connections have been given; agricultural connections have been given without any rational behind it just for purpose of records and giving figures without releasing the funds. Whether there is necessary infrastructure or not; whether the motors are going to be burnt out; whether the transmissions are available or not -- it was done due to lack of understanding all these years.

(Interruptions)

That is that I am speaking. I am speaking only the facts.

(Interruptions)
Whether it is scientific or unscientific approach, it is a different matter. It is shameful. Let us get a satisfactory and shortcut reply. Let us all co-operate with him for a satisfactory reply.
Sri P. Ashoka Gajapathi Raju:- Sir, I have a point to submit. In the Governor's address, it is mentioned that the food grains production has come down to 33 lakh tonnes. It was 129 lakh tonnes earlier in this State only. Minister says that it is very unsatisfactory.

Sri P. Ashoka Gajapathi Raju:- I did not say 'No'. We have not said anything.

(Interruptions)

Sri A. Subashchandra Bose:- Mr. Ashokagajapathi Raju, why don't you hear me. If he wants to make a statement, he has not every right to make it and the Opposition cannot dictate.

Sri P. Ashoka Gajapathi Raju:- I have not dictated.

Sri A. Subhashchandra Bose:- You have dictated. It is not correct on the part of the Minister also to...

(Interruptions)

Sri P. Ashoka Gajapathi Raju:- We are the major Opposition party.

Mr. Deputy Speaker:- It is not dictating but they have given a decision which the Minister has agreed to...
Because it is the property of the House and let him give a clarification. Whatever clarification he wants to give, let him give. You do not have patience to hear.

(Advertisement)

Sri N. Chandrababu Naidu:- We are having patience.

Sri A. Subashchandra Bose:- You should have patience to hear what the Minister is clarifying. That is all.

Sri P. Ashoka Gajapathi Raju:- We never said 'No'.

Mr. Deputy Speaker:- It is only a little gap in the understanding. In order to save time, the Opposition Members suggested that he need not read the entire matter.

Mrs. Chairperson:-

Sri Mr. Deputy Speaker:- No doubt, the reply is for the benefit of the entire House. It is for mutual understanding, and no question of dictating.

Sri A. Subash Chandra Bose:- We are also the Members of this House. We have to...

Mr. Deputy Speaker:- The reply is for the entire House. They made suggestions. If it is convenient for all, it is for you to accept it.

Mrs. Chairperson:-

Sri Mr. Deputy Speaker:- The Minister may continue the reply.
Revenue receipts is the minimum requirement. It has become inevitable and unavoidable. They invited criticism from me. I had to say the facts. If they cannot relish it...

Sri P. Nageswara Rao:—You are borrowing from IMS.

Sri D.K. Samarasimha Reddy:—I have to explain the financial features.

(Interruptions)
Mr. Deputy Speaker:- The subject was delegated to the Hon'ble Minister for the purpose of convenience. He is well equipped with the subject.

Sri D.K. Santarasimha Reddy:- Let him put the question.

They cannot expect me to answer to their satisfaction.
Sri P. Nageswara Rao: - Whether we are going to World Bank? What will happen to the African Countries after six months? This is not the subject we are discussing now. We are ready for discussion if he is prepared.

Sri B.K. Saniarasimha Reddy: - Whatever the reasons are in the note and I have submitted to...
this House. Other than that, there is nothing more for me to say. If they want me to say further more, I am prepared to say. Sir, there is no question of reducing the tariff in the present juncture. In future in the event of the improvement in the financial conditions, we will definitely keep it in view.

Chaired by: Sir, I have another point to make.

Chaired by: Other than that, there is nothing more for me to say.
There should be some basis for that. Any condition, whether 'because' or 'instead'? This answer specifically you have to give; otherwise, he has to resign. No, it is not possible. The purpose is to make you resign under certain conditions. You have to resign. There is no way.
We have committed ourselves to see that power supply is maintained for 12 hours minimum for the agriculturists. We will not allow any crop to whither away. We have been taking all the measures.

