Sri P. Asoka Gajapathi Raju (Vizayanagaram):- Speaker Sir, we are in the A.P. Legislative Assembly. The Government gets the right of reply, on any allegation. Besides that, any Minister can also clarify. You had rightly allowed the Minister through the mike. But, is that the way *** is this democratic? He has to tender an unqualified apology to this August House. If he does not tender an unqualified apology to this August House, it is the duty of the Chief Minister to sack him then and there. This criminal mentality does not cow us down. This is unbecoming of a Minister and the Government. The Government has a right to reply. This is not the way that ruling party member, much less a Minister should do. It is imperative and necessary that he tenders an unqualified apology to this House. This is what I demand Sir. 

(Cries of 'no', 'no' from the TDP Benches)

Sri P. Ashoka Gajapathi Raju:- This is not unparliamentary.

Sir, my Party has given this No-Confidence Motion notice after reviewing the policies, programmes and assurances given by this Congress Government. After verification whether these policies, programmes and assurances have been implemented or not, we learnt that nothing has been done especially for the Telangana region, for the people of the Twin Cities and more especially for the Old City and the minorities. Sir, with regard to the Telangana region problems, the Government earlier has given assurance in this August House to solve the immediate problems viz., bringing Krishna water to the City, Hyderabad City Development, formation of regional committee, regional budget, providing Rs. 2,000 crores for backward areas, accelerated development programmes, road development, irrigation, power plant, projects like SRSP and SLBC, flood-flow canal and special funds for flood damaged reservoirs in the Telangana region. I would like to know from this Government as to what happened to these assurances. They have given assurances that at least for this Telangana region these problems will be solved. But, nothing has been done. There are the issues of water shortage and development of Old City. The Government has provided Rs. 15 crores during 1992-93, Rs. 20 crores in 1993-94 and Rs. 15 crores in 1994-95, while the cost of the project is Rs. 640 crores. In the 8th Plan the Government has provided only Rs. 16 crores for bringing the Krishna Water. I would like to know from the Government...
that if such meagre amount is provided in the budget how long will it take for the Krishna Water to reach Hyderabad. According to their programme and according to their announcement it will take 2001 A.D. to bring the Krishna Water to the Twin cities. According to the estimates if it is 2001 A.D atleast it will take another ten years. According to the budget provision if 15-20 crores of rupees are provided it will take thirty years to reach Hyderabad. One earlier Chief Minister said that he would bring water from Godavari to the Twin cities. The next Chief Minister said.....

Sri M. Narasimha Reddy:— Mr. Rasool Khan, it is not correct. We are taking loan from the World Bank and trying to complete it as early as possible. We have provided ....

Sri Mohammed Virasat Rasool Khan:— After getting the World Bank loan only for the Krishna Water Project the Government has announced that this Project will be completed in 2001 A.D. I am not saying that you are not taking the loan from the World Bank. After taking the loan from the World Bank you said that the water will reach the Twin Cities in 2001 A.D. What about the intermediary period between 1994 and 2001? There is a gap of seven years. Our Hon'ble Minister for Municipal Administration says that they get sufficient water. They may start giving sufficient water daily instead of alternate days. Moreover, they are giving statements that water is being given for three hours. Sir, actually, water is not being supplied for more than half-an-hour. A number of borewells have dried up. A number of wells have dried up. There is no pumping system.

WATER PROBLEM:

Sri, number of people from various states that is from Tamilnadu, Calcutta, Bombay are settling in Twin Cities. A number of people from Royalaseema—Andhra Region also settling in Twin cities. We are discussing the problems of Royalaseema—We are discussing the problems of Andhra—but nobody is bothered about the Telangana Region—nobody is
bothered about Twin Cities - whereas thousands and thousands of people are coming and settling in Twin cities. I have observed when the other parties are speaking about nobody is bothered about the Twin cities. Nobody is bothered about the Capital City of Andhra Pradesh.

Now, Sir, there is a conspiracy going on - the Centre is seriously considering to shift the Capital City of Hyderabad to Visakhapatnam. Sir, a conspiracy is going on to shift the Capital city of Hyderabad to Visakhapatnam and a number of projects have been sanctioned by the Union Government for the city of Visakhapatnam.

(Interruptions by Shri M. Narasimha Reddy)

URDU MATTER

Mr. Speaker:- You have to complete it please.

Shri Md. Virasat Rasool Khan:- Sir, there is provocation from that side. Please ask them to stop it. Sir, I can also give them suitable reply - but they are senior Members - they are Hon'ble Ministers - and my parents have taught me to respect all the elders, irrespective of their status.