Sir, this answer makes it very clear.
1989-90, 346.90 crores has been spent for the Electricity Board. 1990-91, 378.57, 1991-92, 567.14 crores. 1992-93, we are proposing to go to an expenditure of Rs. 758.09 crores. 1993-94, 1994-95, and 1995-96, we propose to spend Rs. 500 crores. Let us have far reaching views before us and have these problems settled once for all, keeping the entire requirements for the coming years. Let us behave like Statesmen. Let us forget about the politics. Let us try to improve the generating capacity in the Electricity Board. Let us have far reaching views before us and let us have these problems settled once for all, keeping the entire requirements for the coming years. Let us behave like Statesmen. Let us forget about the politics. Let us try to improve the generating capacity in the Electricity Board. Let us have far reaching views before us and have these problems settled once for all, keeping the entire requirements for the coming years.
Let us leave it there please. Nobody is capable of helping. The Government is also helpless. No further discussion please. All the papers are deemed to have been placed on the Table of the House. The rest of the business will be taken up at 4-00 P.M.,

Sri P. Ashoka Gajapathi Raju:- We raise a matter hoping that we will get answer from the Government and the Government will take some action. If there is no action and no reply and if we have to sit here and push off because time is over and some people do not allow time to be properly utilised......

Everybody has to agree and accept it.

thinking on the part of the Government. In reality, what is
happening is, all the crops are withering away. Every Member,
cutting across party lines, has mentioned that 13 hours, as
promised day in and day out has not been given.

Mr. Speaker: On 18-3-1992, when the Minister for Social Welfare was introducing a Bill relating to issue of Caste Certificates to Scheduled Castes, Scheduled Tribes and Backward Classes Sri Karra Subba Reddy, Member raised a point of order stating that the Governor's Address did not contain enumeration of the Bills to be taken up in the Session and as such any Legislature Business to be transacted in this Session would be invalid.

He also quoted Article 176(1) of the Constitution and Rule 17 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh legislative Assembly which is nothing but reproduction of the said Article.

As per Article 176(1) of the Constitution "At the commencement of the First Session after each General Election to the Legislative Assembly and at the commencement of the First Session of each year, the Governor shall address the Legislative Assembly or, in the case of a State having a Legislative Council, both Houses assembled together and inform the legislature of the causes of its summons."

As per Article 176(1) of the Constitution, the Governor has addressed the Legislative Assembly on 16-3-1992 and a copy of the same was laid on the Table of the House as provided.
With regard to causes of its summons, the Governor address contained a para stating "during this Session you will be considering the urgent business of my Government which may be brought before you."

Hence, there is sufficient indication in the Governor's Address that the Government in bringing forward certain legislative business.

Therefore, the introduction of the Bill by the Minister for Socio welfare is in order.

(At this stage, Sarvasri M. Raghuma Reddy and A. Madhava Reddy and other Telugu Desam Members were on their legs and expressing their resentment.)

Mr. Speaker:- Mr. Raghuma Reddy, on the Ruling there cannot be any discussion. You know the parliamentary procedure but still, you are raising points. Please take your seat. Now, before going to the discussion on the motion of thanks to the Governor's Address I request Sri Purushothama Rao to move his non-official resolution."

Sri T. Purushotham Rao:- Sir, I beg to move:

"That this House recommends to the Government to pursue with the Central Government to issue multipurpose identity cards to all citizens of India."

Mr. Speaker:- Resolution moved.

Now Mr. Raghuvira Reddy will continue his speech.

-Sri P. Ashoka Gajapathi Raju:- One submission, Sir.

Mr. Speaker:- There cannot be any discussion on my ruling.

Sri P. Ashoka Gajapathi Raju:- I am not raising any pint of order, Sir. Only one submission.

Mr. Speaker:- No, please resume your seat.

Let us bring out some radical changes. Let us bring out some radical changes. Let us bring out some radical changes. Let us bring out some radical changes. Let us bring out some radical changes. Let us bring out some radical changes. Let us bring out some radical changes.

Yes. We have the people with us. We have brought the economy to this country. This Government will take care of him. This Government will take care of him. This Government will take care of him. This Government will take care of him. This Government will take care of him. This Government will take care of him. This Government will take care of him. This Government will take care of him.
Rich man has to pass on the technology to the poor.

This includes Rs. 50 crores for Sriram-sagar Project Phase I - Rs. 49 crores for Srisailam Right Bank canal - Rs. 52.5 crores for Telugu Ganga Project.
The World Bank Team itself recently visited and remarked that the works are going in an excellent manner. Never this was the remark of the World Bank. We are not looking to the Contractor as a cheat. We are also taking his help and let him gain to some extent - but not to loot the State. World Bank said "Unless you cancel and reopen it and do it, we cannot help" - but I have VIII. The Engineer's 3rd officer is not doing his duty. I demand the Engineering Department as well as the Contractors. This is the aim. I want to discipline the Engineering Department, as well as the Contractors. This is the aim. That yielded the result. Now that yielded the result. Go and see. There is an Officer of Joint Collector's cadre, going every week to every work, consulting the Contractor, consulting the Engineering people and consulting Government and Finance Wing. This year, because of his appointment we are forced to spend Rs. 20 crores more on the expenditure side, which was never the case. Vattivagu Lift Scheme to feed Chitravathi Balancing Reservoir. Vattivagu Lift Irrigation Scheme - Kalavakurthi Lift Irrigation Scheme - Velugodu Project. Sreeramsagar Project flood flow canal cum lift, is being considered to take up this year itself. I have gone on record that it is not in the interest of our State.
Every canal work is being reviewed by the District Collector weekly. Every work is being reviewed by the Secretary, Irrigation fort-nightly and once in a month by me. There is over-protection for an employee. That is why the work is not being turned up to the expectation. But, at the same time we are firm in dealing with them if they do not perform their duties. This Government is committed to the autonomy of the Universities. 85 colleges for boys and 11 colleges for girls were given by the Universities with their responsibility to see the standards as well as the protection of the employees and salaries.
We are prepared to bear the expenses of the Schedules Castes - Scheduled Tribes or Backward Classes or even economically backward. But is it fair to allow these kind of things?

Anyway, Yes, a machinery is created to watch and monitor the progress of implementation and recommendations of this Committee. For Minority Corporation, more funds are provided - financial institutions will lend money to this. As a first instalment we are releasing Rs. 30 lakhs immediately and then the Institution's language and culture will be safeguarded and preserved. Generally we promise to implement all the recommendations, one by one. Soon, the orders will flow. urdu Academy is strengthened by providing more funds.

They mean business - they do not say some and do something.
As I told you, it is only in the beginning - we have to go a long way. But I appeal to all political parties to stand by the Government in this issue, regardless of parties and their affiliations for the cause. You and I, every one will accept that and every party does not believe in polite...
It is showing a down-ward trend. But it is only Andhra Pradesh State which is going ahead. 672 577 550 525 500 475 450 425 400 375 350 325 300 275 250 225 200 175 150 125 100 75 50 25 0

We are going on a turn-key approach.
Let us make this House as an effective and useful instrument to meet our demands. The shawlowness of Telugu Desam has come out. The State cannot escape from the policies of the Centre and that is why, we mentioned particularly, the Central policy on finance. This is an alternative. Take it up.
An amount of Rs. 800 crores investment is coming from Non-Resident Indians. It is a boon.

The local bodies should stand on their own legs. The Panchayath has to generate its own funds. That is why, we want to bring the municipalities on a financially better footing. The Governor’s speech will always carry a broad base of facts.
He said that it is high time that we should think about administrative reforms. But, we do not believe in Rustumji who does not know about Andhra Pradesh. He has submitted a report which is not relevant at all. Even the previous Government could not implement it. We know and our NGO's know what is wrong with them. Our Secretaries know what is wrong with them. Recently, I had a talk with the Chief Secretary and the Secretaries to suggest methods. I do agree that when an M.L.A. writes a letter we reply. But immediate response I may not be able to get. I feel sorry about it. It is not because I do not have respect for you all. But, it is the situation. Inspite of my driving my four Deputy Secretaries are always hunting after the letters of the M.L.A.s and they will be having a copy of it and they will be pursuing weekly what is going to happen. He is giving priority for the land reforms and that is why, we are approaching the Government of India for assistance and also for the State Government's share to have it survey and then effective land records and distribution of Pattedar Pass books. Without that it is not a complete land record.

The TMCFT is the allotted utilisation but not capacity. With the 10 TMCFT capacity it is possible, according to the technical people, to utilise the allocated quantity of 17.84 TMCFT. It will be utilised. 17.84 TMCFT will be utilised.