Mr. Speaker:- Yes - Sri Masquati also said that within the schedule time given one should complete. Will you complete please?

Sri Md. Virasat Rasool Khan:- Financial Problems of the Government:

All the departments are empty Sir - no department has got funds. All the Budget and everything is only on paper - nothing has been sanctioned. New projects have not at all been sanctioned. All the departments starting from Weights & Measures; Excise; Police and various other departments have been given secret instructions by the Government. They have
been told - "Go, book the businessmen, do anything - beg, borrow or steal - but you must get certain amount every month."

Sir, you go to the twin cities - you will find the traffic inspector standing on the road. He is not bothered about the traffic. They are not bothered about the traffic congestion. They just park their motor-cycle on the foot-path and they are just booking scootorists and auto-riksha fellows because the Government have asked them; the concerned D.C.P., Traffic has asked them; to give atleast one lakh rupees towards the challan amount to the Government; so that they can pay the salaries from the challan amount collected by the Department - various things are being done by the various departments - instructions have been issued to the various departments to go and ook the culprits; book the businessmen - book the traders; everybody - to just get the amount.

RECRUITMENT IN POLICE DEPARTMENT:

Sir, earlier there was some percentage for recruitment in the Police Department - leave alone the police department in no other department you will find minorities. Recently recruitment has been taken place in Police Department. Thousands and thousands of police constables have been recruited. I wanted to know from the Government as to whether one percent of muslims have been recruited. Sir, no muslim - no one from minorities who was in the Home-guards, even though they went to the interview, was not allowed to appear for the written test. I wanted to know as to what will happen to them. What is happening to the minorities? Why the recruitment of minorities is not being done in various departments? For example, there is no muslim D.C.P., in the entire twin cities. There was a muslim D.C.P.(DD) who was removed. He was a D.C.P. (DD) belonging to the minority community. He has been removed. There was a D.C.P., (Traffic) belonging to the minority community - he has been removed. There was an additional Commissioner a muslim - was posted in 1990 and within
fifteen days, he was transferred from that post. Why they D.C.Ps. are not being posted in Twin Cities? Because if the Muslim D.C.P. is appointed in twin cities, he has to attend to the Law & Order meeting with the D.C.P. - he has to attend the Law & Order meeting with the Home Secretary; he has to attend the Law & Order meeting with the Hon'ble Home Minister. They (the Government) do not want any minority one to be present during the meetings and they don't want the minorities to know as to what action the Government it going to take against the minorities. Sir, this is the reason, why the minorities are not being posted in the Police Department - and that is why we are not holding good posts in the Police Department. Even Police Constables are not recruited. Then, where is the question of big officers being posted Sir?

There are various Committees in the State Legislative Assembly. Please, you tell me Sir, as to where the MIM - M.L.A. has been appointed, No MIM-MLA has been appointed to any Committee either as Chairman or as a Member.

There are various Corporations. When there are various corporations, please, Sir, you show me one Corporation wherein the Minority Member, atleast belonging to the Congress Party is appointed, No minority member has been appointed as Chairman of any Corporation.

Incidentally, the A.P. State Minorities Finance Corporation they are mere to appoint a muslim and except for the A.P. Minorities Commission, where you have to appoint a minorities - only in these two Corporations minority members have been appointed and there are no other minority members. There are two Muslim Ministers and they are not of Cabinet Rank Sir. They can attend the Cabinet meetings - that is all. They cannot ask for the files from the other departments. Why they should not be allowed to see the files of other departments? I do not understand, why a muslim, why a minority community member is not made the Minister of Cabinet Rank? Why? Are they not efficient? Are they not competent? Why the Minority
community member is not appointed as a Minister of Cabinet Rank Sir?

LAW AND ORDER:

Sir, a number of muslims - minority community people, have been booked under TADA and that they are being booked, stating that they are connected with the ISI activity. They are booking quite innocent people and they are being tortured for months. They have been beaten in the police stations. Sir, just bogus and false cases have been booked against them. There are a number of times, where the Hon'ble Chief Minister has said to drop the cases under TADA and see that TADA cases have been dropped. Sir, in December, 154 people died because it was dispute - it was not a communal fight - but it was a fight of a Chief Minister. They wanted to remove a Chief Minister and bring a new Chief Minister and we, the minority people were made scape-goats and Golconda and Lungar House have figured, which was a clear cut fight between the Police and the Military - and unnecessarily we were dragged in between - and all poor people were wounded Sir, because the Sub-Inspector of Police, Lungar House Police Station did not book the case when the Army officers come and said it was a case of kidnapping. Because of the fact that the Police Officer did not book the case, there was a fight between the Police and the Military and we were made scape-goats - our houses were burnt - our properties were burnt.

Sir, earlier in 1970 when the Congress Party Government was in power, they have dissolved the Municipal Corporations. After 16 years the Municipal Elections were held in the twin cities Sir. That also, when the party went to the High Court and got the Orders from the High Court that Municipal Elections should be held. Sir, during that period, in the Municipal Corporation, we were in power - we were the ruling party and our party was in power in the Municipal Corporation and in 1991, that period ended. During the last three years, we have been asking (the Government) to hold the elections. For
some reason or the other, the Government is not doing so. Firstly, they said, they have gone against the High Court Orders and they have gone to the Supreme Court and in the Supreme Court order, they said that they would hold the elections in the month of May. Sir, suddenly they took excuse on Nagar Palika Bill. Now the Nagar Palika Bill has also been passed - now the Municipal Bill amended has been also passed again they say that "Within one year we will hold the elections." Sir, thousands and thousands of muslims' names have been deleted from the Voters List. Strict instructions have been given to the Commissioner of the Municipal Corporation of Hyderabad to delete many voters' names from the Voters List and the most affected are - we - the minorities have been affected. Thousands and thousands of names have been deleted from voters list.

Sir, the elections are not going to be held on party symbols. The Congress Government thought, the independent candidates would fight the elections and after they won the elections, the Congress Government will pay them and get them to their side.

RESERVATIONS OF SEATS:

Sir, reservation is there for women. Reservation is there for S.Ts. Reservation is there for S.Cs., Reservation is there for B.Cs and there is no reservation for Minorities and when we asked about this matter, they say that the Constitution has to be amended. We requested to include minorities in the B.Cs List. Sir, Kerala Government, Maharastra Government, Karnataka Government and a number of Governments have included the minorities in the B.C. List.

Sir, under the reservation, when the first elections of municipal corporation - when our municipalities were held the elections, nothing will happen to the minority candidates - but when rotation of wards took place, the entire reservation of muslim dominated area will be reserved for SC - ST
women and this is the thing happening. If these things are happening what should happen to the MIM party? What is happening to the minority community? Who will contest the elections? Sir, this is a serious matter and when we talk for our right - when we talk for the justice, we are named as Communalists - they tell us we are communalists. When we talk and ask them for justice, when we want our right - powers - when we talk to them and asked for those things, we are branded as Communalists.

Whenever there are problems, the Opposition Members tried to fight from morning till evening to fight for their problems. We want to point out that a number of Assurances have been given on the Floor of this House - and out of hundred assurances for example, ninety assurances are not being implemented. Earlier, they use to implement the assurances Sir. But now the bureaucrats are laughing at us - they say that the Assurances have been made but no orders no written orders have been given to the officers concerned. Sir, they are laughing at us when we go to tell them that certain matter had been raised and the concerned Minister had said that it would be implemented - they (the bureaucrats) were laughing at us stating that no orders were issued to them.

Earlier, when the Congress MLAs., used to raise the matter either on Telangana Region - or the problems on Water or on any problem - Sir, immediately the Government got frightened of the Congress M.L.As., and either they were made Ministers or they are made as Chairmen of some Corporations. Sir, we the opposition have to fight out our problems - even then our problems are not being solved.

Sir, I am coming to the minority problems which is a very very important matter. G.Os. No.524 and 526 were issued by the Government regarding the Minority Educations Institutions. All the

(Mr. Deputy Speaker is in the Chair)
concerned people of the minority institutions went to represent the earlier Chief Minister and the present Chief Minister - and we told that the G.Os. 524 and 526 are badly affecting the (interests of) minority institutions and we wanted justice from them.

Deputy Speaker: - You have been given enough time please. Conclude it. Now Sri K. Rosaiah will speak.

Sri Virasat Rasool Khan: - No Sir - all persons were given each one hour time. I am raising problems of minorities Sir, please give me ten minutes more time please. What is this Sir?

Sri K. Rosaiah: - Mr. Masquati has already told. Let him complete it Sir.

Mr Deputy Speaker: - I have already informed you. Please complete within two minutes.

Sri Virasat Rasool Khan: - Sir, the present Chief Minister has given G.O.No.1 dated. 1-1-1994 and he said this is a New Year Gift to minorities but unfortunately Sir, this gift has gone into a curse to the minorities. This G.O.No.1 is about the National Education Policy 1986 and this G.O. is against the Supreme Court Judgement, given to the Minority institutions. This G.O. is against the orders and guide-lines given by the Human Resources Ministry, New Delhi and it is fringing the rights of all the minority communities. So, Sir, this G.O., has to be immediately amended.

About the Selection Committee and Governing Councils - these two powers have been given to the minorities. But now, even the minorities they cannot select their own staff even after forming the guide-lines of the Government. And the Government is interfering in the matter of Governing Councils. They use to administer and they used their decision. Sir, that power can also be withdrawn from the G.O.No.1. Sir, the
Hon'ble Chief Minister is clear in his mind but the bureaucrats are misguiding the Hon'ble Chief Minister and this G.O. has to be immediately amended.

**URDU ACADEMY:**

Sir, for the Urdu Academy no funds have been given and a discarded Congress M.L.A. and M.P. has been appointed to this Urdu Academy. No work is being done Sir.

About Minority Commission, Statutory powers have been given to the Minority Commission. But when certain recommendations have been given by the Minority Commission, no recommendation has been agreed or implemented by the present Government.

Sir, the A.P. State Minorities Finance Corporation is given Rs.1 crore Budget and the Chief Minister has increased this to Rs. 2 crores and out of that only Rs. 40 lakhs are going for the salaries. We request the Hon'ble Chief Minister to atleast allot the budget of Rs.10 crores. S.C.Corporation - S.T. Corporation - and B.C. Corporation is there and the S.T. and S.Cs. Housing Corporations are there. We are for S.Cs., and we are for S.Ts and we definitely want you to give more facilities for them - but I want to know from this Government as to why there is no Housing Corporation for the Minorities? Why there are no student's hostel for minorities? Why there is no Residential School for Minorities?

Sir, I want this Government to announce the A.P. State Minorities Housing Corporation for Minorities. HUDA is constructing flats and houses. The A.P. Housing Board is constructing houses. The Andhra Pradesh Housing Corporation is constructing houses. Sir, you please show me, whether even one percent of the Muslims have been allotted any HUDA houses? Neither of them - not even the Housing Board Houses
nor the houses from the Housing Corporation are allotted to minorities. Pattas are being given. Nor we have been allotted from the rural housing scheme - nor from the Urban Housing scheme - no minorities have been allotted Sir.

Sir, a new Ministry for the Minorities Affairs have been created. The Government has taken a good decision. They have created a new Ministry for Minorities concerned. But there are no powers. No funds have been given and it has become a white elephant.

Sir, I want the Government to give powers to this Minorities Affairs Ministry and the financial powers and problems of minorities institutions should be handed over to this Minority Affairs Ministry.

(Interruptions)

Sri Mohd. Virasat Rasool Khan:— Why not we be given time when they have been given much time? (He was shouting at Sri K. Rosaiah).

Sri K. Rosaiah:— Please don’t shout at us. Please try to behave. Please do not shout at me. You ask your leader.

Mr. Deputy Speaker:— Your leader has already agreed for fifteen minutes. Yes, Mr. Rasool Khan.

Sri Mohd. Virasat Rasool Khan:— In the case of Wakf Boards Sir, all other State Governments have given the grant-in-aid to the Wakf Boards. But, no grant-in-aid has been given by this Andhra Pradesh State Government to the Wakf Boards. With the grant-in-aid, if given by the State Government they can construct their own complexes.

According to the survey carried on by the External Affairs Ministry and the human Resources Development Ministry of the Government of India in the entire country, as for
as educational field is concerned, minorities are far backward than the S.Cs., S.Ts., and the B.Cs. Let there not be any restriction of giving one acre of land for the construction of an educational institution. How much costly one acre of land in the twin cities? It is not less than 9000 sq. meters and the cost of construction of 250 sq.yds. will go to some lakhs of rupees. I have requested the Education Minister many times. He never takes care of it. He has never visited the old city.

This is the photograph of the examination hall where girls of tenth class are sitting for three hours to write their examinations. I am sending this photograph. When I asked him as to what is this situation, he says 'you have to be thankful for it, atleast, they are sitting.' How can those girls sit for three hours sir on the floor to write their examinations? I do not understand how they will sit for three hours and how can they write.

Sir, many mistakes have been committed in the B.Sc., B.A. and B.Com. Examination Papers. You can see it into-day's paper. You have to remove the Vice Chancellor immediately. He is not at all competent. He is not available on the phone. Thank you Sir.
